Some Stocks Reach 5-Year Highs as Business Pace Quickens

Rails Advance Day's Biggest

Profit-Taking Shaken Off For Most Part Though Setbacks Occur

NEW YORK, Sept. 8-(AP)-Business hopes brightened in today's stock market and a wide assortment of leaders pushed into new high territory for the past five years or longer with gains of fractions to 3 or more points.

Buying orders piled up over the weekend and for a while in the first hour the ticker tape was pressed to keep up with floor transactions. With Labor day out of the way, traders appeared to be reanimated by signs of a brisk fall expansion in industry.

There were several profit-taking intervals when the pace slowed appreciably, but the list as a whole shook off realizing without Tokays any great difficulty. While there were a number of losers at the finish, and some extreme gains were shaded, the more prominent stocks held around their best levels of the day.

Steels took command at the start, but the motors, oils, rails, coppers and specialties were quick to step well up into the front The Associated Press average of

60 issues was ahead .6 of a point at 69.2. The rails, up .4, established a peak for the year to date. Transfers totalled 1,716,000 shares, the largest day's volume since June 29.

Hostesses Are Named For Meeting of Aid

WOODBURN, Sept. 8-The Presbyterian Aid society will meet at the church Wednesday after- Carrots, doz. noon, September 9. Hostesses will Chard be Mrs. B. W. Dunn, Mrs. F. G.

Evenden and Mrs. J. W. Richards. Mrs. Wayne B. Tennant will have charge of the program and Golden Bantam ... Mrs. Elizabeth Van Wyngarden will lead the devotions. Members and friends are cor-

Rain on Harvest

Strength that developed in by the fact that the movement of Canada's new wheat crop is at the season's peak, Something of an offset, however, was word that Cycle Thief Dies, rains in Canada over the weekend would probably hamper threshing. Notice, too, was taken of dryness southwest, a condition adverse to the seeding of domestic winter wheat.

Fractional early downturns of wheat prices were promoted by attention given to nearness of the United States government crop report due Sept. 10, and to prospects that the Canadian wheat crop is going to be approximately 25,000,000 bushels more than was expected a month ago. On the other hand, late advances of wheat today were more or less due to the fact that the domestic wheat vis. ible supply total decreased 213,-000 bushels, against an increase of 2,437,000 bushels a year ago.

From an early low of \$1.09%, for Dec. wheat, the Chicago market rose to \$1.11%, but profittaking at the last caused a reaction to \$1.10 % - 78.

MICKEY MOUSE

Is Sold to Japan

PORTLAND, Ore., Sept. 8 .- (A) -Sale of 1500 tons of western selling price of 24 to 25 cents a white wheat to Japan was a feature of Pacific northwest grain

Receipts at Puget Sound and Columbia river ports remained large totaling 1419 cars. Light surrent offerings were the principal strengthening influences. Demand was somewhat less ac-

Barley markets held about steady. Supplies of good malting barleys have been considerably decreased following recent heavy buying for shipment to the middle west. The heavier movement eastward has been reflected by arrival of 357 cars at Portland since July 1, compared to only 46 cars in the corresponding period of last year.

Demand for Argentine corn continued active in Pacific northwest areas which offerings from local storage moving readily to mixed feed manufacturers. Most of the cargo received last week was applied on previous orders.

Inquiry in this area was quite active for oats testing 38 to 40 lbs, per bushel, for shipment to Atlantic seaboard market. Offerings of this quality were relatively scarce however. Trading are being urged to put up extra and movement were quite active at Portland.

Bertha Moen, 75, Dies at Monitor

10:00 Transcription Threshing Is Completed Broader Inquiry For Wool Noted 11:00-Ambassador orch, 12-Weather,

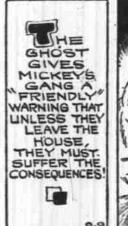

9:30-Drews, organ, 9:45-Hawaiian Serenade,

BOSTON, Sept. 8 .- (AP)- (USDA) The Boston wool market opened. following the holiday, with a somewhat broader inquiry for woolen wools and a rather quiet demand for the worsted type of rease domestic wools.

Mill buyers were inclined to wait further development in foreign wool markets and the domestic goods market. Quotations were steady to very firm on greasy domestic wools. Cables from Australia to private concerns in Boston reported a fair demand at steady prices compared with the closing prices of last week.
