-to speed up the work. "The last five years," he said, "the court has been up to date." When the court adjourned for the summer, he said, there were two or three cases in which one of the judges could not sit, and since the vote had been 4 to 4, the docket.

Work on Court Described as "Grind"

"Work on the supreme court is a grind," he said. "Eyes give out and they don't get the sleep they

That, he said, was one of the reasons for establishing the present rules regarding the hearing of cases on writs of ceriorari-a review of a case by the court to determine whether the court will hear the case argued.

"Cases which actually get to the court now are not more than 60 per cent of the cases that used to get there," he said, adding every petition for certiorari is examined carefully. If three judges ask it be granted, it is granted."

"Petitions for certiorari get the very serious consideration of every member of the court. A case where a petition is denied would have no chance in argu-

"The work of the supreme court is thoughtfully done, carefully done; done as well as it could be done by the men who do

"If you could sit through a court conference you would marvel at the understanding of the judges and their familiarity with the cases.

"You never hear of the cases in which there is no decision. Sometimes there is only one 5 to 4 decision in a month, but that case is the only one you hear

"The supreme court is the cornerstone and the foundation stone of our government."

Frederick A. Stinchfield of Mineapolis, president of the American Bar association, praised Senators Burton K. Wheeler of Montana and Joseph C. O'Mahoney of Wyoming for their fight against President Roosevelt's proposal to revamp the court.

Trasient Killed. Train Cut in Half

ALBANY, Ore., Sept. 3 -(P)-Pulling into the station here to-night, the engine crew of a Southern Pacific freight train discovered with surprise they had lost the rear half of the train, in cluding the caboose and a portion of the crew.

Backtracking with the engine, they found the missing half about five miles northeast of Albany.

Near the front of the string lay an unidentified transient who, trainmen believed, had faller from the tan of a car and len from the top of a car and broken the airhose, automatically setting the brakes and breaking the coupling.

The man was brought to an Albany hospital suffering from a broken leg, a lacerated head and internal injuries. He died without regaining consciousness.

Bradley to Speak Twice on Sunday

The controversial subject of the man child and woman and dragon of the 12th Chapter of Revelation will be discussed Sunday after-noon at 2:30 by Evangelist Wallace Bradley in his sermon at the Woman's club, 460 N. Cottage

He will also speek at 7:45 on the subject "Cry of Laborers, and the Howl of Employers." A spe-cial service is planned for Wednesday night in the club room. These meetings are non-demoninational and open to all.

Tieup Spreads Into Oakland

Teamsters to Carry Battle to Latest Front on Wednesday, Word

(Continued from page 1) the tieup might spread to Los Angeles harbor if CIO affiliates did not stop trying to organize truck drivers there.

PORTLAND, Ore., Sept. 3-(AP)

A bullet grazed the ear of Leland O'Bray, CIO sawmill worker, in what officers said was a fight between the contending factions, Mark Holmes, 23, and Jack Estabrook, 31, identified by officers of assault with a dangerous weapon and released on bail of \$1,500 and \$1,000 respectively.

An empty AFL picket boat drifted ashore on the lower harbor, leading police to believe its occupants may have been kid-Another AFL boat was sunk,

its engine damaged and two occupants were thrown into the Willamette river at St. Johns, police were told. The city council, considering a

request of CIO workers for special officers, asked leaders of both factions to appear at the city hall Saturday and present their respective cases. Council Refuses Offer to Pay Specials The council refused the offer

of the CIO group to pay for the special oficers, and gave Mayor Joe Carson authority to approve appointments which, it was understood, would not be needed before Tuesday. Two mills suspended opera-

tion today because fuel, produced as a byproduct, could not be moved.

110 feet back stroke—Won by Britain Moves to **Stop Sub Attacks**

(Continued From Page 1) submarine "pirates" molesting British ships.

Both steps were interpreted in well-informed quarters as evidence that the British foreign ofby Warren Mowr, Bud Mack, fice intends to force a showdown. The British are aroused by the sinking of the British tanker Three Men Die in pedo the destroyer Havock, both 33.3 meters backstroke-Won by unidentified submarines off the Spanish coast. Authoritative sources said the

situation in western Europe as a whole might be discussed at Geneva, taking in Italian Premier Mussolini's determination to "exterminate bolshevism."

