Portland Grain

CHICAGO, May 15.—(R)—Unfavorable crop advices, particularly from Canada, and a strengthening wheat export situation helped bring out buying that lifted wheat prices as much as 2% cents a bushel today.

The market was strong most of the session, continuing the recovery which began Friday. There was little selling pressure. Traders said the market apparently was well liquidated during the recent decline and that part of the buying was short covering.

Other grains rose with wheat. May rye advanced 3% cents at the cents at the control of the sample cash market local wheat was abushel and Montana but he session, continuing the recovery which began Friday. There was little selling pressure. Traders said the market apparently was well liquidated during the recent decline and that part of the buying was short covering.

Other grains rose with wheat. May rye advanced 3% cents at

Portland Produce

sales of 100,000 bushels to Norway and 250,000 to Germany, representing deliveries on contracts here. There was talk of further similar business.
