## Lebanon Delegates Seek Road Funds

### Linn Court Asked to Use General Fund to Build Foothills Road

ALBANY, Feb. 20.—As an aftermath of the meeting held Monday evening to ascertain the feeling of Linn county people in regard to the erection of a new court house, opposed by the delegation from Lebanon, a delegation from that city and one from Brownsville visited the county court Wednesday with the request that the court divert funds for certain road building. In the party were Dr. N. E. Irvine and Harold Irvine from Lebanon and Lynn and Dean Morse, Dr. Ralph Herron and William Chambers from Brownsville.

The court was asked to apply all or as much as they deemed advisable of the \$150,000 general fund and the \$25,000 general road fund toward the proposed project. These amounts are in the surplus funds and it was from the general fund and part of the general road fund surplus that funds for the new court house, should it be built, were to be taken. The road which the two delegations were asking funds for is the proposed chain of roads to be built from Cottage Grove to Portland, along the foothills. Each county through which the road is to be constructed is to pay the cost. The proposed road would run north and south through Lebanon and Brownsville.

Members of the county court did not commit themselves. Doubt was expressed as to the availability of the general fund surplus for road purposes.
