

Tokyo Cabinet Sees Invasion

Both Nations Mobilizing Along Amur Boundary; Manchoukuo Aiding

(Continued From Page 1)
with Ambassador Mamoru Shigemitsu and charged Japan was responsible for the outbreak of hostilities along the boundary of Russia and the Japanese-inspired state of Manchoukuo.

Before the ambassador left for the critical midnight interview with M. Stomoniankoff, the foreign office attache, he indicated Japan does not consider the dispute over the sovereignty of the Amur river islands subject to diplomatic discussion.

He declared Japan intends to protect fully Manchoukuo's claim to the territory which the Soviet claims under two treaties signed with China in 1858 and 1860, seven decades before Manchoukuo became an independent nation.

The interview was said to have ended "inconclusively" at 3 o'clock this morning.
Diplomatic quarters here regarded the situation as unusually tense, in view of Japan's threat to defend Manchoukuo's claim and the Soviets' equally firm insistence the island belong to the Soviet union.

Out-State Autos Given Privileges

(Continued From Page 1)

The procedure is the same as followed in Portland.
Signs similar to the green and white 30 minute markers are now being made. Chairman Ross Goodman stated, and police will begin checking on the 45 minute basis shortly after the signs are erected.

Purchase of a motorcycle for police use in downtown traffic will be recommended to the council by the committee. It has been over six years since Salem traffic policemen have been mounted on motorcycles except on borrowed machines for parades. Chief of Police Frank Minto requested the purchase of the motorcycle, saying that it was almost a necessity, particularly for checking double-parking.

Two Tax Turnovers Are Made; Office up to Date

Announcing two new tax turnovers yesterday, T. J. Brabec, deputy in charge of Sheriff A. C. Brubaker's tax collection department, said the office had brought its business up to a day-to-day basis. The turnovers yesterday included \$60,020.05 on the 1937 tax roll and \$17,621.81 on the 1936 roll.

Police Tactics in Strike Riot Eyed

(Continued From Page 1)

La Follette brought the picture into evidence after producing a coroner's report that of ten killed in the riot at the Republic Steel plant, seven had bullet wounds in the back and three in the side.

Referring to the coroner's report La Follette said that assuming it to be correct "will you please give me your explanation of the fact that they were wounded in the back if the police shot because they were attacked."

The policeman was on the ground battling for his life their marksmanship is not so good," said Mooney, "and if there was slight or ten of those reds over me I wouldn't know where the shot would go.

"It was a riot, a free-for-all," he said. "And if there was any shooting there it was in self defense."
Mooney declared that certain radicals would be tried on charges of inspiring the riot.

One after another, ranking officers of the force testified before the senate civil liberties committee that in their opinion the conduct of the police in the strike disturbance was both necessary and entirely justified.

They contended that but for the police action there would have been a loss of life running into the hundreds.

Ethel duPont and Roosevelt United

(Continued From Page 1)

derly down at the lovely blonde girl by his side.

Kindly understanding smiles passed over the faces of Du Ponts on the left side of the church and Roosevelt on the right when the couple knelt on a white satin pillow for the Rev. Mr. Peabody's final blessing.

About 300 members and friends of the two families, both socially prominent but often differing sharply in political beliefs, were assembled in Christ church when the bridal party began arriving.
Among the guests were Lamont and Irene Du Pont, two of the nation's most powerful industrial leaders of which Ethel's father, Eugene, is a member.

Immediately after the wedding the young couple went, along with the guests at the church to Owl's Nest, the Du Pont estate, where they joined about 1000 others invited to participate in a reception.

The two planned, during the evening, to slip away from the merrymaking throng and begin their honeymoon. On July 10, it was reported, they will sail for Liverpool.

Legion Auxiliary President Visits

PORTLAND, June 30.—(AP)—The Oregon department of the American Legion auxiliary is preparing this week to welcome Mrs. O. W. Hahn of Wayne, Nebraska, national president, on her scheduled visit July 7.

A full day of activity has been arranged, beginning with a breakfast shortly after her arrival and including a luncheon, a visit to the Veterans' hospital, radio broadcasts, a dinner for Legionnaires and auxiliary members and a mass meeting in the evening at the Portland Woman's club.

Long prominent in affairs of the national auxiliary, Mrs. Hahn was elected president for the 1936-37 term without opposition at the national convention in Cleveland.

Apportionment County Road Tax, Cities

14 Municipalities Receive Shares Under Order Made by Court

Fourteen Marion county towns and cities will receive payments or credits on 1936 and 1937 road tax levies under an order signed by the county court yesterday effective as of today. The payments and credits include \$4294.07 for the last half of 1936 and \$4477.80 for the first half of 1937. They represent 94 per cent of the levies; the court withholds 6 per cent for administrative expense and tax delinquency.

In the cases of Aumsville, Donald, Gervais, Jefferson, St. Paul, Sublimity and Turner the tax apportionment is in the form of a credit against accounts due the county for oiling of streets in those communities. The city of Salem is exempt from the tax under terms of its charter and the city of West Woodburn is excluded from the apportionment.

The 1936 road levy was 2.7 mills, that for 1937, three mills. Apportionments for the two half-years were as follows:

Aumsville	\$ 48.13	\$ 48.69
Aurora	119.98	107.52
Donald	29.30	24.38
Gervais	151.00	149.73
Hubbard	178.86	167.44
Jefferson	215.53	222.06
Mt. Angel	473.95	514.82
Scotts Mills	52.38	51.21
Silverton	1368.81	1455.16
Staryon	439.52	457.46
St. Paul	55.64	58.05
Sublimity	68.86	69.44
Turner	151.21	149.50
Woodburn	929.50	993.79
TOTAL	\$4294.07	\$4477.80

Good Weather Is Promised, Oregon

(Continued From Page 1)

7:15 p. m. and was entirely passed half an hour later.
In Chelan, Wash., two large power lines were temporarily thrown out of operation and Moscow, Idaho, was dark for a short time because of interrupted transmission.

