Benton's Agent Has Active Year
CORVALLIS, Dec. 31.—Benton county's agricultural agent, the genial William "Bill" Averill, made 601 farm calls during the extensive service year ending December 31 as compared with 555 calls during the same period in 1935, according to his annual report.
The Benton agent visited approximately 400 farms this year, a total of 85 more than he called on during '35. Fewer telephone calls were received at the office, located in the basement of the local postoffice, during '36, when 3,183 farmers called via the phone, compared to 3,345 in '35.
A large gain was noted by the county agent in 4-H club membership. There are now 566 members in Benton county, 303 more than belonged to this organization at this time last year.
Farmers visiting the county agent numbered 4,691 and took with them some of the 2,317 bulletins distributed by this office. Individual letters received by the county agent amounted to 3,545. Circular letters composed by Averill totaled 192.
Averill delivered 30 radio talks and attended or held 267 agricultural meetings.
