

Landon Ahead On First Poll

More Than 2 to 1 Margin Over Roosevelt, Four Eastern States

NEW YORK, Sept. 3.—Governor Landon leads President Roosevelt by over two to one in the first scattered returns from four eastern states—New York, Pennsylvania, New Jersey and Maine—in the Literary Digest's presidential poll.

The combined vote, being published in the Literary Digest issue of September 5, shows 16,056 votes for Landon and 7,645 for Roosevelt.

The magazine states that none of the ballots came from New York City, Philadelphia or Pittsburgh "where President Roosevelt's strength is claimed by so many political observers to be greatest."

Meager So Far

It cautions that the returns are meager and "only the first lot of hundreds of thousands to be received."

Out of 24,683 ballots, the votes for other candidates follow: Lemke (Union), 754; Thomas (Socialist), 109; Browder (Communist), 70; Colvin (Prohibition), 34; and "Others" (Socialist-Labor), 11; others, 10.

Landon's lead is greatest in Maine, 1,831 to Roosevelt's 522 votes.

New Jersey voters sent in 2,660 ballots marked for the republican candidate and 1,621 for the democratic nominee.

Early returns from New York show the president trailing with 2,724 to his opponent's 5,931.

Pennsylvania, one of six states for Hoover four years ago, gave 5,634 to its native son, Landon, and 2,778 to Roosevelt.

An analysis of how the same voters voted in 1932 reveals that each candidate is drawing nearly three-quarters of his strength so far from his own party supporters in the 1932 election.

The analysis of the vote for Lemke shows he is getting four votes from former Roosevelt voters to one from erstwhile Hoover supporters. But his total is only fractionally over three per cent.

"What the political dopsters will look for in this first tabulation," said the magazine article, "and those to come, are the switches from 1932.

"In Maine, the Barometer state, Landon gets 246 who voted for Roosevelt in 1932 as compared with 82 who then voted republican and now favor Roosevelt.

"In New Jersey, Landon gets 1,146 democratic votes while 599 who voted republican in the 1932 election switch to the president.

In Pennsylvania, 915 democrats vote for Landon and 509 republicans for Roosevelt."

Stockmen Oppose Low Meat Rates

PORTLAND, Ore., Sept. 3.—(AP)—Arthur M. Geary, Portland attorney, said today if the proposed rail rate reduction on meat from Chicago west brings shipping costs to a level lower than the corresponding rates on livestock, western lamb shippers would lose competition in buying their livestock with a resultant serious effect on the northwest lamb trade.

Geary, who recently returned here from Washington, D. C., said "Chicago packers are back of the proposed reduction."

Farmers and stockmen in 35 states, totalling 800,000, filed a petition with the interstate commerce commission in Washington yesterday opposing such reductions.

As Two Spanish Rebel Generals Were Doomed

Death sentences were pronounced on two Spanish rebel generals, General Goded, left, and General Durriel, right, when they were brought up for court martial trial at Barcelona, Spain. The trial took place aboard the old steamship, "Uruguay," stationed in Barcelona harbor.

Treasury Keeping Billion, Nest Egg

WASHINGTON, Sept. 3.—(AP)—Administration concern over conditions abroad was emphasized today by announcement from Secretary Morgenthau that the treasury will keep a cash balance of \$1,000,000,000 as "insurance" against "anything unforeseen."

Because of "times and conditions" abroad, Morgenthau said, the government will borrow \$400,000,000 this month rather than cut into the treasury's big working balance for current expenses.

The announcement was something of a surprise to financial quarters in view of President Roosevelt's recent statement that the cash balance would be curtailed.

Morgenthau said it cost about \$2,000,000 a year in interest to keep such a cash balance, but that it was a "very desirable thing to do" because such a reserve "is the safest insurance we can carry for the American people should anything unforeseen occur."

The \$400,000,000 of new money will be borrowed, Morgenthau said, at the same time the treasury refinances a maturing \$514,000,000 note issue September 15.

Utter on Finance Group For Party

PORTLAND, Ore., Sept. 3.—(AP)—Formation of a statewide democratic finance committee brought an expression of confidence today from Claude McCulloch, Klammath Falls, chairman of the state democratic central committee, that adequate funds would be raised for the forthcoming campaign.

Chairman of the finance committee is D. O. Hood, Portland. Members include Dr. Floyd Uter, Salem.

Reward of \$1000 For Brite Captor

YREKA, Calif., Sept. 3.—(AP)—Siskiyou county today offered a \$1000 reward for the apprehension of "dead or alive" of John H. Brite and Coke T. Brite, mountaineers sought for the killing of two officers and a vacationer.

Sheriff W. G. Chandler kept his posse on the lookout for the brothers in the area adjacent to the Oregon line. He also announced he had asked Governor Frank F. Merriam to authorize a state reward for the capture of each fugitive.

The provision "dead or alive" was inserted in the Siskiyou county offer at the request of William T. Davidson, chairman of the board of supervisors.

District Attorney James Davis stated the case would be presented to the grand jury which would be asked to vote murder indictments when and if the brothers are captured.

PORT ORFORD, Ore., Sept. 3.—(AP)—Flames destroyed the \$10,000 Dimmock lumber mill 15 miles south of this city. The fire was believed to have started from a sawdust dump. It was understood the owners, Los Angeles men, would rebuild immediately.

Quiet Prevailing On Strike Fronts

MINNEAPOLIS, Sept. 3.—(AP)—Quiet prevailed on all strike fronts today, giving rise to hope that efforts of federal conciliators to end the walkouts might prove successful. Two government negotiators studied the major disputes—that of the general truck drivers union 544 which has hampered delivery of grocery supplies and caused a shortage of some supplies at outlying stores, and that of the flour, feed, cereal, feed and elevator workers union, which has brought the flour industry to a virtual standstill.

But all mills in the industry—one of the city's major enterprises—except one, continued closed or were operating on a restricted basis.

Radio Repairman Suffers Collapse

Erratic Actions Declared Caused by Blow Upon Head; Recovers

Suffering from a head injury caused by a piece of steel thrown out by a broken lathe, C. G. Kuhn, radio repairman living at 1254 Elm street, collapsed at 7:30 o'clock last night while he was assembling a radio at the O. O. Barnes residence, 1160 South 14th street. Barnes, believing Kuhn had received an electric shock, called for the fire department inhalator squad and a physician.

After a hypodermis injection had been administered, Kuhn appeared to be dazed but otherwise recovered until he suddenly jumped from the Barnes davenport where the doctor was attending him, broke a way from firemen and a policeman and ran from the house. When Kuhn entered his automobile where his wife was waiting and drove rapidly away, the officer followed in a patrol car. He reported Kuhn appeared to have fully regained his senses when he caught up with him on Center street near Front.

The physician said Kuhn's head injury, evidenced by a large swelling above the right eye, apparently caused the collapse and subsequent erratic actions. Kuhn said he had been hit by a piece of steel at about 3 p. m. yesterday when his repair shop lathe broke.
