Improve System, Banking by Mail

Adoption of a new and improved Bank-by-Mail service for patrons of the Salem Branch of The United States National Bank of Portland was announced Monday by Mr. D. W. Eyre, branch manager.

"To accommodate those of our customers who do not always find it convenient to come to the bank in person, particularly customers living out of the city, we have instituted a new system which has proved very effective with leading banks in some of the eastern centers," said Mr. Eyre.

"The outstanding feature of this system is a deposit-by-mail envelope—one unit which embraces everything needed for banking by mail. It is deposit slip, envelope, and receipt all in one. The flap of the envelope returns to the customer as a receipt for his deposit."

Mr. Eyre pointed out that financial service has kept pace with other services in adopting many modern improvements in recent years. The United States National Bank of Portland seeks to be a leader in this respect, instituting new facilities for its customers as such facilities are proved to be better and practical.

GREATEST FINISH UNDER FIRE IN GOLFING HISTORY: Tony Manero came through with a spectacular 282 to win the 1936 National Open Golf Tournament. His digestion stands the strain. As Tony says: "I'll go on record as one who thanks Camels for stimulating digestion. I enjoy food more—and have a feeling of ease afterward when I enjoy Camels with my meals. Camels set me right."

CHAMPION BOWLER, Johnny Murphy says: "Smoking Camels at meals and after works out swell in my case. Camels help my digestion. After a meal and Camels, I really enjoy life."

ALL-AROUND ATHLETE from Texas, Miss Mary Carter says: "Since I've learned how pleasant Camels make my mealtime, I wouldn't be without them. They never get on my nerves."

FOR DIGESTION'S SAKE ... SMOKE CAMELS!

WHETHER YOU ARE CATCHING A QUICK BITE OR DINING IN STATE—

Camels increase digestive activity—encourage a sense of well-being!

WITH healthy nerves and good digestion, you feel on top of the world. When you smoke Camels with your meals and after, Camels help in two special ways: Tension is lessened and Camels promote digestive well-being.

So enjoy Camels between courses and after eating. Strain eases. The flow of digestive fluids, so vital to proper nutrition, is speeded up. Alkalinity is increased. Food tastes more delicious and you get more good from what you eat.

For good cheer—for invigorating "lift"—for matchless taste—and "for digestion's sake"—the answer is Camels. Camels set you right! And they don't get on your nerves.
