# IF YOU BELIEVE IN TEMPERANCE

**By Education, Moderation and State Control Vote Against Prohibition**

**AND EVILS ARISING FROM COERCION AND COMPULSION**

There is no earthly reason why Marion County Prohibitionists should attempt at this time to destroy the great good being accomplished by Oregon's Liquor Commission and replace it by discord, breeding lawless PROHIBITION that WON'T PROHIBIT anything EXCEPT LAW ENFORCEMENT. A county wide survey just completed PROVES there is every sound MORAL, ETHICAL, and PRACTICAL reason why Prohibition should be defeated and an universally approved law should be sustained.

**Facts Prove Conditions Immeasurably Better Now**  
Immediately after America overwhelmingly repudiated prohibition, the National Anti-Saloon League and other dry leaders announced they would seek return to power on the claims that "Repeal had failed; repeal had caused increased drunken driving, and wholesale debauchery of youth." These claims were made BEFORE Oregon adopted the Successful Knox Law. So far as concerns this specific part of Oregon they are false.

**OUR YOUNG FOLKS ARE BETTER THAN EVER**  
No responsible dry leader in this county has made the nonsensical claim that our boys and girls are being "debauched" under state control. If they did, the records would give them the lie!

Among all of Marion County's 17,877 boys and girls only 4 boys over 17 years old were registered last year in the Juvenile Court for any kind of LIQUOR CHARGE. If our fine army of young people were "debauched" they would inevitably get into legal difficulties. The records PROVE EXACTLY THE OPPOSITE.

As for the grown-ups—arrests for drunkenness today average LESS THAN 2 per month per 1000 of Population. This is far less than occurred under Prohibition during the "20's" when we had lawless BOOTLEG CONTROL.

**LIQUOR OUTLETS VASTLY DECREASED**  
Lastly, a check up of liquor outlets shows a heavy decrease under State Liquor Control. Where there were once hundreds of bootleggers and speakeasies operating in Salem alone, now there is just one State Liquor store serving 30,000 people.

Where formerly there were hundreds of basement breweries, now there are an average of 4 1/2 taverns serving 12 cities outside of Salem and only 1 rural tavern to each 29 square miles of territory.

In other words, Prohibitionists ask you to repudiate good law for NO LAW—to cast aside a successful law that has the support of thousands who conscientiously oppose PROHIBITION as both wrong and reactionary... and again embrace a corruption breeding law which

**DRY LEADERS ADMIT IS A FAILURE**  
That prohibition failed was candidly admitted in Newberg, Oregon, this August by Leigh Colvin, Presidential Candidate on the Prohibition Ticket. He blamed it on the "two old parties" both of which are still with us.

**Still They Ask Marion County to Adopt an Admitted Failure**  
Decent citizens don't want either the whiskey saloon or the Bootlegger Back. They see no sense in returning state liquor profits back to lawless moonshine panders to minors and adults alike. They don't want to see the state, cities and counties lose the Revenues now being raised WITHOUT COST TO TAXPAYERS, or see present AUTHORITY and SUPERVISION over CONTROLLED LIQUOR surrendered to UNCONTROLLED LAWLESSNESS.

**LET'S KEEP GOING FORWARD**  
**Vote Down Prohibition**  
AND KEEP STATE LIQUOR CONTROL IN
