

### Movie Censor Substitute in

#### Portland's Verdicts Are to Be Accepted, Is New Council Proposal

(Continued from page 1) granted the state liquor commission its request for a private parking space on South High street near State. A few minutes after Alderman Edwin C. Goodenough had warned Alderman E. B. Perrine, street committee chairman, that he was looking for trouble when he recommended special parking privileges, requests for half a dozen more parking zones, from businessmen, were produced from the clerk's file. All six were referred to Perrine's and the police committees combined.

#### Incinerator Bonds Are Sold to State

The council accepted the state bond commission's bid to buy a \$200,000 issue of incinerator refunding bonds at 2.75 and 3.5 per cent interest on 1938-42 and 1943-57 maturities, respectively. E. M. Adams & Co., Portland, bid 3.5 per cent at \$100.80 per \$100 worth of bonds.

Other council acts included: Police and street committees instructed to devise safety regulations for 14th and D streets near new high school; request for construction of new Court street sewage system re-referred to committee on word that City Engineer Hugh Rogers is now making plans for the project; request for two zone changes at 14th and D streets referred to planning and zoning commission.

### Japanese Troops Advance in North

PEIPING, Sept. 20.—(AP)—Japanese troops in tanks and armored trains advanced tonight to within 15 miles of Peiping, important Chinese stronghold in north China.

Steadily driving detachments of suburban Chinese defenders down the Peiping-Hankow railway, Japanese occupied the towns of Kiu-cheng and Anshun.

One of the major engagements of the north China war, probably determining the outcome of that conflict, appeared shaping up at Peiping where large numbers of Chinese soldiers are entrenched.

Japanese military authorities indicated those entrenchments and a vast part of central China would be subjected to extensive air bombing attacks to shatter Chinese resistance.

On behalf of the army, the Japanese embassy notified all embassies, except the United States, that all foreign residents north of the Lughai railroad should display flags prominently on their property.

### Roosevelt's Main Talk Set at Dam

(Continued from page 1) He will depart for Mount Hood at 9:45 a. m.

Governor Charles H. Martin announced Monday that he would meet President Roosevelt and his official party at Bonneville at 9 a. m. March 28, and accompany him to the new Timberline hotel on Mt. Hood loop.

The president probably will spend the night at the hotel and leave there early the next morning for Portland, the governor said.

After a few hours spent in Portland the president and his party will depart for Seattle.

### Madrid Is Shaken By Heavy Blasts As Rebels Attack

MADRID, Sept. 20.—(AP)—A devastating exchange of explosives shook Madrid today from dawn until after darkness.

Tonight the thunder of big guns and mines continued the city's fiercest artillery battle in months.

The Agronomy Engineering school in university city, on Madrid's western edge, was destroyed by government mines. This almost completed the ruin of university city, once one of the finest educational centers of all Europe.

The clinical hospital, nearby, a 2,000-room structure, and several others still stood. Troops of insurgent Gen. Francisco Franco hold the hospital.

HENDAYE, Franco-Spanish Frontier, Sept. 20.—(AP)—Fierce guerrilla fighting by the government's Asturian forces in the mountain wilderness on the Bay of Biscay coast harassed the insurgent drive tonight against Gijon, last government-held port in northwest Spain.

Pittsburgh Leads East Division, Pro Football

NEW YORK, Sept. 10.—(AP)—The Pittsburgh Pirates, moving on the ground and through the air in three quick drives, defeated the Brooklyn Dodgers 31 to 0 before a crowd of 18,000 at Ebbets field Sunday to take undisputed lead of the eastern division of the National Professional Football league.

Obituary

Hart  
In this city, September 20, Clara B. Hart, late resident of Roseburg, at age of 41 years. Survived by widower, Philip M. Hart. Remains being forwarded to Roseburg for services and interment by Walker and Howell funeral home.

### She Beat the Best of Them

Elise Tyson is shown in her speedy outboard craft after winning a heat in the Eastern Division Outboard Championships on the Schuylkill River in Philadelphia.

### Courthouse Finds Favor at Hearing

#### One Dissenting Voice Is Heard; 1600 Names on Petitions Offered

Plans to build a new Marion county courthouse leaped the first hurdle, the initial public hearing, yesterday morning with but one citizen expressing opposition. William H. Nicolson of Salem was the only one of 30 citizens present who voted against the \$550,000 project.

