Advertising Law Changes Opposed

Opposition was expressed Friday noon at the meeting of the Salem Ad club to the proposed amendment to the state constitution which provided for a radical change in advertising and at the same time repealing all of the provisions on advertising as provided by the state state constitution.

The club had discussed this proposed amendment at a former meeting but did not take action until yesterday noon. Several weeks ago the Business Men's League had expressed disapproval of the proposed amendment to the constitution.

The club's objection to repealing all present law on advertising and substituting the proposed amendment is the fact that while it mentions truthful advertising, the general opinion is that advantage could be taken of such a law and advertising mostly would be part truth and some fact, and thus stated would be wholly misleading.

Another objection of the Ad club to the proposed amendment to the state constitution is that all legal restraint would be removed from a wide range of every-day advertising.

Street Ordinance Comes up; Rarity

The city council next month will be called on for the first time in four years to pass a street assessment ordinance, Deputy Recorder Alfred Mundt announced yesterday. At that time the city street department's bill for \$157,225 for paving Fairmont avenue for one block north from Lincoln street will be submitted for approval. The city's last previous paving job was on Cherry avenue in 1932 Mundt said.

The Fairmont paving job's cost ran \$252.25 above preliminary estimates, largely due to rock encountered in grading operations. The grading cost \$552,99, curbsins \$206.38 and surfacing \$670.85. The \$1572.25 cost figure represented actual cost plus 10 per cent for supervision and incidentals, as provided by the city charter.

Advertising Plan Is Hurst's Topic

A. E. Hurst of Portland discussed advertising before the Salem Ad club yesterday noon, outlining the policies getting out for stores, large and small. The essentials are, he said, "plan your work, and work your plan." He gave a chart covering preparation and presentation of an advertising program for stores.

Newspapers are the approved medium, he said, getting 60 per cent of the dollar spent by retail department stores in 1935, while direct-by-mail got three cents and radio one cent.

Hurst now instructs in advertising in Behnke-Walker business college. He got his first merchandising and advertising experience in Salem. He was once advertising man for the old Meyers store and was partner in a men's toggery here. He became connected with trade publications and for years assisted in plans for store promotion.

Gram said he had received reports that several head of livestock had been killed by improperly constructed electrical fences.

WHY PUT UP WITH PIMPLES, WRINKLES AND A SALLOW SKIN?

So many women throw their charm and beauty away—look years older than they are—because they neglect common-sense. They forget that badly balanced meals, over a period of years, can change how they look and feel.

Often their menus lack the "bulk" needed for regular habits. Then constipation, the beauty-killer, sets in. Other effects may be headaches, listlessness, sleeplessness.

Get "bulk" back into your meals with a delicious cereal: Kellogg's ALL-BRAN. It absorbs moisture within the body, forms a soft mass, gently cleanses the system.

Just eat two tablespoons daily, either as a cereal or in cooked dishes. ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company. Sold by all grocers. Made by Kellogg in Battle Creek.

Liquid Off Pickles is Potatoes' Flavor

The liquid left from pickled peaches gives flavor to sweet potatoes. Parboil the potatoes in clear water until beginning to soften, then drain. Put in a buttered baking dish with the spiced liquid and bake until done. Baste frequently. Sprinkle with brown sugar to glaze if necessary.

Salad Fills Center of Meat Rings

If meat loaf is baked in a ring mold and the center filled with either a hot salad or a vegetable, there's an attractive arrangement ready. Fewer dishes to wash too.

Date bread sandwiches, with just butter as a filling are practical for parties. Vary the breads and you'll spend less time on the fillings.

South Seas Trip Review Heard By Club

MANY are able to travel but few share their trips with friends and acquaintances. Mrs. Marie Flint McCall is one of those fortunate travellers but she is also a generous one as evidenced by her graciousness in reviewing her trip to the South Sea Islands.

Members of the Eastern Star were enthusiastic listeners at their meeting on Tuesday night and the Dayton Study club will be favored on Friday. Later, Mrs. McCall will speak before a women's group in Jefferson.

Circumstances timed Mrs. McCall's trip so the party was able to see several events of special interest.

Leaving Vancouver the party headed toward Honolulu on the first step of the eight weeks' trip, and after a few days at this port, journeyed on to Suva.

After a trip around the islands they were entertained at a Meke in honor of the hockey team which was to sail the next day. This Meke is a form of entertainment and was made up of many folk dances of pot dancers in costume.

Visited Friends
The city of Auckland in New Zealand was the next stop and after a few days' sightseeing the party went on to Sydney, Australia. At Melbourne and on her return again to Sydney, Mrs. McCall was fortunate to be entertained by friends. A few days later the tour took the party back to New Zealand where several of the party hired cars and drove to a tour of the two islands.

At Rotorua they visited the famous glow-worm caves and saw mud springs and geysers, interesting but less colorful than our wonders of Yellowstone.

At Mt. Cook, highest mountain of the islands, a skiing tournament was in progress with famous skiers from Europe and America performing. A large ice rink was another attraction for the visitors. Christ Church, another city visited on their auto tour is famous for its 26 bridges that cross the river Avon within the limits of the city. Here the party was privileged to see La Meri one of the world's famous dancers who represented 15 countries in her dances, wearing native costume of each.

At Raratonga island, famous for its high tides, it was necessary to land in small boats. Tabiti the next stop was the only island visited which is ruled by the French government. After seeing the wonders of this famous island, the homeward journey began and the ship soon docked at San Francisco.

Onions, Apples, Radishes Mix in Salad

Onions, radishes and apples make a crisp combination for either jellied or plain salad. Sometimes it's a good plan to jell any leftover mixtures right after the meal. This keeps the ingredients from losing their crispness.

Question Box

PLEASE tell me the significance of the fifth wedding anniversary and give suggestions for gifts. Mrs. L. J. S.

The fifth anniversary is represented by wood and it's easy this year to find gifts. There are wooden salad bowls, salad knife and spoon sets, or plates for lower priced gifts. Then there are larger plates and bowls, cheese trays, book ends, small pieces of furniture and book shelves or what-nots.

Is there any remedy for salty food? R. S.

I've heard it said that the addition of sugar in small amounts will relieve the saltiness of food. I suggest about 1 teaspoon to 1 quart of gravy, soup or any similar dish. This will probably help if the food is only slightly oversalted but I am sure there is no hope if you've been too generous.
