### Fierce War Rages Over China

#### Armies Launch New Offensive Near Shanghai

Artillery Lays Barrage on Chinese Lines in Fresh Attacks

Hundreds of Civilians Killed in Air Raids on Populous Cities

SHANGHAI, Sept. 26.—(Sunday)—Japanese infantry launched fierce drives today along a 40-mile front from Lotien, north of Shanghai, to the devastated Kiangwan civic center of its outskirts.

Prince Hirooyoshi Fushimi, commander of a Japanese destroyer flotilla, was reported in Tokyo to have been slightly wounded in fighting near the Shanghai waterfront. The prince is the eldest son of Prince Hirooyasu Fushimi, a cousin of Emperor Hirohito.

The new Japanese offensive ended a week's lull during which heavy rain prevented infantry action.

Firmly entrenched Chinese troops counter-attacked, forcing the Japanese to throw newly-landed reinforcements into the fighting. Chinese sources declared that the defense lines, although sorely pressed, remained intact.

The Japanese brought into action the heaviest artillery they have yet unlimbered on the Shanghai front in a combined barrage with air bombers and naval guns.

For the first time since the undeclared war began, the Japanese permitted the removal of foodstuffs and other merchandise from Japanese occupied areas of the international settlement. They had insisted until now that the warehouses remain locked to prevent any possibility of food or material reaching the Chinese army.

Hundreds of motor trucks brought out more than \$10,000 worth of American and other foreign merchandise, including medicines. The heavy flow of trucks caused a serious traffic jam.

Chinese Cities Are Bombed

SHANGHAI, Sept. 25.—(AP)—China's greatest cities, except those under Japanese occupation, were subjected today to devastating bombing by the Japanese air forces, ranging over nearly all the eastern provinces of this invaded land.

Hundreds of Chinese non-combatants died. Property damage ran into millions of dollars. Terror and anguish ruled half a dozen great communities with populations approaching or passing the million mark.

Nanking, the capital, was punished by five successive waves of Japanese air raiders, who remained over the city a total of seven hours.

Denver Is Center To Labor Leaders

DENVER, Sept. 25.—(AP)—Labor leaders from all parts of the nation started gathering in Denver today for the American Federation of Labor convention which starts October 4.

The early arrival of some men has been taken as evidence that the convention will be an open battleground between the AFL and the Committee for Industrial Organization.

William Green, president of the AFL, is expected here next week. The first battle of the convention is expected to start Monday, with a preliminary meeting of the metal trades division. John L. Frey, militant head of the department, said today that he termed communism in the CIO, minimum wage legislation before congress, and CIO tactics used in the metal trades would be discussed.

Frey said today the unions of the metal trades had faced the brunt of the CIO attack and therefore have been thrust to the front as the chief defenders of the AFL.

The metal trades decision is the second largest of the federation.

Deputy Says Letters From Over District Urge Burk to Run; Sheriff Says Roosevelt Should Have Backing of District

That Sheriff A. C. Burk may seek the democratic nomination for first district congressman at the primary election next May was disclosed yesterday when the Marion county officer returned to Salem from an eastern Oregon hunting trip.

Democratic sheriff since January 1, 1933, Burk admitted he had been considering seeing his name put in the race for the first district's position in the national house of representatives but declared he had made no decision.

Sheriff Burk hopes to have administration support if he should run for the office, he said, and expects to confer with Postmaster General James A. Farley when the latter is due to come to Portland in the near future to dedicate a branch postal building. As a member of the reception committee, Burk will be in Portland early this week to help welcome President Roosevelt and his party.

Many party members in the district have inquired regarding the possibilities of Burk's running for congress and comment has been favorable, Kenneth Randall, chief deputy sheriff and reorganizer of the sheriff's office legal department, said. Son of Mussolini Now at Hollywood

HOLLYWOOD, Calif., Sept. 25.—(AP)—Duce's 26-year-old son, Vittorio Mussolini, came to the film capital today to learn the mechanics of motion picture making.

A police guard took him in hand shortly after he stepped down from the plane that brought him from New York, but there was no sign of any anti-fascist demonstration.

The Hollywood anti-Nazi league for the defense of American democracy, however, deplored the presence of the youth by running paid advertisements in film trade papers this morning.

"Today—Benito Mussolini confers with Hitler in Berlin," the advertisement read. "Vittorio Mussolini arrives in Hollywood. He asked for—and received—the privilege of being the first fascist to bomb helpless Ethiopians."

"Anyone has the right to be in America, but we submit that his presence here is not an occasion for celebration or social fetes. Those who welcome him are opening their arms to a friend of Hitler, and an enemy of democracy."

Many were at Union air terminal to welcome the youth. He posed for photographs and after some bashfulness, made a short speech, in broken English, for the newsreels.

The Beavers will contest possession of the loop bunting with the San Diego Padres next week. The effective hurling of Joe Hare, who took over the mound for the Beavers in the first inning after Bill Thomas had granted four runs, including two homers, featured tonight's game.

### Germans Give Big Welcome To Mussolini

Italian Dictator Greeted at Munich by Germany's Hitler

After Formal Visits Party Moves to Mecklenburg to View Army

MUNICH, Germany, Sept. 25.—(AP)—The brown-shirted and black-shirted rulers of Germany and Italy had their first meeting in three years here today and, after demonstrating they were brethren under their shirts, moved on to Mecklenburg tonight for army maneuvers.

Premier Mussolini seemed well pleased with the tremendous welcome accorded him by Reichsfuehrer Hitler in this gaily-decorated, cheering city.

Most of the shouting was for Chancellor Hitler until Max Schmeling, the heavyweight fighter brought here as part of the stage dressing for a display of 400 of Germany's most beautiful stage and movie stars, stole some of the show.

Mussolini and Hitler had little time for political talking but their followers disclosed they managed to at least break the ground in a general way.

There were 25,000 German troops lined up at the station holding back the crowd when II Duce arrived. The two heads of state exchanged formal greetings (Turn to page 6, col. 4)

Church May Split On Profit Motive

CINCINNATI, Sept. 25.—(AP)—A movement to have the Episcopal church disapprove of the profit motive in industry promised today to further split conservatives and liberals at the church's 52nd triennial general convention, opening here October 6.

The movement is fostered by members of the Church League for Industrial Democracy, which has drawn criticism by inviting Homer Martin, president of the United Automobile Workers' union, to speak at the convention.

The Rev. William Spofford, of New York, secretary of the league, has prepared a resolution opposing the profit system.

League members were doubtful whether the resolution would recommend a substitute. Many of them favor the consumers' non-profit system.

Some backers of the resolution feel it will serve to bring attention to the league's campaign to bring the working man closer to the church.

One of the league's objectives is to counteract an opinion the Episcopal church is a communion principally for the middle and upper classes.

Bishop Edward L. Parsons of California asserted "a new order is coming whether we like it or not. We are living in the twilight of the gods of capitalism."

SAN FRANCISCO, Sept. 25.—(AP)—Mobile groups of longshoremen broke through one teamster picket line and escorted fellow workers past others today amid mounting tension in their struggle for jurisdiction over warehouses.

Police made ready for violence when a flying wedge of 700 longshoremen pushed through a 10-ply line of teamsters to escort two stevedore gangs to their jobs.
