

Scio Fat Lamb Show Has Record Number of Entries Saturday

Many Winners Divide Prizes

Entries Judged on Market Value Developed; Prizes Total \$110

SCIO, June 14—Bleats of more than 130 lambs, the largest number yet shown in Scio, echoed here Saturday in Scio's third annual Fat Lamb show.

A total of \$110 in prizes was distributed to growers in several classes.

In class A, for best pen of three lambs, prizes went to Harry Ressler, Scio; Frank Perry, Scio; Raymond Kalina, Scio, and Lester Kuiken, Shelburn. Thirty-six lambs, the largest in the history of the Scio show, and the best in any show this year, in the opinion of the judges, were entered in this class.

Prizes in class B, for best single lamb went to Lyle Jackson, Scio; Harry Ressler, Scio; R. H. Murphy, Albany; and Patsy Densmore, Scio.

Class C prizes, for best buck lamb were taken by C. K. Pederson and Floyd Edwards, Albany, tied for first; and Eldon McClain, Albany.

4-H Club Prizes
In the four divisions for 4-H club members, prizes were:

Class D, for best pen of three lambs, Chancy Barnes, Halsey; Raymond Meyers, Albany; Claire McClain, Lebanon; Wilbur Burkhardt, Albany.

Class E, best single lamb, Claire McClain; Ruth McClain, Lebanon; Betty Burkhardt, Albany; Robert Marsh, Albany.

Class F, best bottle fed lamb, Dorothy Bass, Halsey; Dan Jones, Foster; Donal Genser, Scio; Lila Lee Thayer, Scio.

Class G, for boys and girls under 8 years, best bottle lamb, Gary Rodgers, Caroline Patry, Betty Patry, all of Scio.

Judges Harry Lindgren of O.S. C. extension service; and R. L. Clark of Portland stated that lambs were judged solely on their development for market value. Particular attention was paid to coverings on legs and loins, the highest priced cuts of lamb.

Two classes in which no prizes were given were the open entries for best bottle lamb, and best pens of three lambs for out-of-county exhibitors. In the former, Sally Perry, M. Percell, Stephana Holec, and Mrs. Ivan Powell placed. In the latter, Frank Lewis, Karl Kiba and Otto Pfennig exhibited the best pens, in the opinion of the judges.

Lamb Is Pig
Features of the show were a milk-drinking contest for bottle-fed lambs, in which a lamb belonging to Harry Holeczek made a hog of himself in 55 seconds over a quart of milk, and lamb belonging to Frank Perry refused to eat at all. Donald Genser's lamb drank his quota in 59 seconds.

The annual shearing contest, based on smoothness of work as well as speed, gave prizes to first, Clyde Rodgers, 2 minutes, 41 1/2 seconds; Tony Beidel, 1 minute, 58 1/2 seconds; Marvin Dickinson, 2 minutes, 21 1/2 seconds; and Charley Dolezal, 2 minutes, 25 seconds.

A contest for exhibition of work of trained sheep dogs gave first prize to "Jack," Scotch shepherd owned by H. E. Burns; and second and third prizes to dogs of Harold Knuth and Albert West, respectively, in a field of nine entries.

"Over a ten-year period, the sheep and wool crop is probably the surest of any pursuit," R. L. Clark, one of the judges of the

Refugee Children Reach Haven

Arriving at Southampton
Horror at the past, fearful of the future, these child refugees from Spain presented a picture of tragedy and pathos as they arrived at Southampton, England, where a temporary encampment has been set up to provide them a haven.

Mexico City Is Comfortable Two Day Drive From Border of United States - Silverton Pair Report on Returning

SILVERTON, June 14—Mexico City is just two days comfortable driving from the United States border, according to Norris Ames and Winnie Rowland, who have just returned from several weeks spent in the south. They went to Dallas, Texas, on business and then visited Boulder Dam and made the trip to Mexico City. All but about 50 miles of the trip was made on paved highway.

The first night in Mexico they spent at Victoria, a city of about 10,000 population where accommodations were very good. Accommodations were always good, said Mr. Ames, if one knew where to find them but sometimes one could drive a hundred miles without finding a decent place to eat.

Mexico City, the travelers reported, was very interesting. A hundred and fifty miles of highway south of Mexico City was completed.

On the return trip from Mexico City, the two stopped at the Crabtree home at Valley of Par-

adise. Mr. and Mrs. Crabtree, who own several acres there, are the parents of Warren Crabtree, Smith-Hughes teacher at Silverton. The Crabtrees are growing tropical fruits and have around 150 varieties. Mr. Ames said that they hit Valley of Paradise just in the banana season and found this very interesting. Approximately 100 American families have settled in this colony.