Assertions by a u t h o ritative Italian sources that Rome will not attend the parleys, after previous indications that Italy would be eager to be there, brought no official British comment.

But sources close to authority expressed belief that the guns of British diplomacy have ammunition enough to try to make Il Duce change his mind and attend in order to refute popular suspicion that Italian submarines are

Pacific Highway Job South Done

The new five-mile strip of the Pacific highway south of Salem was virtually complete yesterday as a crew working under Harold Blake, contractor, poured the final 200 yards of pavement join-ing the new road with the old highway at the Illihee school. A few hours work are now re-

quired at the junction of the 12th street cutoff, north end of the stretch, where the new road crosses and joins into the old.

The new 22-foot pavement will be rocked on its four-foot shoulders for the one-third of the distance where this has not been done. Continued dry weather should see this done by the time the pavement is cured and opened to traffic about October 1.

Old Mortgage Shown

A hand written mortgage in-scribed on sheepskin 100 years ago Wednesday was exhibited yesterday by D. E. Decker at 211 North Commercial street. The mortgage was given in the county of Down, Ulster province Ireland, September 1, 1837. by Francis Lindsay, farmer, and Robert Lindsay, provision merchant, to James Carruthers, esquire, in exchange for a loan of 150 pounds in British money, the old document indicates. It covered a 40-acre tract of land.

Owners Move off Block for Library

(Continued from page 1) Staleys will move to their new home at 715 North Capitol street, the old Frank Bligh place.

Next will go the home of Mr. and Mrs. Henry Meyers which makes the shortest move of all, just a block north, to the lot next to Miss Mabel Robertson's on Summer and Center streets. The old house formerly occupying this spot has been torn down in the past few weeks. Kay House

To Be Wrecked Mrs. T. B. Kay has already moved to the former U. G. Shipley residence on East Washington street which she purchased some time ago. The old house will be wrecked.

will be moved to the lot just south of the H. L. Stiff home in the 700 block on North Winter Mr. and Mrs. Frank Myers have

staked their claim on the corner of Marion and Winter at the old Johnson place. Wreckage of the original house will begin soon, and their residence will take its

The home of Miss Josephine Baumgartner will go next. First the garage will be taken across the vacated Myers' lot to be sent to its new location on North Summer street between the Henry Cornoyer home and that of Mrs. R. P. Boise. While the house is being moved, basement excavation will be made, and the cement laid while the house is being placed.

The sale of the Patton and Frank Bowersox homes has not yet been completed.

Damsite Cavein

POLSON, Mont., Sept. 3-(AP)-Three workmen were killed today when a cavein at the Polson damsite, in the Flathead river canyon six miles west of here buried them under 10 feet of earth and rock.

Rescue crews tonight had recovered the body of John Mathias, 28, but had not found Paul Innes, 35, and Baptiste Pierre, 41. The men were working in a trenck above the damsite when a 30-foot embankment tumbled

on them. The deaths bring the total of fatalities to 15 since work was Hoyt Street Job started a year ago.

Robertson Notes World Conflicts

The major world problem today is the conflict between various types of government in Europe, Col. C. A. Robertson told members of the Salem Credit association at the weekly luncheon meeting yesterday at the Argo

America can best serve the world at present by trying to make its democracy succeed, at tablishingment of roads in varithe same time bearing with other nations in their trials of radically different forms in efforts to find a way out of economic difficulties, he pointed out.

Col. Robertson stated that

while Americans think of democracy as the only decent political system, the great civilized countries of Europe all, excepting England, have been forced from democracy into communism or one of the 15 different varieties of fascism on the continent.

Mill Creek Dike Will Be Rebuilt

Rebuilding of broken dikes and washed out banks of Mill creek near the penitentiary annex is expected to get under way soon if the county court allows the request yesterday of County Engineer Hubbs for \$300 for the county's share of the work. The Southern Pacific and the city of Salem are both expected to share in the expense.

The dike work protects the outheastern part of Salem, a sec-
