Filbert Benefits Receive Approval

WASHINGTON, March 3-(AP)-Secretary Wallace approved tonight a proposal to pay five-centsa-pound benefits to Oregon and Washington · filbert growers and packers who shell their products.

. Wallace said the program evolved from attempts by the agricultural adjustment administration to encourage domstic consumption of the nuts.

It has the support of producer cooperative marketing associations, the secretary said. They seek to avoid depressed prices by diverting the auts into shelling channels.

Growers and packers will be invited to submit offers to shell filberts which meet specified grades. Each contracting sheller must agree to shall at least 2.000 pounds and to specify the maximum he expects to handle.
