Pattern No. 1828-B Your little girl will never be content with just one frock made from Barbara Bell pattern 1828-B. She'll want at least two or three, each in a different color. It's a smart economy to sew this way and simplifies your sewing, too. Now that the little Princess Elizabeth of England promises to be constantly in the news, this Princess brock is sure to be more popular than ever with girls from 4 to 10. It's a charming style for growing girls. The button closing is simulated, the dress fastens with convenient

snaps. Barbara Bell pattern 1828-B is available for sizes 4, 6, 8 and 10 years. Size 6 requires 2 yards of 35-inch material, plus 1/4 yard of contrasting trim as pictured.

#### Recreation Plan For West Salem

Program Under WPA Will Start Monday; Varied **Activities Slated** 

Through the WPA recreational program of the Oregon state de-partment of education cooperating with the citizens of that community, the city of Wess Salem is to have a summer recreation program starting on next Monday morning, June 14.

Plans have been laid and workers are available, declares Earl Litwiller, county supervisor of adult education and recreation, to care for the needs of all ages of children and adults. For the smaller tots there will be the story hour, arts and crafts and all sorts of supervised games. The older youngsters will find numerous activities and games to suit-their needs, with supervisors for such games as softball, bas-ketball, tennis, horseshoes, etc. Adults will find interest in special night programs of entertainment to include drama, musical stunts, etc.

Swimming Included Beginning soon there is to be added an extensive swimming program which will afford instruction in swimming and life saving. Life guards will be on duty the hours to be scheduled for this activity. There has been some delay getting together the necessary equipment and supplies for the swimming. There has, however, been splendid cooperation upon the part of the city council and individual citizens in the making available the necessary supplies and equipment.

Those in charge of the recreational activities for West Salem wish to emphasize that the program features special consideration for mothers who are working away from home and wish a safe place to send their small children during working hours. Activities are scheduled to be-

gin at 10 o'clock Monday morning. Those who wish to begin with the first day's activities should meet at the school grounds where instructions will be given as to times and places for the various features of the
