T. W. Munyam to Manage 1937 Strawberry Fair For Lebanon

LEBANON, Jan. 21—The adult class in economics with F. A. Sikkes, teacher, is growing in interest and numbers. Munyam will call a meeting of the board about February 1 and will select his committees. He has served on the board many years and his appointment as president is highly approved.

Farmer's Union News

LIBERTY, Jan. 21—Dr. R. E. Stephenson of the soils department of Oregon State college, spoke before the Farmers' union gathering here Tuesday night. In discussing the soil of this particular part of the country he said the two major problems were sufficient humus and water. It requires, he said, 500 tons of water to produce one ton of hay, and if the soil is broken one foot deep only 200 tons of water is available. He stressed the necessity of breaking this soil deeper.

When that is impossible farmers should grow deep root crops, such as alfalfa where possible, or crops with good root systems. Legumes should be used to add humus to the soil and he advocated the growth of vetch in this section as much as possible as it is a legume which thrives in the Red Hills soil.

The remainder of the local officers were elected as follows: Doorkeeper, Claude Carson; conductor, Mrs. Victor Ballantyne; chairman, C. C. Sargent; executive committee, Fred Browning, Frank Hrubetz, John Crabtree. President John Dasch appointed these committees: Good of the order, Harold Lane, chairman, C. L. Carson, Roy Farrand, legislator, Frank Judd; chairman, Fred Browning; agriculture, Lon Shuttleworth, chairman, Mrs. F. Hrubetz, Mrs. C. L. Carson, Mrs. Albert Brownlee. Bill Berndt was favorably voted upon for membership. G. W. Potts, president of the Farmers' union, was a guest. Jacqueline Judd played a piano solo during the evening.

Whole System Upset By Great Suffering

"For the past 30 years I had suffered severely with upset stomach, and for the last 15 years I had been in torture due to torpid liver, sluggish kidneys and rheumatic pains. I seemed to have sour stomach all the time and would belch up awful, acid gas. It was horrible! I bloated so much that my waist would swell up 4 or 5 inches so that I was uncomfortable. Then this gas, wind, bilious spells and dizzy attacks. My kidneys were so weak and ailing that I had to get up 3 or 4 times every night to relieve them. I had sharp pains in my back that felt like a knife was being turned inside me, and I had a miserable dull ache in the kidney region. I seemed to have tired, heavy feeling all the time. Sometimes I would be constipated for two or three days together. I had such intense rheumatic pains in my shoulders that I could not lift my arms!

Great Van-Tage Brings Pleasant Relief

"I tried many different medicines and treatments, but all I could get was a little temporary relief. Then I read about Van-Tage in the paper and decided to try it. Now I am so thankful that I did. It seemed to go to the source of my trouble almost immediately.
