

League Tie-up Plea of Justo

Coordination of Effort With Europe Plea of Argentine Chief

(Continued from Page 1)

the south American coast, reached its climax as he reached the congressional palace.

Prolonged applause is accorded anew.

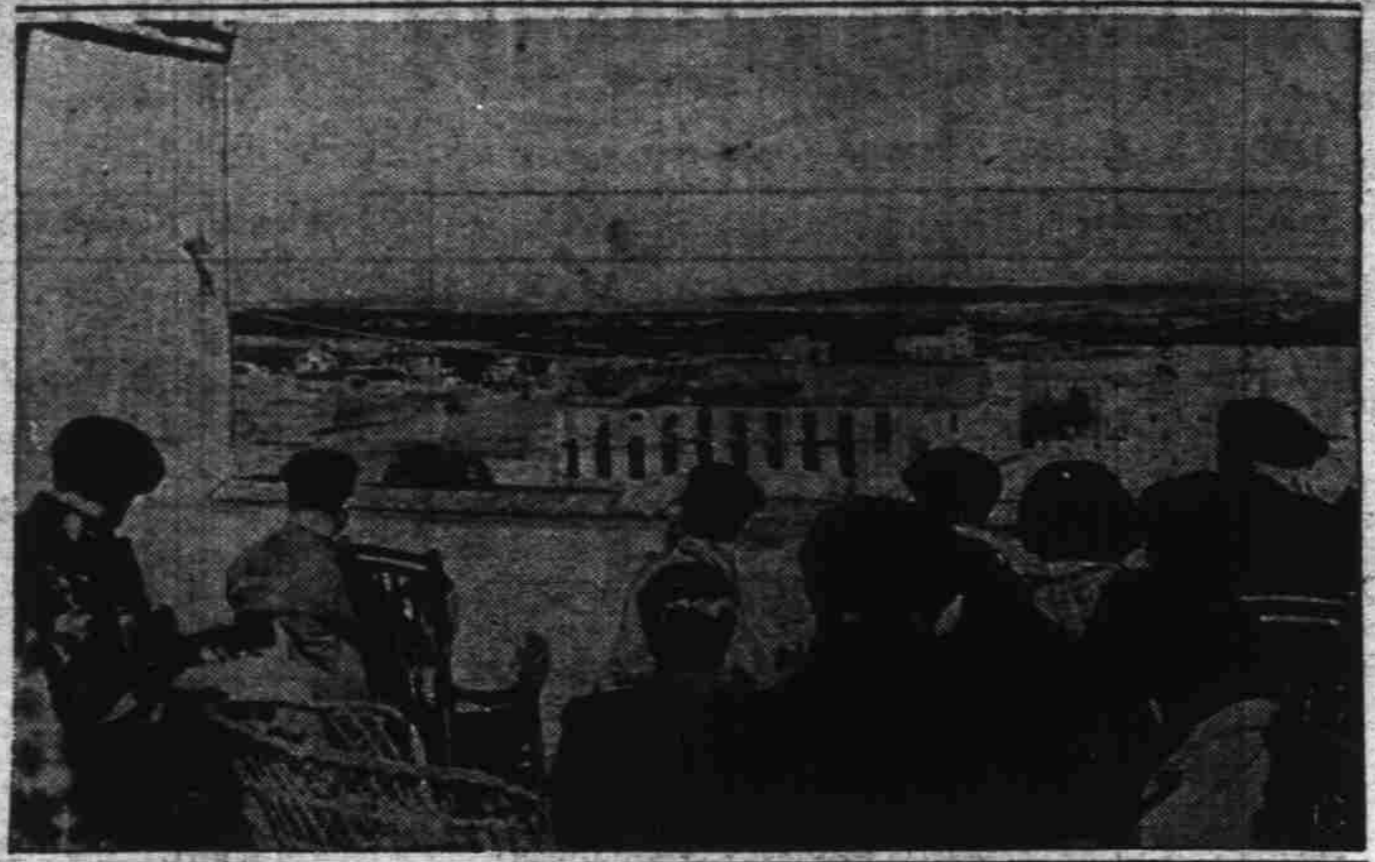

A crowd which packed the plaza Del Congreso—a huge square five blocks long and three wide, directly in front of the congressional building—cheered madly as the visiting President reached the plaza in an automobile with President Augustin P. Justo Argentine.

