New Instructors For Normal Staff

Miss Brown of Bozeman Engaged as Music Supervisor; Other Changes

MONMOUTH—When the Oregon Normal school opens next Monday a number of newly elected faculty members will take up their duties.

Miss Genevieve Brown of Bozeman, Montana, will serve as an instructor in music and supervisor of music for the Monmouth training school for the coming year during the leave of absence of Miss Grace Maurie Mitchell who is to study for her master's degree. Miss Brown has been supervisor of music for several years in Bozeman and secured the bachelor's degree at the MacPhail School of Music, Minneapolis, Minn., and the degree of master of music from the American Conservatory of Music at Chicago.

Miss Ida Mae Smith has secured a leave of absence for a year to study for her master's degree at Teachers college, Columbia university, New York. Serving in her place as supervisor of primary education will be Miss LaVada Reed who, for the past year, was the first grade supervisor in the Monmouth training school.

Miss Ellen Jane Potter of Monrovia, Calif., has been elected to take the place of Mrs. Hilda Top Grant, who resigned at the close of the summer quarter. Miss Potter secured her master's degree from the University of Oregon in June of this year. She will serve as instructor in physical education and will supervise the physical education in the Monmouth training school.

Miss Eloise Buck returns to the department of English as assistant professor after a year's leave of absence. Mrs. Beulah S. Thornton, another member of the English department, returned to the Normal school for the last half of the summer session after having been on leave for 4½ months to secure her master's degree at the University of Oregon.

Professor H. E. Inlow, formerly president of the Eastern Oregon Normal school, has been added to the staff to serve as professor of history and sociology and to devote part of his time to the general extension division in Portland.

O. C. Christensen, assistant professor of history and sociology, who has been on leave this summer completing the work for his master's degree at the University of Oregon, returns to his duties next week, as does Miss Anne O'Neill who has been traveling in Europe during the summer. Richard L. Averill, who served as a substitute instructor for the spring and summer quarters, has returned to his position in the Pendleton high school.

Miss Eleanor Gill began her duties July 1 as supervisor of health in the place of Miss Alleen Dyer, who resigned recently after five years of service to make her home in Portland. Miss Gill is a graduate of a normal school and also of the public health nursing course at the University of Oregon Medical School.

At the Monmouth training school Miss Lucile Wall returns to the position of supervisor of teaching in the first grade after a year's leave of absence during which she secured her master's degree at Oregon State college. Miss Eleanor Leonard, who last year was on the staff at the Independence school, will be the supervisor in the fourth grade. Miss Neva Dallas will have the fifth grade, and Miss Dora Scheffsky, the sixth grade. Previously, Miss Dallas and Miss Scheffsky have handled all three grades. Other members of the Monmouth training school staff are: Miss Florence Beardsley, eighth grade and principal; Mrs. Phebe Butler Cox, seventh grade; Miss Martha Taylor, third grade; Miss Ruth McClure, second grade.

Miss Pearl Eyre, supervisor of upper grades at Rickreall training school, has resigned, and in

Assails G-Men

Dismissal of Matt Leach of Indianapolis, founder and head of the Indiana state police system, following complaints of the federal bureau of investigation regarding the Leach administration resulted in a sharp attack on J. Edgar Hoover and his G-men by Leach. The latter asked that a senate investigation be made of "the personal ambitions of J. Edgar Hoover" and charged that the federal force not only refused to co-operate with the state police but that Hoover deliberately sought to confound the state authorities in their work.

her place will be Miss Esther Bonnichsen, who comes from Ringsted, Iowa, having secured her master's degree this summer at Teachers college, Columbia university. Mrs. Pauline Jedy will continue as supervisor in the lower grades.

Miss Mary Donaldson returns to the sixth grade supervisory position at the Independence training school after half a year's absence to complete the work for her master's degree at the University of California at Los Angeles. Mrs. Elsie Bolt, who spent the past year at Teachers college, Columbia university, securing her master's degree, returns to the third grade position which Miss Leonard held for the year. Miss Merna Irene Fletcher, seventh grade teacher, resigned recently, and in her place Miss Kay Gardner Carroll of Chicago has been elected. Miss Carroll received her bachelor's degree from Teachers college, and her master's degree this past year from the Colorado State College of Education. Mrs. Harry G. Keeney, one of the eighth grade supervisors, is on leave of absence studying for her master's degree at Stanford university. Other members of the Independence staff are: Mrs. W. F. McBee, fourth grade and principal; Miss Dora Gallagher, first grade; Miss Edith H. Norton, second grade; Miss Dora F. Hendy, fifth grade; Miss Blanche Dunsford, sixth grade; and Miss Henrietta Wolfer, eighth grade.

Normal School Places Majority of Graduates

MONMOUTH—The Oregon Normal school placement bureau reports that out of 235 graduates of this past year, 86 per cent have been placed in teaching positions. By the time all schools are opened at the end of September, it is expected that nearly all of the 235 graduates will be placed. Better salaries will be paid for the coming year than were paid last year. Very few teachers will receive the minimum of \$75 a month, as salaries in the rural schools are now ranging from \$85 to \$135 a month.

This year's graduates are going into practically every county in the state and into all types of schools, from the one-teacher rural school to those districts of the first class. The placement of graduates last year was 99 per cent of a class of 304. For 1934-35 the placement was 98 per cent of a class of 253.
