

Detroit to Open First High School

Standard 4-Year Courses Will Begin Sept. 7, Mrs. Evans Head

DETROIT—This growing winter sports community situated high in the Cascade foothills above Mehana and Mill City

will open its first high school classes on September 7 in a room of the present grammar school building. Detroit, which also recently acquired a first class postoffice rating, has found it necessary to take care of the 14 students of high school age here who have heretofore had to attend school at Mill City and other places.

Mrs. Willow Evans, grade school principal, will also assume principalship of the new four-year high school. Standard courses will be taught. Mrs.

Joan Stayer, primary teacher, will also join the faculty and there will be one more full time teacher who is yet to be named.

In order to make room for the new work, an additional room to the school building is being erected. This room will accommodate 50 pupils, and will be occupied by grades. The high school classes will be conducted in one of the rooms of the old building.

Mr. and Mrs. William Evans are the parents of a baby daughter born August 7. The new-comer has not been named.

Kidnaped Child Foils Captor

Snatched near her home while selling flowers, Dorothy Skinner of San Francisco, 9, recently outwitted her abductor and escaped. Her kidnaper drove up and seized her while her father looked on helplessly from a window in their home. Taking the child to an outlying section of the town, the man made improper advances, Dorothy told police. Distracting his attention for a moment, she leaped from the car and ran to a nearby highway, where she flagged a car and was taken into town. The only description Dorothy could give of her captor was that he had a "black mustache."—HIN photo.

Mennonites Meet Monday at Turner

National Conference Will Draw Representatives From Entire World

TURNER—The national Mennonite conference will be held at the Turner Memorial Tabernacle August 23 to 26.

Representatives from all the United States and Canada and missionaries from India, South America and Africa will be present. Bishop Aaron Mast of Belleville, Pennsylvania is general chairman; Bishop Simon Gieseler of Wayland, Iowa will act as moderator.

The Pacific conference includes the states of Oregon, California and Idaho, with 15 congregations, 1,500 members, 9 bishops, 25 ministers and 12 deacons. The general board meeting is held this week at the Fairview Mennonite church in Albany.

Returned from Denver Miss Lois Gunning returned home last week from a two months visit in Denver, Colo., with Rev. and Mrs. Oswald Jefferson, who drove back to McMinnville to visit Mrs. Jefferson's aged parents.

Rev. Jefferson was pastor of the Turner Methodist church for a year, leaving 12 months ago for Denver. They called on former Turner friends Tuesday.

Canadian Visitors To Leave Gervais

GERVAIS—Mrs. Allen and family are leaving Friday for their home at Ottawa, Canada, after a visit of several weeks at the home of her sister, Mrs. D. L. St. John, and other points along the coast. They plan to go by way of the Lincoln highway as far as Chicago.

Mrs. G. M. Larson of Portland is a house guest at the home of her brother, Eugene V. Myers, principal of the grade school.

Youth Near Scio Dies, Rites Today

SCIO—Funeral services for Donald C. Peery, 25, who died at the family home near Providence Wednesday, are to be held at the Providence church at 2 o'clock Friday afternoon. The young man had not been well for some time. His parents, Mr. and Mrs. Robert E. Peery, a sister, Mrs. Geraldine Becker, and a brother, Cyrus, survive. The deceased was unmarried and had made his home with his parents all his life.

Lane Weinberg is reported recovering from severe scalding a few days ago when the radiator cap on a farm tractor blew off from an overheated motor. The young man's face, chest, arms and left shoulder were badly injured by the heat. Weinberg, who is 19, was working in a field in the Riverview community southwest of Scio. He was in high school in Scio last year. What is believed to be an adequate supply of water was encountered at a depth of 255 feet at the Walter farm on Rodgers mountain. J. E. Evans,
