Over Million Will Greet Him at Los Angeles; Reception Slated

Secret Negotiations for Trade Treaties Draw Leader's Attack

LOS ANGELES, Oct. 19 .- (AP)-To the land of great crowds, Gov. Landon comes tomorrow to make his only west coast speech as republican candidate for president. Southern California is the

"turning out-est" place in the Public events frequently draw attendance greater than the population of the state of Nevada -and Governor Landon's unexpected decision to come west has restirred preparations for a reception of major caliber.

More than a million persons are expected to see him during his 10 1/2 hours here.

ABOARD LANDON SPECIAL, EN ROUTE TO LOS ANGELES, Oct. 19 .- (AP)-Gov. Alf M. Landon led his presidential campaign down the Pacific slope tonight, promising "to do all in our power" to revive foreign trade and contending new deal policies of "economic nationalism" are "dangerous to America and toworld neare '

Speeding toward Los Angeles, the nominee said the Roosevelt administration had "fumbled" its 1933 opportunity at the London economic conference to break the trend of economic isolation "which has been spreading over e world and may shortly trans-Irm economic warfare into actual

"We republicans," he said "will so conduct the reciprocal trade negotiations as to reopen foreign trade channels in such a way as not to penalize the American farmer or the industrial producer and workman. This can be done, and it will be done once I am elected."

Constitutional Government Pledged

The Kansan coupled his attack on new deal farm and tariff policies, with a pledge that "once I am elected president the American idea of a constitutional government of personal freedom will be preserved, come what will."

After a day's travel across dusty New Mexico grazing plateaus, Landon paused before crossing the continental divide into California to tell an Albuquerque audience: "Men and women who live

their lives in the wide open spaces-on the plains and in the hills - particularly resent regimentation and dictation from

it is becoming more and more an allotment of \$50,000. clear that it is a clash of two that politicians know best what is good for you and should run Barber Slain by your lives out here in New Mexico from a swivel chair in a Washington bureau; the other, that you are still capable of selfgovernment. Aldermen Reject Milk Survey Here

A proposed federal survey of Salem's milk inspection service was rejected by the city council last night after Alderman W. H. Dancy reported dairymen claimed the survey "will result only in a raise in milk prices." Dancy said he was advised reports from a similar survey were in part the reason for the attempted boost in Portland's milk prices.

Authority to have the survey conducted here at no expense to the city was requested by Dr. E. E. Berg, acting city health officer.

Aldermen Bet Hat **Upon Water Raise** Next Three Years Dedication Plans

Someone is going to win a hat but when is the question. It all depends on whether or not at some indefinite future date Salem is forced to raise its water rates.

Arguing over pipeline bids last night, Alderman Fred A. Williams suddenly turned to Alderman Brazier C. Small, spokesman for the water construction committee, and said:

"I'll wager you, Judge Small, one good hat that three years after you and your cohorts are through with this, that we'll have to raise water rates." "Accepted," Small responded,

Raised as City Budget Is Cut

Three Employes Receive Boosts; Items Lower in Six Instances

Radio Operators, Second Assistant Engineer Get Only Raises

The tax to support Salem's municipal government in 1937 was reduced \$6124.50 by the city council last night at the same time that salaries of three minor employes were raised above the budget committee estimates. The reduction was made possible by effecting six random cuts ranging from \$50 to \$1062 in individual items and raising the estimate of non-tax receipts from \$21,500 to \$24,000.

The aldermen granted pay increases to the two police radio operators, in effect from \$100 to \$125 a month, although a fraction of the boosts were disguised as radio repair service, and to the second assistant city engineer from \$110 to \$115.00 a month.

The six reductions were: emergency fund, \$1000; fire department new hose appropriation, Service Station \$350; bookkeeping machine rehose, \$50: lien forecloseures,

Fund for Probes Opposed, Stays in

commission had no investigative Alderman H. H. Olinger, who several months ago served on a citizens' fire department investigatmission was the only agency which had sufficient power to make such investigations.

The total budget now stands at \$377,965.43, of which \$553,965.-43 will be raised by taxation. The levy is divided between \$137,380 .-21 for debt service and special charter taxes and \$216,965.43. The total city tax for 1935 was \$330,016.51.

