Most Enjoyable Month of Our Lives!

Salem, Oregon

Six of us have completed one of the most enjoyable months of our lives. We toured over 3,000 miles from Mt. Rainier to Los Angeles thru floods, snow, mud and detours.

Our pleasure was only made possible by one of the smoothest-riding and easiest-controlled cars I have ever known-the Lincoln-Zephyr.

Regardless of the fact that we had a twelve-cylinder car and the condition of the roads, the average cost per mile was less than lower-powered cars I have previously owned.

I am truly fond of this wonderful car.