The Marion county bar association favors the new building movement despite the fact that if the old courthouse were retained and it burned down, the lawyers would "reap a golden harvest" from cases instituted to reestablish property boundary lines. Fred A. Williams, president, told the county court.

Petitions bearing more than 1600 signatures of citizens urging the court to proceed were presented by C. A. Sprague. The petitions were checked only until 430 names of taxpayer-citizens had been found, since only 391 were required by law.

The next step will be the calling of a special election November 2 at which the people will be asked to authorize construction of the courthouse and to adopt means for financing the project. A second public hearing identical with yesterday's will be held October 18 to comply with the second of two laws governing such procedure.

### Club 12 to Meet

Townsend club No. 12 will meet at Wesley Hall at 7:30 o'clock tonight.

### Plan Cut for Crop Acreage

#### Government Will Attempt to Keep Output Under 10-Year Average

WASHINGTON, Sept. 20.—(AP)—The Roosevelt administration set out today to hold next year's acreage of major crops below the 1928-37 average.

Officials announced limitations with which farmers will have to comply to obtain federal benefit payments under the existing soil conservation act.

At the same time, they declared congress must enact new crop control legislation to insure effectiveness of the program.

"In the absence of other legislation," said Secretary Wallace, "normal weather conditions over several seasons again will result in accumulation of burdensome surpluses."

E. R. Tolley, chief of the agriculture adjustment administration, added that any large group of farmers might upset the goal of the conservation program if they decided they could make more money by spurning government payments for planting all the acreage they pleased.

Congress already has agreed to give new farm legislation right-of-way at its next meeting, which may be a special session called by President Roosevelt this fall, or the regular session starting next January.

#### Granary Plan Viewed

Wallace and other administration leaders believe the law-makers could back up the present program with some marking quota system or tax, to establish positive production control.

Tolley said the "goal" or acreage limit set up under the conservation program could serve also under an "ever-normal granary" system like that which Wallace urged unsuccessfully at the last session of congress.

The granary plan is designed to stabilize supplies and prices of farm products by government loans on the surplus of major crops. Rigid crop control would be provided for use when stored supplies became so large they threatened to depress prices.

The 1938 conservation program sets definite limits on the amount of major crops and especially of corn, cotton, tobacco, potatoes, rice and peanuts, which may be produced without disqualifying the farmer for benefit payments.

A national "goal" or acreage limit was established for all major crops at 275,000 to 290,000 acres. This compares with an average of 305,000,000 acres in the 1928-37 period.

### Mt. Angel Hop Men Seek Boycott End

Members of the Mt. Angel unit of the Oregon Hop Growers association petitioned Governor Charles H. Martin yesterday to terminate the labor jurisdictional controversy which has prevented the delivery of "red label" beer in Oregon for several months.

The petitioners said 99 per cent of the hops produced in Oregon were sold in the east where the brewers had threatened to boycott the local product.

Under the union restrictions beer sold under the "red label" cannot be delivered in Oregon.

### Repayment Offer Made Council on Damages to Park

#### The city council last night received an offer of \$2730 from the state capitol reconstruction commission as remuneration for the removal of the Willson park bandstand and for alterations in park wiring, plumbing and landscaping necessitated by addition of a west entrance to the new capitol.

The warrant was referred to the parks committee, the park board and the ways and means committee with power to accept it and deliver to the commission a deed for the last strip of Willson park donated to the capitol site last spring.

The council reserved the right to designate a new location in the park for either the old bandstand or a new one that may be constructed in its stead.

### Fistic Carnival's Prospects Bright

#### Three-Title Show Likely to Outdraw Louis and Farr, Announced

By EDDIE BRIETZ  
NEW YORK, Sept. 20.—(AP)—Given a break by the weather man, next Thursday night's fistic carnival at the Polo grounds may outdraw last month's Tommy Farr-Joe Louis heavyweight scrap, both in attendance and gate receipts, promoter Mike Jacobs predicted today.

A very large evening of fisticuffing is promised. For the first time in ring history, three world's champions will lay their titles on the line on a single program and just to add spice to the festivities, there will be another joust with half a champion involved.

