The cases pending before Latourette were for the most part removed from Judge McMahan's jurisdiction by affidavits of prejudice.

## Question Rancher In Woman's Death

### Wealthy Washington Man Avers He Accidentally Shot Housekeeper

BREMERTON, Sept. 20—(AP)—Charles Fred Miller, 54, reputedly wealthy Seattle rancher, sat in the county jail at Port Orchard while authorities sought evidence tonight to tear down his statement he shot and killed his housekeeper, Mrs. Jeanette Dunbar, by accident last August 20. No death charge had been filed against him late today.

Prosecutor Ralph E. Purves, who had Miller arrested and taken to Seattle for questioning Saturday, was reported out of town, and Sheriff Rush Blankenship declined to comment. His office last month tentatively accepted a theory Mrs. Dunbar committed suicide until a political feud was revived and Mayor Jesse Knabb, the police and Purves' investigators reopened the investigation and caused an inquest verdict that Mrs. Dunbar was slain.

## Chest Popular Leader States

### Advantages of new Setup for Welfare Agencies Told, C of C Meet

Popularity of the newly instituted Community Chest program in Salem is attested by the fact that every person who has been asked to serve on a solicitation team or in any other capacity has accepted, it was declared by Senator Douglas McKay, campaign chairman, at the Salem chamber of commerce luncheon Monday noon.

McKay explained that every business house in town would be asked to contribute in proportion to its volume of business, and that employees would be asked to give one day's pay each, toward the total budget of \$45,000.

W. M. Hamilton, general chairman of Salem Community Chest, Inc., was in charge of the program and introduced Lym an Pierce, president of Pierce & Hedrick, the firm engaged to serve as financial counselors for the campaign. William Gillanders, who will be financial director of the

campaign here, also was introduced.

Started During War  
Mr. Pierce mentioned that his work in this unique field of advising organizations raising money for charitable and character-building activities, began when he was called upon to plan the Red Cross drive during the World war, and then directed that program in all the states west of the Mississippi.

An advantage of a Community Chest program directed by persons experienced in the field, is that cost of raising the money is reduced to around 4 or 5 per cent. Individual agencies raising their own budgets entail costs running as high as 25 per cent, he asserted. The cost here, he said, will be 4.9 per cent.

Mr. Hamilton in opening the program outlined the steps which had led up to organization of the Community Chest.

## Brewery Case Delayed

PORTLAND, Sept. 20—(AP)—U. S. District Judge James Alger Fee today postponed until September 27 hearing to show cause why a temporary injunction sought by the United Union Breweries company of Walla Walla against Dave Beck and the Teamsters' union should not issue.

## Harvesters Back, Seek WPA Tasks

### 27 Formerly on Roll Here Report; Assigned Jobs Upon Water Mains

The trek from orchards and harvest fields back to the WPA offices has begun, according to Blaine Casteel, temporary district supervisor of employment. Twenty-seven former WPA workers who quit to take private seasonal employment applied yesterday for reinstatement on the work relief rolls.

Reinstatement has been promised WPA workers who quit voluntarily and can show need for employment by the work relief organization.

Salem workmen who return to

the WPA are being assigned to the city water department's blanket project, whose major unit is construction of the 12th street-trunk main.

The WPA at present is employing approximately 430 men and women in Marion county and 35 in Polk.

## WOMEN WHO HOLD THEIR MEN NEVER LET THEM KNOW

No matter how much your back aches and your nerves scream, your husband, because he is only a man, can never understand why you are so hard to live with one week in every month.

Too often the honeymoon experience is wrecked by the nagging tongue of a three-quarter wife. The wise woman never lets her husband know by outward signs that she is a victim of periodic pain.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomfort from the functional disorders which women must endure in the three ords of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."