Yesterday's popular reception of Mr. Roosevelt on his arrival was described as the greatest in Argentine history, and today's demonstration was almost as great.

As the two presidents took the place of honor in the center of the platform in the flag-draped room with Justo at his left and Argentine Foreign Minister Carlos Saavedra Lamas at his right, James Roosevelt, the President's son, and Felipe Esplá, Argentine ambassador to Washington, also sat on the dais.

With Saavedra Lamas presiding, Justo in the opening address, praised President Roosevelt's peace ideals and expressed the opinion the conference would bring beneficial results for all new world nations, yet preserving friendly ties with Europe.

Some Long-Range Reporting of Madrid's Attack

Safe and comfortable on the balcony of a suburban home several miles from Madrid, these war correspondents observe the progress of the rebel attack on Madrid from a distance. Columns of smoke rising near the horizon tell of a direct hit by one of the bombing planes during a rebel air raid.

Newspapers Lift Royal Censorship

(Continued from Page 1)

and the private lives of not only the king but of all British subjects, whether or not they may be communicants in the church."

Mrs. Simpson departed London and went into seclusion in an undisclosed retreat, friends said tonight, because she believed people were misrepresenting her actions.

Snow Possible as Drought Is Ended

(Continued from page 1)

and to the most severe September to November drought since weather statistics were started in 1890.

Virtually every reporting weather station said the records for the autumn period were far below normal.

Sub-freezing temperatures were general in the eastern section of Oregon. LaGrand reported 15 degrees above zero, Baker 14. Bend 16. Lakeview 19 and Burns 12.

Portland had a minimum of 23 degrees, Medford 15 and Wolf Creek 16.

Because of weather conditions Portland was omitted as a point of call by regularly scheduled airlines tonight.

The Oregon State Motor association warned motorists not to attempt the Wapinitia cutoff without chains.

Governor Hits at Blanket Rate Bill

(Continued from Page 1)

in whose honor the meeting was held, said:

"The one thing you must work for where power can be the defeat of that bill which would provide blanket rates. Los Angeles and Seattle don't propose that we should grow here in Oregon."

The governor described Bonneville as the greatest dam site in the world where power can be produced cheaper than anywhere else and added, "we are in a fair way of being robbed by these proposed blanket rates."

Constable Office Audit Is Ordered

Because they have had no audit of the office for the last two years, the county court yesterday failed to accept the resignation of W. E. DeLong as constable for the Salem district. It was stated that an audit is to be made immediately.

County officials said no fees from the office have been turned in for the last two years. Some attorneys hold that it is no longer necessary for the constable to collect fees for his service of papers. Ordinarily the office is audited every year but either the audit was not made last year or was lost before it got to the county court.

With the failure of the court to accept the resignation and appoint a new constable, the work of serving justice court papers falls on the sheriff's office. Because of the combination of all the circuit court criminal and civil services and the additional justice court work, service of some papers has had to be held up.

It is expected that when the resignation is accepted Earl Adams, constable-elect, will be chosen to fill out the term.

Landscape School Grounds, Program

(Continued from Page 1)

orders for the new senior high school building. The major order was for making gas, electrical and water connections for equipment to be purchased in the future for the cafeteria.

The directors agreed to the appointment of Garal Cranor, chemistry instructor, as coach of the Salem high B basketball squad and to reselect, for Leslie and Parish gymnasiums to the City Y.

WPA Wages Gain During November

WPA wage payments increased 20 per cent in the third district, for which Salem is headquarters, during the month just ended. Total payments, to 2013 workers, aggregated \$90,488.74 as against \$74,789.23 to 1863 employees in October.

The Marion county payroll, for \$49 relief workers on 23 projects, amounted to \$46,859.21, that for Linn county, \$10,174.68 for 315 employees and that for Polk county, \$4328.29 for 101 workmen. The remainder of the district

French Liner Is Included in Ban

NEW YORK, Dec. 1.—(AP)—The Maritime strike assumed a more definite international aspect tonight when the International Longshoremen's association voted not to unload cargo on the French liner Champlain, scheduled to dock here at noon tomorrow.

