Rush of Argentine Exports Collapses Wheat Markets 21/2 Cents

Level Lowest | Salem Markets Since Peaks

Chicago Market Break Has Precedent Liverpool And Rotterdam

CHICAGO, Jan. 19-(AP)-With the Argentine export movement of grain being rushed, and European markets tumbling as a consequence, wheat prices here collapsed today 2 1/2 cents a bushel.

The fall of wheat values in Chicago followed breaks of 2 cents to 3% cents at Liverpool and Rot- but are not guaranteed by The States terdam. Cables from Liverpool reported general liquidating sales of wheat futures, March delivery in particular, influenced by a flood of Argentine cheap offerings.

Argentina is at present the leading world exporter of wheat, and market specialists said that although the peak of the Argentine crop movement usually comes in March the indications are the peak this season will come earlier.

At the close wheat futures in Chicago were 2 cents to 21/2 under yesterday's finish, May 130 %-%. July 113%-%, Sept. 109%-%: corn 1 cent down to 1% down, Bcets, Calif., doz.
 May new 110%-¼, July new 105%-%, Sept. 101%; oats%- Cabbage, ib.
 Brunnel Sprouts, crate 1.00 Cabbage, ib.

 1% off, May 52%-53, and rye showing 1%-1½ cents setback,
 Carrots, doz.
 .45
 May 109 14. In provisions, the outcome was unchanged to a decline of 17 cents.

Buenos Aires dispatches told of for Argentine wheat harvesting, Greens, Kale, crate ! and added that the country was Lettuce, California, iced 2.10 to 2.60 selling all grains on a big scale Onions, green, doz. at reduced prices. In striking contrast, Canadian wheat export business today was estimated as again of disapopintingly small volume, a Japanese radishes, doz. 45 few scattered loads. Meanwhile, eastern and southwestern interests were conspicuous sellers of wheat futures here, with lowest Potatoes, new, No 1, cwt. ______2.35 prices of the day prevalent in the late dealings.

peak prices were touched has the Chicago wheat market reached a lower level than the bottom shown at today's close. This was simultaneous with a specially Water cress sharp drop of Winnepeg quotations, and with notice that nothing had developed as to action the British parliament might take toward providing emergency supplies of wheat. Chicago September contracts led the downturn, hitting as low as \$1.09 %, against \$1.12 % just 24 hours previous.

Corn, oats and rye gave way Medium wool chiefly as a result of wheat price Coarse wool action. The forecast pointed to unfavorable weather in the corn White extras

In the main, provisions reflected downturns of cereal prices and of Cottonseed oil.

Annual Meeting Dairy Co-op to Be February 2

The annual meeting of the Dairy Co-operative association will be held in Portland in the Woodmen of the World hall, East Sixth and Alder, Tuesday, February 2, beginning at 10 o'clock. Directors from districts two, four. five and six will be elected at this

Detailed Rates of Payment Under New Soil Program Are Announced Quiets Stocks For Farmers of Oregon By Ballard

Tobaccos Show Life After NEW YORK, Jan. 19-(AP)-Automotive strikes again darkened the

stock market picture today and many leaders fell back fractions to around 2 points. The list stumbled along halfneartedly during the greater part of the session, but heavy offerings appeared in the final hour and at one time the ticker tape was sever-

al minutes behind floor dealings. The volume began to dwindle before the close, however, and many issues received sufficient suport to pull them up from their low points. Amusements and specialties managed to buck the trend Motors Lead Retreat

Big Company Gives

Price Boost

Strike Again

Leading the retreat were motors, utilities, steels and coppers. The Associated Press average of 60 stocks showed a net loss of .5 of a point at 71.9. Transfers amounted to 2.619,010 shares compared with 2,859,250 yesterday and was the smallest turnover since January 6.

With no signs of peace in the General Motors Labor squabble, and clashes with police marking the picketing of accessory plants at Detroit, Wall street found little to buoy its lagging spirits. Steel Fears Strike New

Steels reflected fears mill operators will be dented soon if automobile difficulties are not froned out quickly. There was also the thought the steel industry may be the next to receive the attention of labor organizers.

Tobaccos, sleeping for some time, came to life when the Reynolds company boosted the price of one of its brands and other manufacturers followed suit. The increase had been expected in some quarters owing to the high

CORVALLIS, Jan. 19—(P)—Detailed rates of payment for 19 legumes that may be approved, without nurse crop; otherwise 61.

Perennial grasses—\$3.50 an acre for approved perennial grasses (except crestine 1937 agricultural conservation of the spirit for these and other annual legumes that may be approved. Without nurse crop; otherwise 61. program of the AAA were announced here today by F. L. Ballard, vice-director of extension, at Oregon State college, as approved at the recent conference in Wash-

As compared with the 1936 program the new rates are somewhat higher for most practices that involve seeding of soil conserving crops, and about the same on other practices, pointed out C. W. Smith and W. L. Teuers, who with N. E. Dodd, Baker, state AAA committee chairman, worked with national officials in completing the program details.

