## Spanish Veterans United at Albany

ALBANY, Nov. 30.—A program of musical numbers, was presented Saturday night by a group of school musicians under the direction of Rex Putnam, city school superintendent, for the benefit of the Spanish-American veterans and the auxiliary. Taking part were Jimmie Marquis, Miss Harriet Richards, Donald Nebergl, Jackie Nebergl and John Montgomery. A covered dish supper preceded the program.

During the business meeting one new member was taken into each of the two organizations, the Camp and the auxiliary. A coincidence of this part, was the fact the new member, R. N. Oliver, who recently came to Oregon from South Dakota, and H. F. Lake of Albany were in the same volunteer infantry from South Dakota, in the Philippines, and both played in the band.

A Christmas party will be a feature of the December meeting, the date of which has been advanced to December 19, due to the fact the regular date would be the day after Christmas. Election of officers will also take place at the next meeting.

# For Digestion's Sake ... Smoke Camels

Good digestion helps bring a sense of well-being and contentment

THE delightful effect of smoking Camels with your meals and afterwards has been proved again and again in the great laboratory of human experience. Explorers, champion athletes, people in hazardous outdoor work, as well as millions of men and women in homes and offices, find that Camels get digestion off to a good start and make the perfect ending to a meal. When you enjoy Camels, you are rewarded with an increased flow of digestive fluids—alkaline digestive fluids—so important to good digestion. And you can enjoy Camels as often as you like! Camels don't get on your nerves.

Deep in the jungle fastness of Central America amid the ruins of a lost city... Lawrence T. K. Griswold (right) has headed expeditions to Tibet, Komodo, the Amazon, and the lost cities of the ancient Mayas. He lists Camels as one of the necessities on the trail. "At best, eating in the jungle is no picnic," says Griswold. "I've found that smoking Camels is an aid to my digestion. Camels ease tension and give me a 'lift' in energy when I need it most. They never get on my nerves."

A FLIGHT DISPATCHER. "I often eat my meals on the job," says H. G. Andrews, TWA flight dispatcher. "Camels help my digestion behave itself. Being mild, Camels don't get on my nerves."

THIS CO-ED SAYS: "Camels set me right. Mental work often has an effect on digestion too," adds Miss Josephine O'Neill. "During meals Camels are a big aid to digestion. After meals they make food seem twice as good."