Action of the I. L. A. was in retaliation for the refusal of French longshoremen to unload the United States liner Washington in Havre last week.

James P. Nolan, secretary of the New York district council of the I. L. A., said after a meeting of delegates from 38 locals:

"We are going to refuse to work cargo on the steamship Champlain. We will work baggage and perishable cargo. This action is being taken because of the refusal of French dock workers to unload American ships."

Immediately afterward Joseph Curran, leader of a strategy committee of strikers left wing women, denied what he termed "water front rumors" that the strikers would unload the Champlain if the sevedores refused.

East Shivers and Midwest Benefits

(Continued from Page 1)

country was Miami, Fla., with a minimum of 72.

Traffic in the Erie canal was delayed by the intense cold as sludge ice started to solidify. Approximately 100 barges were caught in the ice. A tug sank under ice pressure. The crew of nine escaped.

Seventy-three vessels bound from Lake Superior to the south were reported locked in the ice, but rising temperatures during the day somewhat allayed fears that they might not get through. Seventeen vessels reached Lake Huron from Saulte Ste. Marie when tugs plowed a path for them.

Temperature lows for the day reported in various sections of the country included the following: New York City, 12 above zero; Ledgewood, N. J., zero; Lowell, Mass., eight above; Detroit's Lake, N. D., eight above; Chicago, 22 above; Boston, 10 above, the coldest December 1 in 49 years.

Oregon's Airmail Over 7 Millions

Almost seven and a half million airmail letters were dispatched by Oregon citizens to points in all parts of the nation during the first ten months of this year, according to figures released yesterday by Postmaster Henry R. Crawford of Salem.

The total weight given airmail, 186,311 pounds, compared to 178,290 pounds in the corresponding period of 1935.

Steady gains are being shown in the state's airmail poundage, records show, with increasingly fast schedules, the current airmail rate of six cents per ounce and a growing public knowledge of the facilities offered as factors, Crawford said.

Existing schedules make it possible for Oregon air mailers to get their letters from here to California overnight or to the Atlantic coast with the loss of only one business day.

Cities Will View Liquor Problems

Changes in the state liquor system to benefit Oregon municipalities will be discussed at a meeting of the liquor control committee of the League of Oregon Cities to be held in Portland Sunday, Mayor V. E. Kuhn of Salem, chairman of the committee, announced yesterday. The committee will outline a program for submission to the legislature which meets next month.

To ascertain the views of beer dealers relative to controlling the trade in towns and cities, Mayor Kuhn conferred here yesterday with officials of the Oregon Food and Beverage Dispensers' association.

One proposal likely to be made at the meeting Sunday is that 10 per cent of the state's gross receipts from liquor sales in each city be turned over to the treasury of the city in which the sales are made.

Sustained Yield Program On Ochoco Is Abandoned

PRINEVILLE, Dec. 1.—(AP)—Lack of federal funds was blamed by officials here for the withdrawal of plans to purchase a large section of pine timber in the Ochoco district and preserve it through cutting on a sustained yield basis.

The government had an option to buy the tract from Eugene interests.

Camp Conversion Will Start Soon

Development of the old Salem municipal auto camp as a recreational park will be undertaken next spring at the earliest, City Engineer Hugh Rogers said yesterday. Danger of damage to partly-finished retaining walls and to newly-graded grounds make it inadvisable to start the project until after the high water season, he explained.

WPA officials announced here November 6 that presidential approval had been given the project, which would cost the city \$1976 and the WPA \$11,858.

ed to within ten miles of Vitoria, which commands another highway to the assist Junta's seat.

Heavy losses were reported on both sides as the Basques advanced behind grenade-throwing and bayonet units. Reports reaching Bayonne, France, said the socialist forces captured numerous prisoners and a quantity of war supplies.

War ministry officials in Madrid asserted that, with the assistance of a strong international column of anti-fascists, the socialist forces drove the fascists from the clinic hospital after a 12-hour battle.

The government forces used tanks, artillery and trench mortars to blast the way for their offensive.

New Streamliner Planned by Roads

Construction of the largest and most powerful streamliner yet designed, to replace the present "City of San Francisco" on the San Francisco-Chicago run, will soon be started, it was announced yesterday by A. F. Noth, local agent for the Southern Pacific company.

