Tribesman Amok, Eleven Are Slain

MANILA, P. I., June 3.—(Thursday)—(AP)—Constabularymen pursued today a jealous and grief-stricken tribesman blamed with slaying 11 of the 24 persons he has vowed to kill.

In all, 18 have died as a result of the frenzy of Kalinga Boli, who first ran amok nine days ago in the belief his wife had been unfaithful.

Boli's neighbors near Abulug, Carayan province, reported to-day Boli also had vowed while standing beside his father's deathbed he would kill 24 persons as a sign of mourning.

The tribesmen brought his killings to 11 yesterday when he slaughtered two men and a woman as they worked in a rice field near Abulug.

Boli's wife and five others were his first victims. Later relatives of his victims attacked Boli's kinsmen in Abulug and killed seven, including three children. Next Boli killed two more persons at the village of Kabugao.

VAN-TAGE CLEARED OUT GAS, BLOAT! WAISTLINE NOW REDUCED 5 INCHES!

Mr. Walls, Widely-Known Portland Man, Was Almost Afraid to Eat Due to Awful Gas and Bloating—Felt Like Stomach Would Burst With Pressure—Bowels Sluggish and Constipated For Days at a Time—Now Van-Tage Has Relieved Him and He Says: "I Bless the Day I Found This Medicine!"

Mr. G. H. Walls, of 2437 N. W. Savier, Portland, is still another Widely-Known Oregon Resident who is publicly endorsing the "Amazing Mixture of Nature's Roots and Herbs and Other Splendid Medicinal Agents," known as VAN-TAGE, which is now being introduced to crowds daily here in Salem at 170 N. Liberty Street.

Wore Belt Around Waist to Ease Gas Bloating
"I had suffered terribly with a badly upset stomach and constipated bowels," said Mr. Walls. "My stomach finally got so bad that everything turned into awful gas and bloat inside of me, and caused so much suffering that I was almost AFRAID TO EAT. The gas in my stomach and intestines caused terrible pains that BENT ME DOUBLE, in fact I bloated up so tight around my waist line that I felt as if I were going to burst! It seemed like the only thing that would ease this awful feeling was something pressed real tight around my waist, so I nearly always wore a special heavy belt which eased my suffering a little. Constipation probably had a lot to do with my bad condition for my bowels were in terrible shape. I guess they were practically paralyzed for not even strong physics did me any good and I would go 4 or 5 days at a time without any action at all. About the only thing that would relieve this condition was water enemas and I took so many of these that they made my back and sides terribly weak and sore. I finally got so I didn't have any pep or energy left in my body and was hardly able to get around at all."

Only Costs Few Cents a Day to Take Van-Tage
Another thing—due to the immense volume in which it sells, the price of Van-Tage is reasonable. You can actually take this Amazing Formula, with its Many Herbs and Other Splendid Ingredients, for just a few cents per day. So don't hesitate. Get Van-Tage—NOW—and start taking it!

Danes Celebrate King's Jubilee

King Christian X

Crown Prince Fredrik

Street in Copenhagen

Current-celebration of the 25th anniversary of the reign of King Christian X of Denmark calls attention to the unique place occupied by this little kingdom in the international scene. Enjoying uninterrupted peace and prosperity since Christian took the throne in May of 1912, Denmark has flourished because of the natural thrift and conservatism of its people. Essentially an agricultural nation, the country is the dairy of Europe, exporting huge quantities of butter, eggs and bacon. True to tradition, the silver jubilee was observed in a rather quiet and simple manner, quite in contrast to the show put on by Britain for its coronation.
