Selling Forces 1 to 5-Point Drop in Industrial Leaders

Worst Loss | Salem Markets In 3 Months

New Nervousness in Labor Swing Accounts For Big Reversal

NEW YORK, Feb. 23-(AP)-Selling forces descended on the stock market today and knocked down prices 1 to around 5 points. Pressure was exerted I 'ncipally on heavy industrial leaders

following a morning upturn in metals which apparently were buoyed by Monday's sharp jump in London. The mining group gave ground later along with the rest of the list. It was the most pronounced reversal since Nov. 23 last. Vir-

tually all departments took part in the slide which was attributed to renewed nervousness over la-bor difficulties and the recent failure of prominent stocks to follow the selective advance.

Average Off 1.4 Points
The ticker tape fell behind
the first and last hours and transfers totaled 2,868,050 shares compared with 2,729,990 last Friday. The Associated Press average of 60 issues was off 1.4 points at 71.8. Reports foreign governments would take a hand in stemming

the wild speculation in armaments materials brought a setback in overseas prices. General Motors Off Conspicuous on the drop were U. S. Steel at 110%. Bethlehem 91%, N.Y. Central 44%, Anacon-

da 63%, Kennecott 63¼, and Standard Oil of N.J. 72¼. Bonds dropped with stocks, particular heaviness being exhibited by carrier loans.

Wheat Activity Boosted As Snow-Blocked Roads Reopened; Barley Steady

PORTLAND, Ore., Feb. 23-(A) -Wheat showed a somewhat weaker tendency today due to inability of shippers to obtain o ean freight space for shipment to the Atlantic coast, the U. S. Bureau of Agricultural economics said today. Activity in the wheat market,

however, improved as a result of reopening of snow-blocked roads. Columbia river and Puget Sound terminals received 519 cars the past week. Barley was listed as steady, oats firm. Active inquiry developed in the northwest corn

Montana Folk Visit

PLEASANTDALE, Feb.23—Mr. and Mrs. C. E. Crabtree of Great Falls, Mont., were guests of their cousins, Mr. and Mrs. J. B. Crabtree for several days. They were en route home, having started en route home, having started Roosters. from home the first of November and have visited in Montana, Idaho, California, Oregon, and Washington. Their visit here was the first time the men have met in 40 years. They were school mates at Hillsboro.

Wheat Drops 2 Cents More

Export Demand Is Sluggish Though Germany Recent Heavy Buyer

CHICAGO, Feb. 23-(A)-Failure of wheat demand to improve as a result of last week's price break led to a fresh drop of more than 2 cents a bushel in May wheat today. July and September wheat, representing grain available from the 1937 crop, declined more than a cent.

Foreign interest in wheat from exporting countries was extremely limited although over the weekend Germany took approximately 185,000 bushels of Argentina grain.

Scarths' Store Is Institute Agency

SILVERTON, Feb. 23 - Willitm Scarth & Sons, a local grain and feed house, has been named local agent of the Flax Institute of the United States, it was announced this week. Purpose of the flax institute and its agents is to encourage farmers to grow flaxseed, which is described as "the country's most important deficiency crop."

"Here is a crop which should. interest all farmers who are looking for something to raise which year after year will prove more profitable than wheat or any other field crops; which is a real cash crop for which there is always an assured market at full quotedprices," declared a statement from the institute, "and which fits nicely into present rotation plans and requires no special equipment or experience to handle."

The Portland companies this season will offer growers contracts guaranteed to pay the top Duluth price f.o.b. Portland for all flaxseed they will grow, thereby assuring them a ready cash outlet at full prices at all times, and giving them the benefit of relatively low freight rates to market.

Canners Continue Heavy Shipments To Fill Orders Held Up by Strike But Figures on '37 Crop Missing

Larger Salem canneries are still ned fruits and vegetables when sugared in catching up on shipments of goods held up during the ments of goods held up during the maritime strike, and are loading goods for ocean shipment as fast as they can get space on ships.

"We expect to see daylight within another 30 days on filling orders held up by the strike," one canneryman reported yesterday. A similar situation prevails with the other large packers. Smaller canneries were able to catch up on their orders within two weeks after the strike came to a close

on February 4. Cancellation of orders during the strike period ran into considerable quantities, some local canners say, but inasmuch as shelves were comparatively empty of can- pointed out.
