

Boys Saved From Death in Santiam

First Aid Car Assists but Credit Given Pair Who Resuscitate Youths

Pulled from a swimming hole in the North Fork of the Santiam river, about 1 1/2 miles above Me-hama, Albin Eitel, 15, and Vincent Eitel, 17, were saved from drowning by the efforts of Al Shelton, Dallas, and Wayne Ransom, Lyons, Sunday.

The younger of the Eitel brothers, both of Stayton, fell into a deep hole and his brother plunged in after him. After rescuing the two Shelton and Ransom gave artificial respiration until the arrival of the Salem fire department's first aid car, which made the 30 mile trip in 30 minutes. The two were revived after about an hour's work.

- Rescuers Credited
First Aid Officer Charles Charlton said that the artificial respiration given by Shelton and Ransom saved the lives of the two boys. Commenting on the case, Charlton gave several rules to follow in the treatment of persons unconscious through drowning, electric shock or gas asphyxiation. They are:
1. Get patient out of the water, or if gassed, into fresh air.
2. Have someone call a doctor.
3. See that the patient's head is low and his mouth clear and open.
4. Start artificial respiration.
5. As shock often accompanies drowning keep the patient warm with hot water bottles and blankets. This also lessens danger of pneumonia, which often follows near-drownings.
6. After patient is revived watch him carefully to see that he does not again stop breathing. Brain anemia, caused by lack of oxygen in the bloodstream, often leaves a water accident victim unconscious for several hours after breathing is restored.

Atom-Smashing Machine Is Built

Atom smasher - Dr. W. H. Eells

Science and industry have joined hands in an attempt to solve the mystery of the atom, long a challenge to man. A giant machine is being constructed at the Pittsburgh laboratories of Westinghouse Electric under direction of Dr. W. H. Eells, formerly of University of Minnesota and Johns Hopkins. This device is a huge pear-shaped affair with a vacuum tube running down the center through which will be directed an electric current of 5,000,000 volts calculated to smash the atoms in a piece of metal exposed to the terrific bombardment at the bottom of the shell.

Secretary Morgenthau En Route to Hawaii

Secretary of Treasury Henry Morgenthau Jr. (left) is pictured with his wife and children as they were greeted by Alfred C. Cohn, customs collector at Los Angeles. The cabinet official with his wife, two sons, Henry III and Robert Morris, and daughter, Joan, will visit in southern California for a few days before sailing for Honolulu to spend a vacation in the Hawaiian Islands.—I. Fair Prize Lists In Great Demand

Many Signs Point to Best Array of Exhibits in History of Event

Distribution of premium lists for Oregon's state fair, which will open at the fairgrounds here September 6 for seven days, has already exceeded the entire demand for the 1936 premium lists, and with such a lively interest displayed this far in advance of the opening, Fair Director Solon T. White predicts the greatest array of exhibits ever known. Money aggregating more than \$30,000 have been set aside for prize winners in the various departments, including all livestock, poultry, pigeon, rabbit, dairy and poultry products, honey, land products, home economics, floral, photographic art and art displays. Another excellent omen for a greater and more varied fair is given by Leo Spitzbart, assistant fair director, the early demand for commercial exhibits and reservations. All available space in the big machine shed has been contracted and six or more requests for display room here have been turned down due to lack of quarters.

COMMISSIONER'S COURT

The following is the official publication of the record of claims before the Marion county commissioner's court for the July term, 1937, with the amount showed, bills continued, etc., according to the records in the office of the county clerk.

Halsey Man Dead Following Illness

ALBANY—Charles E. Ardry, 78, died at the Albany General hospital Saturday afternoon, July 24, following a lingering illness. Funeral services will be held Tuesday afternoon at 2:30 o'clock from the Christian church in Halsey, Rev. E. Coulter, pastor of the church, in charge of the services. Burial will be in the Pine Grove cemetery.

Mr. and Mrs. F. Starnes will furnish the music and Mrs. Hazel Ackerman, Mrs. Smith and Mrs. Roxie Simpson will have charge of the floral offerings. Pall bearers selected are Henry Brock, Hillard Ackerman, Tom Jackson, Balf Bond, Estes Bass and James Drinkard. The Fisher funeral directors are in charge of the funeral arrangements.

Charles E. Ardry was born June 8, 1859, in Clearfield county, Pa. The greater part of Mr. Ardry's life was spent in Pennsylvania. He came to Oregon ten years ago and located at Halsey. For a time he lived on a farm southwest of Halsey, moving into town several years ago.

Dust Harm Cited In Damage Claim

The county court has received complaints at various times regarding dusty roads but yesterday was the first time it received a claim for damages. No action was taken by the judge and two commissioners on the claim, which was for \$32.38, which Mrs. Dickey, Ashland attorney, stated in a letter, was due Mrs. George B. Icenhower of that city for repairs to her automobile. The car was damaged, the letter averred, as a result of an accident caused by Mrs. Icenhower's being blinded by dust thrown up by a piece of county road machinery.

Dr. Chan Lam CHINESE MEDICINE CO. Natural remedies for disorders of liver, stomach, glands, skin, and urinary system of men and women. Remedies for constipation, asthma, arthritis, sugar diabetes and rheumatism. 20 years in business. Naturopathic physician. 308 1/2 Court St. Corner Liberty. Office open Saturdays and Tuesdays only. 10 A. M. to 1 P. M., 6 P. M. to 7. Consultation - Blood pressure and urine tests are free of charge.

Brothers Make up Cooperstown Nine

COOPERSTOWN, N. Y., July 26.—(AP)—This village, famed as the birthplace of baseball, now claims the additional distinction of possessing a baseball team composed entirely of brothers. E. G. Weir, father and manager of the nine, says the team is open for games with any similar team in the nation—if one can be found. In addition to playing baseball, the nine young Weirs combine with their parents and three sisters to play a mean brand of mountain music. Weir admits,

The battle is on—Erl Roman, famous sportsman, vs. 600 lbs. of savage, fighting, blue marlin! How would your nerves stand up to two hours of this?

ERL ROMAN LANDS A BIG ONE! AQUAPLANE EXPERT. Miss Gloria Wheeden is a typical American outdoor girl. "Yes, I smoke," she says. "Like all my crowd, I enjoy Camels—especially at meal-times."

AS the Miami, Florida, "Herald" said of Erl Roman's struggle with the big fish (above): "The battle was tough. Erl had his hands full staying in the fishing chair." But a sporting spirit and healthy nerves kept Roman going. After a 2-hour fight, he landed the second-largest blue marlin ever taken on rod and reel. "Healthy nerves are necessary for keeping on top. Camels don't get on my nerves," Erl says. Above, right, Mr. Roman enjoys good digestion and a Camel after his tense fight. "I make it a point," he says, "to smoke Camels with my meals and after 'for digestion's sake.'"

Smooth Blending of Costly Tobaccos. Camels are made from costlier tobaccos, in a matchless blend. A mild, cigarette for steady smoking that does not rasp the throat or upset the nerves.

CAMELS NEVER GET ON YOUR NERVES COSTLIER TOBACCOS Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic... than any other popular brand.

Free SAFETY CHECK-UP Maximum safety has been engineered into every De Soto and Plymouth car. This original safety can easily be maintained, through expert service. Drive in now for a free safety check-up. We use genuine parts. Remember, "Safety through Service."