Family Reunion Is Held At Home of Ed Fleming

SHELburn, June 14.—A family reunion was held at the Ed Fleming home Sunday. His two sons, Wilbur and Thomas, and families, his two daughters, Mrs. Stella Pettit of Grants Pass and Mrs. Hazel Shelton of Jordan and their families, were present.

Mr. Fleming's only sister, Mrs. Maude Grimes, and son of Hugo, and his only brother, J. B. Fleming and family, were also in attendance.

Leaves for Minnesota

SILVERTON, June 14.—Mrs. M. J. K. Fuhr is leaving this week for Alexandria, Minnesota, with her mother, Mrs. J. O. Stedje, and her brother, Oscar Stedje. She will attend a number of the meetings of the International Luther league convention at Minneapolis.

Fowlers Are Parents

NORTH SANTIAM, June 14.—Mr. and Mrs. Louis Fowler are parents of a seven-pound boy, Ronald Dwayne, born June 12. This is their second child and second boy.

Piano Pupils Give Recital at Church

JEFFERSON, June 14—Justin A. Miller of Albany presented his Jefferson pupils in a piano recital Thursday evening at the Christian church. Those taking part included Jeanie Holt, Ruth, Betty and Bobby Terhune, Billy and Gary Barna, Patsy Parrish, Wanda Glaser, Lois Smith, Pauline Thomas, LeAnn Haight, Gene and Donna June Powell, Bubbles Hart and Mildred Thurston.

Arthur Moore, congressional district manager, gave a very interesting talk regarding the movement at the meeting of the Townsend club Thursday night. During the business meeting, W. L. Cobb was elected delegate, and A. A. Miller as alternate, to attend the convention at Roseburg Sunday, June 20.

Miss Virginia Mason, who taught in the Tillamook high school during the past year, has returned home and will spend the summer with her parents here. Miss Mason left June 12 for Seattle, Wash., to participate in commencement exercises at the University of Washington, where she will receive her master of arts degree in English.

Clarence Miller, postmaster, announced this week that he had received a notice from headquarters consenting that the postoffice be moved from the George C. Mason building on Main street to the Oregon State bank rooms in Thurston Bros. building. This move will be made early in July. This change will give the postmaster a vault for keeping money and stamps, a convenience not had in the present building.

First Son Is Born to Mr. and Mrs. Bailey

GATES, June 14.—A ten-pound son was born to Mr. and Mrs. Harold Bailey on June 12 at the home of Mrs. Bailey's parents, Mr. and Mrs. Paul Ratzberg, on King's Prairie. Mrs. Bailey was formerly Marie Ratzberg and a member of the 1926 class of the Gates high school. This is the first grandchild in the Ratzberg family.

Grangers' News

RICKREALL, June 14.—A most interesting grange meeting was held here Friday night with 44 members present.

The grange unanimously went on record as endorsing Congressman Pierce in his efforts in behalf of the Bonneville power bill measure.

F. E. Pence reminded that now was the time to poison rodents and spray for weed control.

An invitation was received to exhibit a display at the 4-H club fair in Monmouth September 2 and 3.

The visiting association will meet at Falls City Monday, June 14.

