

# Gumbling Devices Condemned at Stayton Council Session

## Porter Again Holds 3 Jobs

### City Dads Order Marshal to Clamp Down on "Horn Honkers"

STAYTON, March 2.—At its regular monthly meeting Monday night the Stayton town council appointed a health officer for the town, a street commissioner, marshal and water commissioner, and passed several motions pertaining to the WPA projects now under way.

A strong condemnation of the pinball and slot machine racket was also voiced when the mayor and council members disclosed that they had been approached to send telegrams to the governor asking that he veto the two bills passed by the legislature banning the machines. The council was of the opinion a mistake had been made in licensing their operation here and would be more in favor of asking the governor to sign the bills. Eleven pinball machines are in operation in Stayton.

Cleaning up the business of appointment of marshal, street commissioner and water commissioner the council voted unanimously to reappoint Charles Porter to the three posts. He was opposed by an application from North Smith backed by a petition containing several names.

A communication from the state health department was read relative to whether or not the town had appointed a health officer.

Dr. H. A. Beauchamp was named for the appointment.

Start Street Work  
The council was advised by Street Commissioner Charles Porter that work had commenced Friday morning on the street grading and sidewalk and curbing project. The council thought it advisable to have the material for the whole project paid through the council and property owners should be advised to have the money for the cost of material ready before work on the individual jobs was started.

The cost for material for a four foot walk was estimated at \$39 per 100 feet and a five foot four inch walk, \$49 per 100 feet. The city is to furnish the concrete mixer and lumber for forms.

The council also issued orders to the marshal to clamp down on the honking of automobile horns, yelling and rowdiness, especially at night.

## Dick Rockhill Is Head F. F. Alumni

GRAND ISLAND, March 2.—Dick Rockhill, son of Mr. and Mrs. C. A. Rockhill, was elected the new president of the state Future Farmers of America alumni association at its convention held Friday and Saturday in Portland. Jacob Tompkins, son of Mr. and Mrs. J. H. ## And Now It's Beauty of Voice

Beauty of face and figure is not enough for yeomanettes and puerettes at the Great Lakes exposition which reopens in Cleveland in May. Because they must greet the millions of visitors to next summer's show, officials have decreed they must have beautiful voices, too. To test their voices, a new scientific instrument, the oscillograph, is used. First to pass the tests were pretty Yeomanettes Ruth Kirkhope and Betty Campion.

## Grangers' Column

## Divergent Opinions Flare Up When Parking Problem Is Aired Before Regular Council Meet, Silvertown

SILVERTON, March 2.—The first discord displayed for many months, was felt in the city council Monday night following an opening talk by Alf O. Nelson, visitor, on behalf of arranging for some other system of parking at Silvertown.

Mr. Nelson said that while the enforcing of the double parking law as is done so strictly at this time is commendable, yet the city will have to prevail upon business people to adopt some other system of parking in which they would leave room for shoppers.

Nelson insisted that two-thirds of the cars parked along the shopping district streets were those of business men. He suggested a one-hour parking zone between 8 a. m. and 7 p. m. in the immediate business section. Mayor W. H. Moffett, whose pet plan has been to settle the parking issue, suggested a loading zone for the stores with delivery cars, but otherwise expressed approval of limiting parking.

Legard Favors Farmers  
Otto Legard at once took up the cudgel on the other side, remarking that Silvertown was essentially a farmers' town and that it had always been the privilege of farmers to park as long as they wished when they came to town.

If parking were limited to one hour, this would also have to include farmers and would interfere with their afternoons when they came to town to transact considerable business at one "stopping" according to Legard.

Mayor Moffett came back with the reply that Silvertown was spoiled, and that if one could park within six blocks of his shopping place at Portland he felt he had done well.

Hold Offenders Real Losers  
Councilmen Hugh Range suggested a two hour parking limit. Other members suggested that it was really up to the business man, if he wants to block ready entrance to his place of business by parking his own car in front. It should really be his own affair, members said.

At the suggestion of Otto Legard, the matter was left in the hands of the city recorder, George Custer, with instructions to write the chamber of commerce, asking its co-operation in the matter.

Some discord was also expressed in regard to the present insurance policy for the patrol car. Some members of the city council felt that the present policy did not give complete coverage. The matter was left in the hands of the city attorney, Rex Albright, with instructions to secure a written statement from the insurance company giving complete information as to the coverage.

# VAN-TAGE IS WONDERFUL, STATES PORTLAND LADY, 43 YEARS MISERY GOES

Mrs. Bain, of Multnomah, Suffered 43 Years With Awful Upset Stomach, Indigestion, Couldn't Eat, Lost 15 Pounds in Weight — Weak, Worn-out All the Time. Now She Tells How Van-Tage Gave Her Wonderful Relief and Endorses it to All.

Mrs. Sarah Bain, of 3133 N. E. Multnomah, Portland, is still another Widely-Known Oregon Resident who is publicly praising and endorsing the "Amazing Mixture of Van-Tage." Mrs. Bain has lived in Oregon for the last 25 years. She is Widely-Known throughout this entire vicinity and what she says about Van-Tage will be read with interest by hundreds of people. Following is her remarkable testimonial:

"I want to give my truthful statement about Van-Tage, for I don't think there is anything like it anywhere as it has almost made me feel like a new person and I believe all poor, suffering people should hear about it and take it," said Mrs. Bain. "For the past 43 years I had suffered from awful upset stomach and indigestion. My stomach finally got so bad that I could hardly eat. I would eat my meals and I would feel bloated inside of me and I was always in such misery with my stomach organs that I never knew what it was to sit down and eat a hearty meal like a normal person. I had tried every medicine I could get and I was suffering so much that I was AFRAID TO TRY TO EAT, in fact, I could not eat any solid food at all for the last 6 months and existed entirely on liquids, and many times my stomach was so weak and sore I couldn't even keep liquids down. I lost over 15 pounds in weight and as a result had so little strength and energy that I felt weak and worn-out all the time. I have traveled over much of the United States and have tried a lot of medicines and treatments that cost me considerable money, but none of them gave me any relief."

"I had suffered 43 years with awful upset stomach, indigestion, couldn't eat, lost 15 pounds in weight — weak, worn-out all the time. Now she tells how Van-Tage gave her wonderful relief and endorses it to all."

Van-Tage and I began taking it and will say that I noticed a marked improvement FROM THE VERY START. I kept on with it and have now taken six bottles and am feeling like I never had a sick day in my life. Now, for the first time in months I can actually sit down at the table and eat a hearty meal. I can eat anything I want, even acidic foods, and they all agree with me and nourish my system and are doing me so much good that I have ten times as much energy as I had before and am gaining weight steadily every day. I honestly believe Van-Tage is the finest medicine that has ever been offered to poor, suffering people, even though the price is very reasonable, and I feel it is my duty to tell others about it. I gladly endorse this wonderful medicine and will verify this statement to anyone who wishes to ask me about it."

Acts on Bowels, Stomach, Liver and Kidneys  
VAN-TAGE invigorates bowels, stomach, liver and kidney action. Its 21 Great Herbs and Other Splendid Medicinal Agents over 30 ingredients in all have a surprising effect on suffering people. Another thing—due to the immense volume in which it is taken, the price is very reasonable. So, don't hesitate. Get this Great Medicine—TODAY!

A Special Van-Tage Representative known as the VAN-TAGE Man, is now at 170 N. Liberty St., Salem, daily meeting crowds of people and introducing and explaining this Remarkable Compound.