To be completed early next year, the new streamliner will cost in the neighborhood of \$1,500,000, about 50 per cent more than the "City of San Francisco" now in service. It will be owned and operated jointly by Southern Pacific and Northwestern railroads, according to word received here from A. P. McDonald, president of Southern Pacific.

The Union Pacific and Chicago & Northwestern, McDonald said, will build a similar train to take the place of the present "City of Los Angeles."

The new "City of San Francisco" will be a 17-car train, and will have nearly 50 per cent more space for Pullman passengers, with 50 sections and 41 full-sized compartments, drawing - rooms and bedrooms. It will carry one coach.

There will be three power cars, each housing twin 900-horsepower Diesel-electric units, costing over \$500,000 in all, with a total of 5400 horsepower, whereas the streamliner now in use has only 2400 horsepower.

Women Vigilantes Organize, Arizona

PHOENIX, Ariz., Dec. 1.—(AP)—Five hundred women "vigilantes" with an expressed determination to safeguard the public morals of Arizona, sought incorporation under state laws today and subsequently disclosed they had been secretly operating for some time.

Each of the 500 members, all above the age of 18 years, will be a secret operative. Names will be known only to the three directors. Assignments and reports will bear numbers instead of names.

"Neglect of duty and corruption in public office and their employees, as well as all matters tending to cause corruption in the body politic, or which encourage vice or crime," will be investigated and the findings brought to light, said articles of incorporation filed with the state corporation commission.

Bank Building at Medford Is Sold

MEDFORD, Ore., Dec. 1.—(AP)—Purchase of the former Jackson county bank building by the United States National Bank of Portland was announced here today. The property was owned by Moty-Littrell, Inc.

No purchase price was announced but stamps attached to the deed relative to the county clerk indicated a sum of approximately \$38,000 was involved in the deal.

Bank officials said negotiations were underway for the adjoining Vawter property.

The Portland firm will use the newly acquired building for a branch bank.

Court Ruling Is Blamed In Part For Traffic Toll

PORTLAND, Dec. 1.—(AP)—Captain Fred West, chief of the Portland traffic department, in assigning 10 more men to traffic police, said today the supreme court's action in invalidating Portland traffic laws in favor of state measures contributed materially to the 72 deaths recorded for the last fiscal year.

Kestly to Drive Emergency Auto

Patrolman Walter Kestly last night took over the city police department emergency car position left vacant by the resignation Monday of Jenkie C. Simpson. Kestly recently had been a business district foot patrolman and formerly drove the south Salem patrol car.

The downtown beat held by Kestly, from Commercial street to the river, was taken by Patrolman Paul Nicholson.

Deficit to Reach New High, Belief

WASHINGTON, Dec. 1.—(AP)—Despite administration talk of balancing next year's federal budget, the treasury's financial operations pointed today toward a \$2,500,000,000 deficit and a new high in the public debt this fiscal year.

Speculation over the possibility of balancing next year's budget was based on steadily mounting revenues and hints of curtailed relief expenditures.

The new peak in the public debt this fiscal year was foreshadowed by Secretary Morgenthau's statement that heavy drains on the treasury from drought relief would necessitate upward revision of borrowing estimates.

In Capitol Hill, meanwhile, house sub-committees prepared to start secret hearings Monday on the 1937-38 budget.

Restoring Dredged Land To Original Condition Is Plea of Grant Stockmen

THE DALLES, Dec. 1.—(AP)—Restoration of dredged lands to their original condition will be asked at the next session of the legislature, the Grant County Stockmen's association voted today.

The association's resolution stated that gold dredging operations left worthless for agricultural development.

The legislature also will be asked to repay stock raisers for damage to private ranges.

Future Craftmen Beat Champ Future Farmers In Parliamentary Drill

The Salem high school Future Farmer chapter, which recently won the district championship in a parliamentary drill contest, was defeated in an exhibition event at the school last night by the machine shop chapter of the Future Craftmen of America. A delegation of Future Farmer club members from Amity sat in on the contest.

