4-Cent Plus Collapse Is Sufficient to Set Season Bottom

CHICAGO, Aug. 19-(A)-Wheat values collapsed 4 % cents a bushel in Chicago today, and reached a new bottom price record for the season.

Greatly enlarged arrivals of domestic spring wheat northwest, more than triple the quantity a wear ago together with asseryear ago, together with assertions that European importers are turning to Russia for supplies, did much to put the market under pressure.

September wheat led the Cauliflower, Calif., Corn, local, don. ... Cucumbers, local, fi downturn here, dropping to \$1.06%, where it was off 23 cents from the season's high Cucumbers, pickle, recorded a little more than a month ago.

At the close, Chicago wheat futures were 2 %-3 % cents under yesterday's finish. Corn, oats and rye markets sympathized with downturns of

wheat. Excellent demand for cash oats was reported. Rye was also in demand from the consuming trade.

Clouds Over Far Eastern Situation Factor in Day's Weakness

NEW YORK, Aug. 19-(AP)-Darker war clouds over the far east and a break in domestic commodities helped to weaken the underpinning of today's

stock market. With steels and motors under pressure from the start, leading issues finished the day with losses of 1 to 3 points generally. A few were off as much as 6 or so.

The Associated Press average of 60 stocks was off .9 of a point at 68.3. Transfers totaled 762,540 compared with 701,990 vesterday.

Contributing to the wavering sentiment among traders, brokers said, was the expectation that congress will be called together again in November for the purpose of passing measures, many not to the liking of Wall street. which have been shelved in the present session.

Option on Power Firm's Property **Extended Decade**

PORTLAND, Aug. 19-(AP)-The city council, following a threehour hearing, decided today to extend the city's option on the properties of the Northwestern Electric company for 10 years.

The city attorney was instructed to draw up an agreement permitting the city to exercise the option at any time during the period.

Advocates of municipal ownership urged the council to allow plenty of time in which to educate the public in favor of the purchase as a means of distributing law rate power from Bonneville

John H. Lewis, former state engineer, and Monroe Sweetland of the Oregon Commonwealth Federation suggested that provision be made for a public utility district to act under the option.