Top spot on the program goes to the lightweight tilt between Lou Ambers, the titleholder, and Pedro Montanez, spectacular Puerto Rican knockout specialist.

Next in interest is the 15-rounder in which Chicago's Harry Ross seeks to defend his welterweight crown against the two-fisted challenge of Ceterino Garcia, young Filipino from the far west.

The third champion to do his stuff will be little Sixto Escobar, bantamweight titleholder, who will be pitted against Harry Jera of Baltimore, twice victor over Escobar in over-the-weight matches.

### Paralysis Victim Dies; Respirators Are All Occupied

DENVER, Sept. 20.—(AP)—Mrs. Madeline Squier, 33-year-old Fort Collins, Colo., librarian, died of infantile paralysis today because none of the three children depending for their lives on Denver's three iron lungs could share their respirators.

Mrs. Squier, the oldest of 15 Coloradans who have died during the current prevalence of poliomyelitis, succumbed an hour after she was rushed to Denver.

Her death was the third in Colorado within two days.

### Van Trump Is Mourned Here

#### Horticultural Inspector Is Called at 68; Funeral to Be Wednesday

Samuel H. Van Trump, Marion county horticultural inspector for the past 19 years, died of a heart attack at 6:45 Sunday morning at his home, 1221 North Fourth street, at the age of 68 years.

Funeral services are to be held from the Cough-Barrick company chapel Wednesday at 2 p. m.

A resident of this state since 1901, Mr. Van Trump was born on March 12, 1869, near Richmond, Mo., and passed his early life on a farm in Ray county, near Lawson.

His education was received from country schooling as well as from much reading in literature, the sciences and the classics. He was so well educated at 18 years that he entered the University of Missouri in 1887, graduating in 1892, at which time he had been for two years assistant horticulturalist for the United States experiment station.

#### Directed Exhibit

Before coming to Silverton, Ore., in 1901, he was a Missouri fruit grower and dairyman for 10 years. At Silverton he taught applied science at the old liberal university there for a year. He married Miss Jennie Skene, daughter of William Cline and also an instructor at Silverton in 1902.

He and his bride took a trip to Missouri where he handled the state's exhibit at the St. Louis exposition, being in charge of the Missouri building at the fair.

Mr. and Mrs. Van Trump returned to Oregon after the fair and settled on Mrs. Van Trump's father's old homestead on the Pudding river bottom lands where a successful peach and walnut orchard was planted which is still in existence.

As steward of the Salem grange and lecturer for both Howell and Salem granges, Mr. Van Trump was active for years in grange work. He was also one of the organizers and first members of the Farmers Union educational committee for Marion county, and active in Farmers Union work for several years.

Survivors include the widow, in Salem, two sisters, Mrs. Melissa Van Trump of Elmira, Mo., and Mrs. Maggie Fletcher of Prescott, Ariz., and a brother, John Van Trump of Elmira, Mo.

### Oregon 'Iron Lung' Occupant Gaining

PORTLAND, Sept. 20.—(AP)—The young occupant of Oregon's only "iron lung," Roderick Swearingen, 15, of Springfield, proudly viewed the progress of his recovery today.

The smiling patient can remain out of the lung for six and eight hours at a time, wiggle his toes and use his hands.

"His appetite is good and he is eating normally," said Grace Phelps, superintendent at Doernbecher hospital. "He was disappointed when school opened, but is proud of the long period he is able to spend outside the respirator. It probably won't be long before he is able to take some school work from our part-time teacher."

### Grant no Pinball License Requests In Rural Yamhill

McMINNVILLE, Sept. 20.—(AP)—The Yamhill county court will not grant a request to license pinball games outside of towns where municipal licenses now are in effect, County Judge W. P. Powell announced today.

The court said, however, that no steps will be taken prohibiting the games pending an expected early ruling by the state supreme court.

Under a circuit court order signed by Judge Arlie G. Walker, the sheriff and district attorney are restrained from interfering

### Ducks Polish off For UCLA Friday

EUGENE, Sept. 20.—(AP)—The University of Oregon gridmen tonight worked under the lights of Hayward field in the last full practice session before meeting UCLA at Los Angeles next Friday night.

Coach Prink Callison announced no starting lineup, but said a traveling squad will consist of 23 men. Passing and kicking without bodily contact, made up the practice.
