# Huge Export Purchases Bring Record High, Canadian Wheat

## Three Million Salem Markets **Bushels Taken**

Chicago Mart Climbs but Drops; Close Tops Saturday

CHICAGO, Sept. 21-(AP)-Huge export purchasing of Canadian wheat accompanied record high prices at Liverpool and elsewhere today, but was largely offset here by a 4-cent corn market smash. Late estimates were that three to four million bushels of wheat

had been taken today for export from Canada, with Liverpool cables suggesting an approach to acute world scarcity. Trade advices stressed critical aspects of the political outlook in Europe, as well as increased forecasts of European breadstuff requirements and unsatisfactory crop prospects in the southern hemisphere,

Sharpest upturns of wheat quotations were at Liverpool, where the market closed as much as 31/4 cents up at the topmost point reached in more than six years. Drops After Boost

Wheat, after a rise of nearly 2 cents in Chicago, reacted at the last, closing nervous %-% above Saturday's finish, Sept. 1.14%. Dec. 1.13%-%, May 1.12%-78; corn %-4% down, Sept. 1.11-1.11%, Dec. 94%-%, May 891/2-%; oats 1/4-1/4 off. Dec. 42 1/4, and rye unchanged at Q X W higher, Provisions results were unchanged to 27 cents low-

Heavy selling to realize profit in the Chicago wheat pit wa largely responsible for late read tions of wheat prices, aside from corn market unsettlement.

Liquidation by holders of cor was induced a good deal by prox imity of the time for month-en deliveries. Oats weakened wit corn. Rye traders took their cu mainly from wheat. Provisions reflected downturn

## Nip and Tuck **Battle Staged**

Stock Average Ends Sans Change; Tranfers Are High

NEW YORK, Sept. 21.-(AP)-Recovery forces pulled their punches in today's late stock market dealings and the price contest ended with a draw decision.

While low-priced utilities and specialties held gains ranging from fractions to 2 or more points, many of the leaders were unable to get ahead and a few were knocked over for substantial

losses. The Associated Press average of 60 stocks was unchanged at 68.4. Transfers totaled 1,767.170 shares the largest day's aggregate since July 29, last. It compared with 1,276,070 Friday.

International Nickel held a International Nickel held a S. S. Convention 6-year top. Soaring prices of platinum, of which this concern is a large producer, revided interest in the stock.