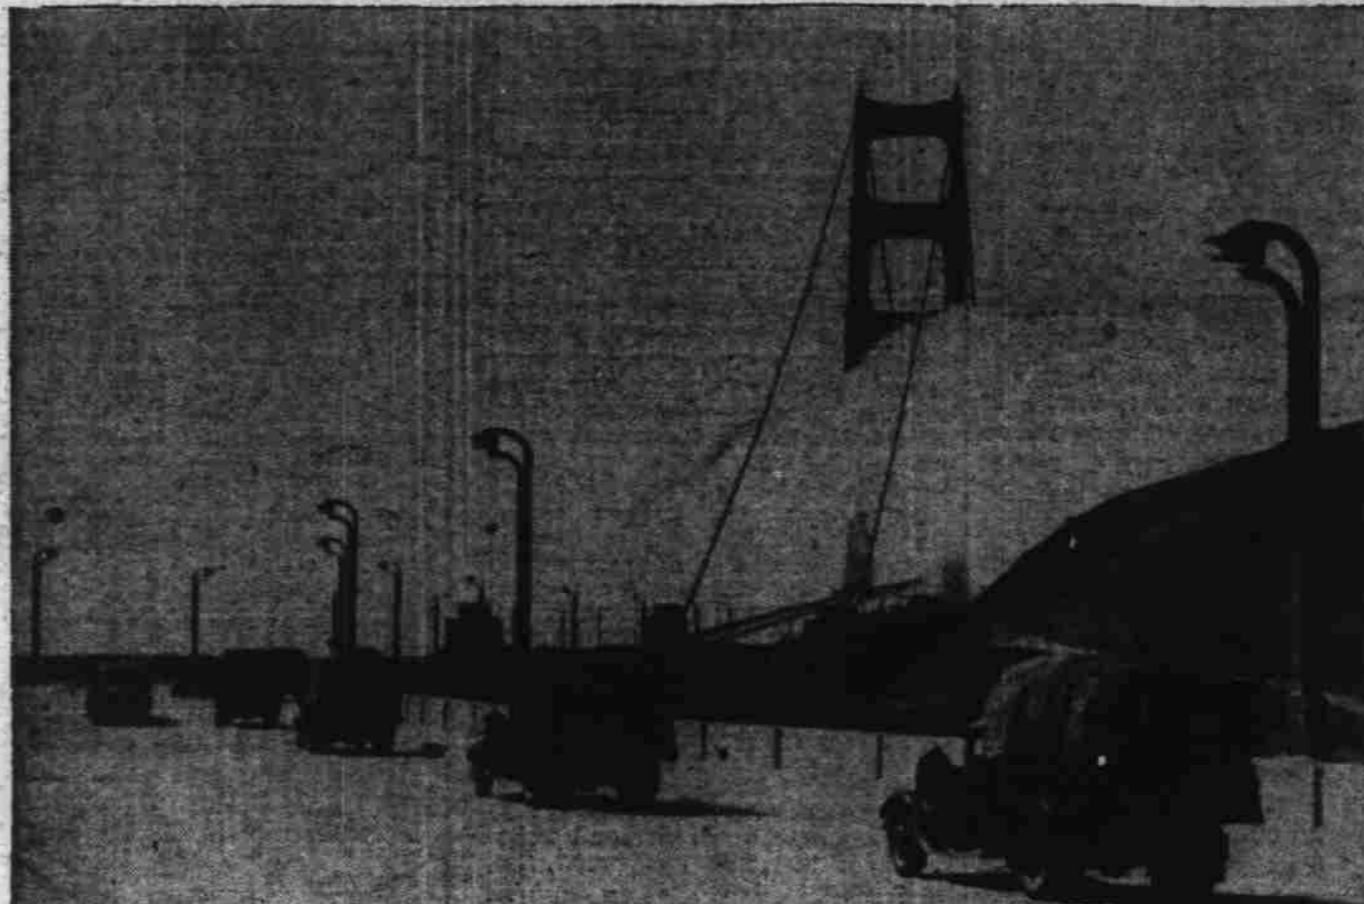

The members of the grange were invited to meet at the J. B. Riney home on July 3rd for a basket supper and celebrate with fire works.

F. E. Pence invited the grangers to picnic with their families at the Pence picnic grounds near Derry.

CHEMWA, June 14.—The Chemawa grange will hold a pie social and entertainment in the M.W.A. hall Thursday night. The Mitchell entertainers will have a charge of the program which will start at 8 o'clock. Following the program the home economics club will sell pie.

Members of other granges in Marion county are invited and an invitation the public is given.

Troops Cross Golden Gate Bridge After Maneuvers

Returning from an "invasion" of the Pacific northwest, the Thirtieth Infantry was the first contingent of soldiers to cross the newly opened Golden Gate bridge. Trucks jammed with infantrymen are pictured on the Marin approach to the gigantic span. The north tower is partly mantled with a fog bank. After a nine day trek from Fort Lewis, Wash., the convoy of 155 trucks, with 1800 enlisted men and 61 officers reported at their home base in the San Francisco Presidio. They attracted much attention on the two trips through the Willamette valley.—International Illustrated News photo.

Pair Leaves for South

SILVERTON, June 14.—Elmer Peterson, clerk in the Julius Alm store, accompanied by his brother-

in-law, Ralph Egan of Waldo Hills, left Sunday for a three weeks' trip to California where Peterson will visit his parents and

sister at Los Angeles and Egan will visit his brother, Ardis Egan, an instructor in the San Jose high school.

A. O. Nelson Tells Court's Procedure

SILVERTON, June 14.—Good-fellowship meeting was held at Trinity church Sunday afternoon with Attorney Alf O. Nelson as the speaker of the day. Mr. Nelson spoke of the various kinds of court proceedings and application for a higher justice.

