

Europe Buying Canadian Wheat Stimulates New Grain Advances

Three Million Bushels Taken

CHICAGO, Aug. 12.—(AP)—Stimulated by heavy purchasing of Canadian wheat and by renewal of decidedly unfavorable harvest weather in Europe, Chicago wheat values soared 2 1/2 cents today.

Some estimates were that about 2,000,000 bushels of wheat in Canada had been bought today for export, on top of 1,000,000 bushels taken yesterday.

Wheat closed firm at virtually the day's top level, 1 1/2-2 1/2 cents above yesterday's finish. Sept., 110 1/4-5/8, Dec. 110 1/4-5/8, May 109 3/4-5/8; corn 5-5/8-2 3/8-5/8, Sept. 106-106 1/4, Dec. 94 1/4-5/8, May 90 1/4-5/8; oats 1 1/4-5/8 advanced, Dec. 43 5/8, and rye showing 1 1/4-1 1/2 bulge, Dec. 78 1/8-5/8. Provisions results were unchanged to 32 cents higher.

Politics Factor

Unusual sudden strength displayed by wheat markets both at Liverpool and Winnipeg led to a suggestion in some trade quarters that this was responsive to a serious turn in European political events.

Liverpool wheat, however, finished at something of a setback from the day's top prices.

Chicago option prices led the Chicago upturn of prices today, amounting to \$1.10, in contrast with \$1.08 1/2 at yesterday's close.

Corn, rye and oats borrowed strength from wheat.

Provisions took their cue chiefly from hog market upturn.

Small Towns to Go, Says Report

BROOKING, S. D.—(AP)—Indications that the small town is doomed in South Dakota are reported by the state planning board.

Commenting on a drop of .8 per cent between 1930 and 1935 in population of incorporated rural villages, the board observed: "That the place of the small town as a service center for South Dakota communities is declining is a matter of common observation. Improved methods of transportation and communication together with rural free delivery, have made it not only possible but desirable for farmers to do most of their shopping in larger centers with a subsequent loss to the small towns.

"This has important implications for programs of public construction."

Leg Is Fractured by Fall From Load of Hay

LEBANON, Aug. 12.—Billie Lindsey, son of Mr. and Mrs. Laman Lindsey, suffered a fracture of his leg Tuesday morning when he fell from a load of hay.

The son of Mr. Helms of Albany underwent tonsilectomy operation Tuesday morning at the Lebanon general hospital.

The condition of W. Dorsey, Crown Willamette paper mill employe, who was seriously injured Saturday, remains about the same.

Threshers Operate

ZENA, Aug. 12.—Nine threshing machines operated by Woelf, Linstrom, Merrick, Wilson, W. D. Honry and W. Frank Crawford, Jesse Walling, Charles McCarter, S. H. Barker and W. W. Henry, Stratton, Marx, and Fiedler are at work in this section of the county. L. R. Utterback is operating his combine in and around Lincoln.

General Markets

PORTLAND, Aug. 12.—(AP)—Produce exchange net prices: Apples—Extra, 100 standards 84 1/2; prime firsts 34; firsts 23; butterfat 87-89 1/2.

Large extras 27; medium 25; small 23.

Steel Outlook Firms Stocks

NEW YORK, Aug. 12.—(AP)—After vacillating in early trading the stock market made up its mind today and moved ahead for gains of fractions to 2 or more points.

Kindling general buying enthusiasm from time to time were the steels, rails, industrial specialties and non-ferrous metals.

Measured in terms of the Associated Press average of 60 shares, the market advanced .4 of a point to 89.4. Transactions increased to 1,261,070 shares from 1,105,820 Tuesday.

Steels found their followers optimistic after reading the weekly review of "Iron Age" which forecast relatively steady operations holding through this month and into September despite automobile model change-over.

U. S. Steel at 68 1/2, Bethlehem at 61 1/2 and Crucible at 44 1/2 were in the forefront of the steel advance, with gains of 1 to nearly 3 points.

Stocks up fractions to more than a point included American Can at 12 1/2, Western Union at 8 1/2 and New York Central at 43.

Drowns Boy, 7

Gordon Bailey
Accused of the drowning of his cousin, Richard Hoanahelt, seven.

Churches Gather For Campmeeting

JERFUSON, Aug. 12.—The churches of God are holding their annual camp meeting at Camp Santiam camp grounds. The meetings will continue until August 16. Speakers will include Andrew N. Dugger of St. Joseph, Mo., Ed Severson of Oklahoma, and Herbert W. Armstrong, the radio evangelist.

The Mannings report a visit with Rev. Henry Peiterson, who is vacationing at the beach. Father Henry was pastor of St. Louis parish around 15 years ago, and is now stationed at Maryhurst.

Steele's Youngest Chief Self-Made

Tom Millsoop, President of Weirton at 37, Started at Common Labor

WEIRTON, W. Va.—(AP)—Tom Millsoop left school early, worked late and married young. Today, as T. W. Millsoop, 37, he is the youngest president of a major steel corporation in America, Weirton Steel, with an employment roll of 14,000.

His rise has been likened to that of Charles M. Schwab, a steel man from the ground floor up. Millsoop went to work in the mills at the age of 15, quitting school in the eighth grade. He worked 14 hours in the night shift.

"When the weekend came," he recalls, "we worked both shifts. I got the work habit then and never have had a chance to change."

War Veteran
During the war he served with the Canadian and American air services. He married at 19, before leaving the army, and has two daughters, Joan, 15, and Betty, 17.

He likes to hunt gray fox with gun and dog, plays golf in the 21s, and plays the piano, "just by ear."

His office here contains three large desks, all clear except for a scratchpad and picture of his late predecessor, J. W. Williams, who died several weeks ago.

"We've got a young organization, closely knit," he said, explaining the cleared desks. "We eat lunch together. There's no delay on decisions. We get them over and move on to new things."

"Super-Salesman"
Known to the industry as a "super-salesman," Millsoop says: "I always wanted to sell. I studied selling. After the war I was purchasing agent for the Standard Tank company. I found purchasing and selling closely related. Later I was a salesman for a Cleveland scrap iron company. I made friends, and one of them told me to work for him in 1926."

E. T. Weir in chairman of National Steel, \$155,000,000 parent of Weirton Steel.

Speaking of his organization Millsoop said:
"No one man can make a success of an enterprise. Mr. Williams built an organization of key men through the years by proper selection and the organization remains. That's the way I hope to carry on."

Millsoop is credited with having been a major factor in National Steel's record earnings during the depression years. He took over his new post just as John L. Lewis' 1935-1936 Homesteaders' half hour. 6:30—Farm hour.

South Sea Tariff Handicap to U. S.

PAPEETE, Tahiti.—(AP)—A tariff so high as virtually to exclude American automobiles has just been adopted in the French settlements in Oceania. There are many cars in Tahiti and other South Sea islands—and most are of American manufacture.

Greatly increased duties
