There's Variety Even in Daily Meals

Meat Loaf Changed By Varying the Liquid Used

BECAUSE our menu for today includes meat loaf, let's look into the possibilities of varying this simple main meat dish, with the view of including bigger and better meat loaves on the daily menus.

A combination of fruit and meat in the same dish simplifies the meal for those family cooks who like a touch of fruit in the menu. Here is a favorite recipe for:

FRUITED MEAT LOAF 1 pound ground beef 1/2 pound pork 1/2 pound veal 1 egg 2 tablespoons tapioca salt and pepper 1/2 cup raisins 1/2 cup crushed pineapple Mix together, moisten with pineapple juice. If needed and bake for 1 1/2 hours at 400. Serve with gravy made from the drippings. Some cooks like to add juice to the pan and baste with the liquid.

For a second offering let's look at a loaf that uses about same combination of meat but produces quite a different loaf. This is a rather large recipe, practical to serve at a luncheon or take for your share to the next covered dish supper. For the family, cut the recipe in half.

AMY'S MEAT LOAF 1 pound beef 1 pound lean pork 1 pound veal 1/2 teaspoon paprika 2 teaspoons salt 1/2 teaspoon sage 3 cups milk 1/2 teaspoon pepper 3 cups breadcrumbs

1 onion ground Mix together, form into 2 good sized loaves and bake in a moderate oven for 1 1/2 hours. Serve 14. An Italian style meat loaf uses tomato soup to give flavor and provide liquid for the dish. Try:

ITALIAN MEAT LOAF 1 1/2 pounds ground beef 1/2 pound ground pork 1 onion 1 clove garlic 1 can tomato soup 1 can water 2 eggs 1 cup breadcrumbs 2 pieces celery 1 dill pickle 6 slices bacon

Mix meat, crumb eggs, finely chopped celery, pickle and form into a loaf, adding salt and pepper to taste. Fry onion and finely cut bacon, add garlic that has been finely cut. Combine this with tomato soup and water, pour over the loaf and bake in a moderate oven for an hour or more, basting frequently.

Fruit Popularizes Homely Dish Prunes, apricots, peaches or other colorful fruit, make a dressy dish out of the breakfast porridge when company is expected. Arrange the fruit in the center of the hot cereal or around the edge of the dish. Often children's eyes can be appealed to when a necessary part of the diet is usually scorned.

Oranges Make Simple Uncooked Dessert

Orange juice and marshmallows make this excellent dessert to serve as company fare, or even for the youngster's lunch dessert. It's not really frozen, just well chilled. The recipe is rather large but is easy to cut down.

ORANGE FAIRY 3 cups orange juice 1 pound marshmallows Heat orange juice and pour immediately over the marshmallows. Place in the refrigerator to chill. Serve with whipped cream and garnish with whipped cream.

Today's Menu

Meat loaf is a relatively inexpensive main dinner dish and may be made in a variety of combinations.

Pineapple juice Meat loaf Scalloped potatoes Baked String Beans Hot biscuits Baked apples-marshmallow sauce