Oriet Moeen, vice president, was in charge of the business session. Miss Agnes Torvend, president, is at Oregon State college during the 4-H summer school work. She will leave this week for Minneapolis to attend the International Luther League convention.

Children's day was featured at the Christian church with readings by David and Louise Hoblitt, Billy Kleeman and Lawrence Hobart. Mrs. W. W. Neal was in charge of the primary department and directed the primary song. Mrs. Dan Geiser's class of girls gave a song and drill, and the girls' quartet, including Thelma and Neva Donnell, Eileen Rahn and Bernice Gay, sang. Mrs. Alice Egan was chairman of the program.

Alexander Taken Home

SILVERTON HILLS, June 14.—Bruce Alexander, who was injured in an automobile accident a week ago, was able to be taken to his home here Monday following treatment at a Salem hospital. Alexander sustained injury to one eye and to his face.

WHEN TIRE SAFETY IS VALUED MOST!

BY DIRECT WIRE FROM
WESTERN UNION

1937 JUN 15 11 37 AM '37

MR. HARVEY S. FIRESTONE, CHAIRMAN
FIRESTONE TIRE & RUBBER COMPANY
AKRON, OHIO

HAVE TODAY WON THE SILVER ANNIVERSARY 500-MILE INDIANAPOLIS RACE ON FIRESTONE GUM-DIPPED TIRES AT 113.58 MILES PER HOUR
BREAKING ALL RECORDS STOP I KNOW I COULD WIN IF MY TIRES COULD STAND THE TERRIFIC HEAT GENERATED AT THESE HIGH SPEEDS STOP WORDS CANNOT EXPRESS MY GRATEFUL APPRECIATION FOR THE MARVELOUS STRENGTH BUILT INTO YOUR TIRES AND THEIR OUTSTANDING PERFORMANCE

WILBUR SHAW

Gum-dipped cords

PROVIDE THE EXTRA MARGIN OF SAFETY ON THE SPEEDWAY OR THE HIGHWAY

THOUSANDS said that tires could not stand the terrific grind. They said cars had been built with much greater speed, turns in the track had been repaved with granite-like surface, yet Wilbur Shaw drove to victory on Firestone Gum-Dipped Tires setting a new record of 113.58 miles per hour on one of the hottest days in the history of the Indianapolis track.

Here is stamina—here is dependability—here is performance that is proof of safety. 500 miles over the blistering hot brick track, at temperatures of more than 100°. Speeds of 130, 140, and even 150 were attained on the straightaways. Think of the terrific impact on these tires as the cars roared into the treacherous turns and out again. Tons of force straining, pulling, and twisting inside the tire, yet not one cord loosened, not one tread separated from the cord body—all because Gum-Dipping, the Firestone patented process, successfully counteracted the internal friction and heat that ordinarily destroy tire life.

Why have Firestone Gum-Dipped Tires been on all the winning cars at Indianapolis for the past eighteen years? Why did every one of the thirty-three drivers in this greatest of all racing events choose and buy Firestone Tires? Race drivers make it their business to know how tires are made and they know that Firestone Tires are built with the Firestone patented construction features of Gum-Dipping and Two Extra Layers of Gum-Dipped Cords under the Tread. They know that because of these extra features Firestone Tires run up to 28° cooler and give greatest blowout protection. In fact, these men will not risk their lives or chances of victory on any other tire.

You will never drive your car at these record-breaking speeds, but for the safety of yourself and family you need the safest, strongest and most dependable tires. Come in today. Join the Firestone SAVE A LIFE Campaign by equipping your car with a set of new Firestone Gum-Dipped Tires—the safest tires that money can buy.

DON'T RISK YOUR LIFE ON THIN WORN TIRES

No car owner is going to risk his life and the lives of his family knowingly on thin worn tires. Yet thousands of car owners are taking chances every day.

Choose the tires that champions buy. Race drivers know from experience that their lives depend on the safety of their tires. They will not drive at high speeds on any other than Firestone Gum-Dipped Tires. You, too, need the same protection. Come in today and equip your car with the safest tires ever built.

DO YOU KNOW THAT last year highway accidents cost the lives of more than 24,000 men, women and children? THAT a million more were injured? THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

Here is a section cut from a smooth, worn tire, with the usual protection against skidding, blowouts and punctures. Come in today and see by actual demonstration.

Here is a section cut from a new Firestone Tire. Note the two extra layers of gum-dipped cords under the tread. These extra layers are against skidding, blowouts and punctures. Come in today and see by actual demonstration.
