Interest in Lots Owned by County Reported Gaining

Interest in city lots owned by Marion county is picking up noticeably, H. William Thielsen, property agent, reported yesterday. Salem, Silverton and Woodburn properties are the centers of would-be purchasers' inquiries.

"We get lots of calls for farm lands, too," Thielsen said, "but we haven't any left."

Yesterday the county court approved sale of the old White Front hotel, formerly owned by Frank Thompson, at Hubbard to J. E. Atchison, who will tear the old frame building down and use the salvaged materials in constructing tourist cabins. The county retained the lot on which the old building stands.

Thielsen also recently sold a house and one-half block of land once owned by the State Bank of Hubbard in that community to Carl Meek.

Fictitious Race Ticket Charges Faced by Pair

ST. HELENS, Ore., April 15—(AP)—Thomas E. Boseny and Niles C. Wain were held preliminary hearing before Justice of the Peace W. J. Fullerton and were bound over to the grand jury on charges of possessing tickets and selling tickets on fictitious horse races. Bail was set at \$1,500.

Poor Exam Paper Literally Smells

ST. PAUL, April 15—(AP)—A particularly poor set of examination papers inspired Prof. John Madigan, head of the department of physics at St. Thomas college, to mete out punishment in a decisive and odorous manner.

Professor Madigan placed the examination papers in three large jars, instructing students to look for them there.

Papers of passing grade were found in a jar liberally sprinkled with attar of roses.

Papers not far below passing grade, were found in a jar which gave off the rotten egg odor of hydrogen sulphide.

The most offensive odor—that of butyric acid—greeted students who had to delve into the jar containing papers with the worst marks.

Go to Bay City

ZENA, April 15—A visitor in San Francisco this month is Miss June Worthington of Zena, who is a guest of her sister, Miss Elaine and Mr. and Mrs. Frank Weber, formerly of Salem. Miss Elaine, a Salem high school graduate, is employed at the Uarco autographic register company. Miss Worthington intends to visit also at the home of Mr. and Mrs. William Cox of San Jose, old friends from Zena.

Since starting to write our advice one of Hunt Brothers head men just called us up and told us the price of their pears and say he says dont go to soundin off in the newspapers about how low yer price is. Well folks somebody's gotta help eat these pears and as long as you're in for it you just as well buy em this week when you can get em so reasonable. So sayin we close by quoting a few prices that have made these stores known from far and near.

The quality of Hunt's Supreme Canned Goods are so well known it's unnecessary for us to describe them—not admitting, you understand, that we couldn't describe 'em if we wanted to. All we'd have to say would be is that these goods are as good as the best and a lot better than most. So you see we sure can give a good description when we have to.

We've been asked many times lately about sugar prices is now a good time to buy sugar for canning? We don't even claim to know but our guess is that now is a very good time to buy a little more than your present needs.