Bank Debits Here Again Show Gains

Salem bank clearings for November showed another lively gain over the corresponding month of 1935, with the figures leased yesterday to the chamber of commerce reaching \$13,806,770, an increase of nearly two and one-half million dollars over November, 1935.

The debit checks last month were an exact \$2,498,438 above the November, 1935, total of \$11,308,332. The 1936 November clearings are the highest recorded for this month since 1930, but are considerably below the 1929 figures.

The debit checks, as reported by the chamber of commerce to the Babson agency, are as follows for the last seven Novembers:

1930	\$14,339,483
1931	11,542,424
1932	8,733,813
1933	10,709,823
1934	11,036,475
1935	11,308,332
1936	13,806,770

Vermont Governor Freed of Charges

RUTLAND, Vt., Dec. 1.—(AP)—Gov. Charles M. Smith, 65-year-old president of the Rutland Marble Savings bank, won freedom today from a charge of concealing a bookkeeper's alleged thefts from the bank.

On motion of counsel, Judge John S. Buttles dismissed the charge against the grey-haired governor only a few hours after he had taken similar action in the cases of two other men who faced similar charges.

Specifically the governor was charged with misprison of felony, a charge brought under an old

Final Rites Today For Residents of Silverton

SILVERTON, Dec. 1.—Definite funeral arrangements for Mrs. Edna J. Brown who died at her home here Sunday morning have been completed. Services will be Wednesday at the Ekman chapel at 1 o'clock with concluding services at the Portland crematorium.

SALEM LADY'S TERRIBLE MISERY RELIEVED QUICK WITH GREAT VAN-TAGE!

Mrs. Foster, of Route 2, Suffered 30 Years Due to Stomach, Kidneys and Liver—Couldn't Eat or Sleep—Had Back Aches, Dizzy Spells, Vomiting, Coated Tongue—Now Relieved, She Says: "Even if Van-Tage Cost Me \$25 a Bottle It Would Easily Be Worth It!"

Thousands of people here in Salem and general vicinity are now "Singing the praises" of VAN-TAGE. This is the "Amazing Mixture of Nature's Roots and Herbs and Other Splendid Medicinal Agents," now being introduced to crowds daily in this city here in Salem by a Special Van-Tage Representative, known as THE VAN-TAGE MAN, at 170 N. Liberty street.

Mrs. A. J. Foster, of Route 2, Salem, is one of the most enthusiastic endorsers of Van-Tage in this section. Mrs. Foster has lived here 10 years. She is widely known and very popular with many friends throughout this whole region. Let her tell you what Van-Tage can really do. Mrs. Foster Says:

"Unbearable Pains Almost Ruined Her Life!"

"For 30 years I have suffered terribly due to upset stomach, torpid liver and ailing kidneys. During the last year the pain had become almost unbearable. I couldn't eat and whenever I stood up I would get dizzy. Every time I tried to eat, the food would sour in my stomach and I had terrible gas pains and belching. I had such a heavy feeling in my stomach that it felt as if the fitchen range was on my stomach. I would belch until I was in UTTER MISERY! I was continually nauseated. I could not even drink water without pain and vomiting! When I went to bed I had to sit up to belch to relieve the gas or the pain was unbearable. I was always tired out and whenever I stood up I would get so dizzy that I would have to sit down again. Gas would press on my intestines and bother me for HOURS AT A TIME! I lost over 3 pounds in weight. I had terrible sharp pains at the back and a dull, aching feeling in the kidney region. There was simply no sleep for me and I could not rest. I had to get up 3 or 4 times every night to relieve my kidneys. My tongue had a horrible tasting coating on it and I was painfully constipated all the time.

Over 30 Ingredients in This Great Compound

VAN-TAGE contains over 30 ingredients, including the great Herbs. It invigorates bowel, stomach, liver and kidney action as a carminative, laxative, cholagogue and diuretic, so that daily people write us they feel different all over. The price of this remarkable Compound is reasonable, due to the immense volume in which it sells. So don't hesitate. Get Van-Tage—TODAY!

A Special Van-Tage Representative, known as THE VAN-TAGE MAN, is not at 170 N. Liberty Street, Salem, daily meeting crowds of people and introducing and explaining this remarkable Compound.

On Sale at Fred Meyer Toiletry and Remedy Dept. 170 N. Liberty St.
