Bulmore said a recent statement by the commission apparently had been misinterpreted. 'We still have a lot of collections for 1936," Bulmore averred. "and we have no intentions of until all of these contributions are received."

Interest attached to certain devesterday aggregated \$1,550,-600 and these will be increased to \$1,650,000 before all receipts for 1936 are received and tabulated. Operating costs for the first year of the commission aggregated \$100,000, including equip-
