

# General Restractions Cause Another Downfall for Stocks

## 2-Point Loss About Average

### European Situation Also Is Wet Blanket for Market

NEW YORK, Nov. 20.—(AP)—Confronted by fresh European political tension and prospects of further governmental stock exchange restrictions, the share market today bounced down a few more steps.

Several utilities and specialties ran counter to the trend, but losses of fractions to 2 or more points predominated at the close.

It was the slowest session since Nov. 2, transfers totaling 1,821,090 shares against 2,435,712 yesterday. The Associated Press average of 60 issues was down 5/8 of a point at 70.8. It was off .9 Thursday.

**Memberships Drop**

With the federal reserve board and securities and exchange commission reported to be compiling new rules for traders and exchange members registered anywhere, two sold during the day, one for \$105,000, and the other for \$102,000, the latter only \$200 above the low mark of the year to date.

Fear of an explosion abroad as the result of the lineup of European nations on one side or the other in the Spanish civil war, brokers said, caused many of their customers to scurry to the sidelines.

International Harvester and Goodyear got up more than a point each at 99 1/2 and 28 1/2, respectively.

## Rissers Observe 20th Anniversary

DALLAS, Nov. 20.—An attractively appointed dinner was given Sunday in honor of Mr. and Mrs. August Risser at the James Leitch home. The occasion was the 20th wedding anniversary of Mr. and Mrs. Risser. They were married in Hastings, Neb., November 18. A lovely gift was presented to them by the guests at the dinner.

The table was centered with a bowl of white and pink chrysanthemums and flanked by white candles.

Those present were the honored guests, Mr. and Mrs. Risser, and Mr. and Mrs. Walter Young, B. F. Young, Mrs. Amelia Ashton, Mr. and Mrs. William Young, and Mr. and Mrs. James Leitch.

## Funeral Services Today For Fred Nicks' Infant

SCOTTS MILLS, Nov. 20.—Louis Willford, aged 20 months, 11 days, infant son of Mr. and Mrs. Fred Nicks of Scotts Mills road, died at his home Wednesday night. He is the only child. Funeral services will be held Saturday at 1 p. m., at the Scotts Mills Christian church. Rev. James Love will officiate. Burial will be in the Miller cemetery.

## Boston Wool

BOSTON, Nov. 20.—(AP)—(U. S. Dept. Agr.)—Trench coming length time territory wools were quite firm at 1.00 a pound basis in the Boston market today. Several lots of the short French combing lengths realized this price, and some light wools held at asking prices above this figure.

Good twelve months Texas wools brought 8.00 a staple length 1/2 lbs. in territory wools moved at 87c-91.00 according to basis. Combing medium grade territory wools were quoted mostly at 20 cents and above for 3/4 blood, and 10 cents and above for 1/2 blood.

## Wheat Gains 2 Cents More

### Rye Also Shoots up to 2 1/2 For Record Price Of Season

CHICAGO, Nov. 20.—(AP)—In a late thrust of strength, wheat shot upward 2 cents and rye 2 1/2 cents today to fresh high price records for the season.

Reports of dust storms and of widespread moisture shortage adversely affecting domestic crop prospects led to broadened speculative buying both of wheat and rye. The July delivery of wheat, representing the 1937 harvest, was most influenced of any future of that grain.

A top of 1.04 1/4 a bushel for July wheat was reached. This is the highest price July has attained since 1934, and contrasts with 91 cents at this time last year.

Closes Stronger

The wheat market as a whole closed stronger, 3/4-2 cents higher yesterday's finish, Dec. 1.17-1.17 1/4, May 1.15 1/4-1/2, July 1.04 1/4-1/2; July new 95 1/2-96c; Oats 1/4-1/2 advanced, Dec. 45 1/4-1/2, and rye showing 1 1/2-2 1/2 a bushel, Dec. 94 1/2-95c. In previous the outcome was unchanged to a degree.

Word that the worst dust storm of the season was raging at Valley City, North Dakota, attracted special notice by wheat and rye traders.

Corn, oats and rye turned suddenly strong with wheat. Rye showed remarkable buoyancy. Advances of dust storms in North Dakota noted in a specific manner severe damage to rye.

Provisions took their cue largely from the action of grains.

## Is Cupid Armed With Gun?

When Kather O'Rourke apparently decided that the traditional darts of Cupid weren't sufficiently effective, she "went gunning" for her man and attempted to force Phineas Crocker at the point of a gun to take her to a Chicago suburb and marry her. At least that's the story police said was told by Crocker, a Marlboro, Mass., candy broker, when he appeared to lodge a complaint against Miss O'Rourke, resulting in her detention in a police cell. Crocker, released on \$200 bond, left post haste, seemingly convinced that such alarming leap year tactics are not for him.

## Wool Prices Up 3 Cents for Week

### Greater Buying in Foreign Markets Comes with Shortages

BOSTON, Nov. 20.—(AP)—The Commercial Bulletin will say tomorrow, "the wool has been more or less excited during the past week and prices have tended steadily upward, so that best fine domestic wools have crossed the dollar mark, clean basis, quite easily. All other grades, both in worsted and woolen wools, are likewise sharply higher."

"All world markets, too, are measurably dearer for the week by about three cents, clean basis, for finer wools and greater attention to medium and low wools has forced them up fully to the parity of the finer wools."

Contract on Hoof

"With a growing squeeze in wools in the domestic market, greater buying has resulted for this country in the foreign markets. Contracting of wool on the sheep's back, also, has become more or less general and quite 15 million pounds have been taken, including 10 million in Texas alone, where as high as 35 cents has been paid for good 12 months old wool."

"Advance of 20 to 30 cents a yard in goods, due to the advance in wages and wool, has shut off some business at the mills."

The Commercial Bulletin published the following quotations: Secured basis: Oregon: Fine and F.M. staple 95-97; fine and F.M. clothing 89-91. Mohair: Oregon 57-58.

## No Time Like Present To Do Spraying, Peach Curl, Says Polk Agent

DALLAS, Nov. 20.—County Agent W. Leith reports that now is an excellent time to spray for peach leaf curl. While it is generally recommended that Bordeaux mixture for this disease be applied not later than December, the condition of the trees and the dry weather make a fine combination to secure excellent control results.

Leith states that 6-6-50 Bordeaux mixture should be used and that complete directions for mixing this spray can be obtained through his office.