In Spokane half a dozen large trees were snapped and one torn out by the roots. Several windows were broken in the business area.

LOS ANGELES, Calif., June 30.—(AP)—A heat wave giving Los Angeles today its highest temperature of the year—92 degrees—caused one death and left a toll of two prostration deaths in southern California yesterday.

Mrs. Kirkpatrick Dies at Chicago

Mrs. Blaine E. Kirkpatrick, wife of Dr. Kirkpatrick, 6530 Kimbark avenue, Chicago, pastor of the First Methodist church here from 1922 until 1926, died in Chicago yesterday, according to a telegram received here by friends.

Services will be held in Chicago Friday.

Dr. Douglas Will Return August 1

Dr. Vernon A. Douglas, who received a leave of absence last summer from the Marion county health department, will return to Salem sometime during the month and take up his work in the health office about August 1.

Bridges Defeated In Another Move

PORTLAND, June 30.—(AP)—The convention of the Maritime Federation of the Pacific continued here today with broadened factional dissension between adherents of Harry Bridges, district president of the International Longshoremen's association, and his opponents of the Sailors Union of the Pacific, headed by Harry Lundeberg.

During Bridges' absence last night, his aides tried unsuccessfully to force through a resolution attacking the S.U.P. for its opposition to Bridges' resolution calling for recognition of the national maritime federation. The latter resolution was passed in an amended form, making recognition contingent upon leaders of the national federation being elected by referendum rather than appointed.

Spokesmen for the sailors contended that had the original resolution been passed, Bridges would have sought to extend his leadership to the national maritime group and have it designated as the parent organization of east and west coast maritime bodies. The resolution censuring the sailors union was voted down by a large majority, members of the convention press committee said.

Road Oiling Program to Get Under Way Tuesday

Marion county's several times rain-postponed 1937 road oiling program is now scheduled to get under way Tuesday, July 6, County Engineer N. C. Hubbs said yesterday. Most of the first week will be spent in repairing oiled roads around Salem. The first major oiling job will be done on the Jefferson-Talbot road beginning late that week.

Non-High Board's Vote Is Reviewed

Finlay Re-elected; Report Shows Cash Balance Is Over Last Year's

Eugene Finlay of Jefferson was formally declared re-elected to the Marion county non-high school board yesterday when the directors met at the courthouse and canvassed the zone five vote cast at the June 21 election.

Finlay, the only nominee in the zone five in which a non-high school director was to be elected, received 387 votes. There were eight scattering write-in votes and several votes which the board disqualified because no "X" had been marked before the names of write-in candidates. No concerted write-in campaign, however, was evinced by the ballots.

The board will meet again in mid-July to elect a chairman and audit high school tuition bills. Finlay has been chairman the past year. Other directors are Frank Hynes and Ernest Werner, Silverton route two; M. Weinacht, Woodburn route two, and Roy Rice, Roberts.

Cash Balance Higher
The non-high school district closed its 1936-37 year with a cash balance of \$33,213.75 as against \$21,804.41 a year ago, Mrs. Fulkerson, as clerk, reported. Receipts during the year included \$90,481.37 in district tax money and \$62.50 in miscellaneous tuition, making with the carryover a total of \$112,348.28 for the year. Expenditures included \$72,110.41 for high school tuition in this county, \$2113.10 tuition in other counties, \$145.80 incidental and election expenses, \$229.06 warrant

Eastern Hospital Project Awarded

The general construction contract for the new nurses home at the eastern Oregon state hospital at Pendleton was awarded Wednesday to the Duggan-Hammond Construction company of Portland on a bid of \$35,666.

A bid of \$34,796 was received from V. D. Reverman, also of Portland, based on completion in 150 days. The Duggan-Hammond company agreed to complete the job in 90 days.

The plumbing and heating contract was awarded to the Northwest Plumbing and Heating company of Portland on a bid of \$10,800. H. C. Hastorf, Inc., of Portland, bid \$12,270.

Standafar Death Inquest Planned

District Attorney Lyle J. Page yesterday ordered an inquest for 10 a. m. today at the Miller funeral home, Aurora, to investigate the death by shooting of Raphael Standafar, 45-year-old farmer, at his home 2 1/2 miles southwest of Aurora, Tuesday afternoon. Coroner L. E. Barrick, who will preside over the inquest, said a jury would be selected from among residents of the Aurora district.

The district attorney made no further comment yesterday on the case, which Deputy Coroner Virgil T. Golden Tuesday night said apparently was one of suicide.

The gun from which the fatal bullet was fired was a nine millimeter Luger pistol with 10-inch barrel. Deputy Sheriff S. G. Honeycutt, who revisited the Standafar house yesterday and brought away the day bed on which the man's body was found,

Board Agrees to Buy Surplus Flax

The state board of control today agreed to purchase all surplus flax at the Canby, Springfield and Mt. Angel scutching plants at \$25 per ton for No. 1 product and \$12 per ton for all flax under 30 inches in length.

Governor Charles H. Martin stressed the need of additional flax acreage in Oregon. He said the present acreage was not sufficient to supply the local demand. This year's acreage in Oregon was estimated at approximately 3000 acres.

The federal flax subsidy has been increased from \$5 to \$7.50 a ton, the governor said.