Soil building payments are relatively more important than payments for diverting acreage from soil depleting crops in the new program, the officials added, although as before the amount any farmer can earn under the new program is fixed by a soil building allowance to be determined for each farm under the regulations adopted. The entire program is contingent upon the final appropriation of \$500,000,000 by congress as authorized last year,

General features of the new program were made public in December, while details of operation will soon be available when completed dockets are received from Washington.

Conservation Crops Rates for establishing soil conserving crops make provision for a common Oregon practice of sowing nurse crops, with lower rates where the latter are harvested. A condensed summary of these rates

falfs, white clover, red clover, ladino and others that may be approved, without harvested nurse crop; \$2.50 if nurse crop harvested nurse crop; \$2.50 it nurse crop is harvested.

Biennial legumes (except sweet clover)

\$\times\$3 an acre for alsike clover and others that may be approved, without nurse crop; otherwise \$2.

Biennial and annual sweet clovers—

Crested wheat grass—\$3 an acre regardless of method.

Grass mixtures—\$3.50 an acre for seeding and obtaining a good stand of mixtures of perennial and blennial legumes and grasses without nurse crop;

therwise \$2. For soil building practices the state is divided into eastern and western sections, the Cascade mountains being the line, with Hood River county considered western Oregon, For each practice definite specifications are tsch, assistant county agent lead- provided but not included in the following summary: Soil Building Set

Green manure crops—\$2 an acre for turning under such crops in western Oregon or on irrigated land elsewhere; \$1 an acre for non-irrigated land in eastern Oregon, and \$1 for turning under rye ern Oregon, and \$1 for turning under rye after two-months growth.

Weed control—\$5 an acre for periodic cultivation and \$10 for chemical treatment of perennial noxious weeds on projects approved in advance.

Planting forest trees—\$10 an acre for planting and \$4 an acre for maintaining trees planted since 1934; requirement, 200 life trees per acre.

trees planted since 1934; requirement, 200 lige trees per acre.
Controlled fallow—50 cents an acre for trashy fallow in eastern Oregon or for fallow between "strip crops." For contour strip fallow, \$1.
Reseeding non-crop pasture land—twenty cents per pound of seed sown with \$2 an acre limit. Commercial fertilizer on legumes \$2.40 an acre for super-phosphate in western Oregon when seeding legumes and grasses.

Restoration of native grasses—25 cents an acre on non-irrigated crop land by natural reseeding.
Orchard removal and reseeding-35 an

acre for removing all trees in abandoned orchard and seeding to perennial grasses Cover crops—\$1 an acre for seeding winter wheat or rye in the spring in eastern Oregon as protection on non-irrigated crop land. Mulching in orchards—\$4 an acre for at least two tons per acre.

Liming—\$3 an acre for applying from one to three tons in western Oregon.

Disking in of alfalfa—\$6 an acre for disking in full season's growth on eastern Oregon irrigated land, except in orchards.

orchards. Blow control-\$1 an acre for furrow ing to control wind erosion.

Range Building Rates Range building practices are enlarged somewhat, with rates of day has been indefinitely post- Norwegian cookies and coffee.

payment about the same as last year, but with allowance set at \$1.50 per animal unit instead of \$2. Following are Oregon prac-

tices and rates: Contouring-50 cents an acre for fur-rowing on the contour. Development of springs or speps -- 50 cents each.

Construction of earthen pits or reser-toirs-15 cents per cubic yard of fil Digging or drilling wells-\$1 per linear foot. water spreading—10 cents per 100 feet of permanent ditching.
Range fencing—30 cents a rod for standard drift or cross fences.
Rodent control—15 cents an acre for pocket gophers; 6 cents for ground

squirrels.

Reseeding—20 cents per pound of seed sown on depleted range, with limit for certain counties.

Fire guards—3 cents per 100 feet for plowing fire guards.

Deferred grazing—35 cents per animal
unit per month for deferred grazing to
restore native vegetation, within certain
limitations.

Improvement Club **Enjoys Program**

GRAND ISLAND, Jan. 19-The Improvement club held its regular business meeting at the schoolhouse Saturday night. This program was given: Music by rhythm band; reading, Cecil Will; song, upper grade girls; reading by Leonard Will; piano solo, Phyllis Mandigo; monologue, L. V. Franch; song, members of the Mothers Circle club, and Kansas travelogue by C. A. Rockhill.

Harry McNair, who is employed on the C. A. Rockhill farm, is recovering from a severe strained back which he received last week when he fell while ice skating on a pond over in the Fair-view district. He was alone when he fell. After being missed for some time members of the party found him on the far side of the pond lying unconscious on the