Are Taking Form this year and raise the year's outlay for new dwellings of \$250,-

Arrangements for dedication of the new dormitory at the Oregon School for the Blind next Sunday, were furthered by members of the state Lions club committee in charge on Monday when they announced an open house from 1 to 4 o'clock, with classes at the blind school in session by special arrangement, and Lions club members coming from all sections of the state.

The brief dedicatory exercises with members of the state board of control taking part will be at 1 o'clock. Mark Shoesmith, blind art student at the University of Oregon, will bring the bust of B. F. Irvine, blind editor and Lions club member. Unveiling of this bust will be a feature of the exercises. The dormitory is to be dedicated to Mr. Irvine. Wallace Bonesteel of Salem is chairman of the dedication committee and Harry Scott of the committee representing the Salem den as hosts to visiting Lions. Ralph H. Kletzing, district governor, has broadcast an invitation to all clubs in the state.

Midnight Tooting Of Switch Engine Music to Olinger

Freight engine melodies! They out you to sleep. The railway companies will find

new advertising field if they discover many people like two of Salem's leading councilmen. The toots and puffing of steam locomotives are music in Alderman H. H. Olinger's ears, he av-

erred, to the amusement of the

council last night. "Why they toot and puff and shake my windows and put me to sleep," Dr. Olinger jestingly remarked. He wondered, he said, what he would do when Salem becomes a city instead of a berg and requires that switching be done

by electric locomotives. "I'd be perfectly willing to trade my electric locomotives for Dr. Olinger's steam locomotives,' declared Alderman W. H. "Jack' Dancy, who lives two blocks from the electrified Front street line.

Sherman Sawmill Burns determined.

Some Salaries Local Manufacture Planned by Winner Of Large Contract

Tacoma Firm With Combination Bid Is Awarded Job by 9 to 5 Vote of Aldermen; Wood Is Ignored

One-Third of Material Fabricated in Plant in or Near Salem, Stated As Plan; Some for All-Steel

ONSTRUCTION of the Salem-Stayton pipeline from both steel and concrete materials at a cost of \$647.985 received the approval of the city council by a 9 to 5 vote last night. The city recorder and the mayor were promptly authorized to sign the contract with the winning bidder, American Concrete and Steel Pipe company of Tacoma, Wash, All of the manufacturing in connection with the project

will be done in Oregon, according to a report from Engineer R. E. Koon to the water construction committee which Alderman Brazier C. Small had read to the council. The bidding firm, the report says, will build more than

Wood Pipe Friends

Switch to All-Steel Wood pipe lost all friends on

the council as debate on the award progressed. Alderman Edwin C. Goodenough, who had previously argued strongly for consideration of this material, joined Alderman Fred A. Williams in urging acceptance of the low allsteel bid, that of James Crick, Spokane, Wash., at \$652,391, Williams declared he had formerly spoken in favor of wood pipe 'for sentimental reasons" in that it was a "home product."

The vote on the water construction committee's recommendation of the combination concrete and steel line: For - Aldermen Armpriest,

Dancy, Evans, Fuhrer, Ohling, ber of new residences started here Olinger, Perrine, Small and Wei-Against - Aldermen Daue,

Goodenough, Goodman, O'Hara and Williams. If the successful bidder fulfills his proposal to complete the pipeline in 200 working days, water from the new Stayton island source will flow into Salem's

mains late next summer.

Debate developed into a heated controversy as to previous commitments to one kind of pipe or another. Alderman Goodenough declared he had never advocated wood pipe and Alderman Williams joined him in contending they had always considered steel best. They charged the water construc-tion committee had shifted from steel to concrete.

mitted to any pipe," Alderman Small, spokesman, asserted, "Who did change their minds? The work done by the city and made awhile back called to us and cried to the press for wood pipe.' Points to Resolution

> which asked that alternate bids be called for?" asked Goodenough. "I could ask the alderman a question that would be very embarassing," was Small's retort. He

didn't ask the question. Defending the committee's redistrict and a small section of port, Small declared that "three (Turn to Page 2, Col. 1)
