# Wheat Futures Enjoy Active Buying at Highest in 6 Years

## **Export Take Unusually Big**

European Mix-Up Also Has Influence in Sending Market Upward

CHICAGO, Nov. 30 .- (AP)-Highest prices in more than 6 years accompanied active buying of wheat futures here today, largely reflecting disturbed European political conditions.

Adding impetus to the upward swing of values were export purchases of 2,000,000 bushels of Canadian wheat, making the total in the past week about 9,000,-000 bushels, the largest amount witnessed in months. After 1% cents a bushel rise, however, lively profit-taking sales here caused a moderate late reaction but failed to cancel gains entirely. Corn Unchanged

Chicago wheat futures closed firm at the same as Saturday's finish to % higher, December \$1.20 \( \dagger - \frac{1}{4} \), May \$1.17 \( \dagger - 1.18 \), July 67 \( \frac{1}{4} - \frac{1}{4} \); corn also unchanged to % up, December \$1.05 % 14. May new \$1.00 % - 14, July new 9614-%; oats at 1/8 decline to 1/4 advance, December 45 % and rye % to 1 cent bulge, De-cember 96. Provisions results varied from 7 to 35 cents gain. Corn, oats, rye and provisions

sympathized with wheat strength. Prices of May new corn equalled the old season's high. Rye, as well as wheat, outdid previous top price records. No deliveries were announced

on Chicago December wheat and corn contracts.

#### Grains Hold Steady at Portland Mart, Except Corn Which Declines

PORTLAND, Ore., Nov. 30-(AP) -Wheat, rye and oats held steady the past week, but corn continued to decline, the U.S. department of agricultural economics said today. Malting types of barley also were described as firm. Flax was "slightly easier."

Wheat in Portland was described as "largely nominal," with indications that No. 1 soft and western white would be around \$1.00-1.01 a bushel, sacked and delivered. Receipts were Restricted trading in grain was

due to labor difficulties, the report said.

### Live Turkeys to Be Released as **Holiday Feature**

SILVERTON, Nov. 36—Holiday lecorations, in the form of greenery, were hung across Silverton streets Sunday and Christmas trees are beginning to appear about town.

Decorations are all expected to be in place by next Saturday when the holiday season will will formally be opened at Silverton. The 4-L organization is sponsoring a donation Saturday night for the local hospital fund.

Live turkeys and chickens will be released from the H. L. Stiff furniture store marquee at 1:30 o'clock. They will become the property of whoever catches them.

### Crop Specialists **Appeal to Farmer**

The help of farmers all over Oregon is being asked in the preparation of a new bulletin on weed control to be published soon at Oregon State college. "Every year we get hundreds of letters asking us how to con-trol weeds," says E. R. Jackman

General Electric 51%, Anaconda extension specialist in farm crops at O.S.C. "Now we would like to reverse the procedure momentarily and appeal to Oregon farmers to send in their experiences with all kinds of methods of getting rid of morning glories, Canada thistle, evergreen blackberries, white top, quack grass and other perennial weeds.

"A new bullettin on weeds is being prepared at the college, and we want to include in it actual experiences of farmers all over the state. Reports of success or during the winter. The next meet- failure will be welcomed. Each letter that comes in may be of tremendous help to some other Oregon farmer-perhaps in the writer's own county, perhaps 400 miles away."

Jackman wants letters telling of experiences with such methods as cultivation, smother crops, pasturing, chemicals-everything that experimental minded Oregon farmers have ever tried,

### Further Plans to **Hold Soil Confab**

Polk County Farmers Will Hold Two-Day Meet at Courthouse

DALLAS, Nov. 30 .- A committee composed of prominent Polk county farmers, who made a report on soils at the Polk county economic conference, is continuing work as a committee and is sponsoring a two-day conference to be held in Dallas, December 10 and 11. Members of the committee who last week plaanned for the affair are C. W. Brandstetter, Ira Ray, J. P. Hamilton, F. E. Pence, and G. M. Partridge. Other members of the committee who could not be present were T. J. Wertn, J. Campbell and G. L. Stewart.

This group last spring made recommendations on the management of Polk county soils and now the plan is to hold this conference for the purpose of developing the various recommendations more specifically. They are cooperating with Oregon State college and with County Agent W. C. Leth in sponsoring this two-day program. Dr. W. L. Powers, Arthur King, R. E. Stephensen, J. R. Beck, former Polk county agent, and others will be asked to take part.

To Adjourn Early

The meetings are to be held in the circuit court room of the Polk countty courthouse and are scheduled to start at 9:30 a. m., and be over by 4 o'clock each day. On the first day there will probably be a luncheon arranged and a speaker provided as part of the conference.

This meeting should be of especial interest to newcomers to the state and to young farmers who are just starting in the farming business. Such subjects as the various types of soils in Polk
