Delegation Urges New County Road

Crooked Finger Link With North Santiam Needed Court Is Advised

Construction of an entirely new county road to connect the upper end of the Crooked Finger road with Gates and the North Santiam highway via Elkhorn school was urged by a Scotts Mills delegation which appeared before the county court yesterday. Headed by John T. Plas, the delegation presented petitions bearing 227 gnatures.

The new road, which would penetrate rough, logged off country, would be approximately 10 miles in length, according to the petitions. There is now no road of any sort connecting the Crooked Finger district directly with Elkhorn.

The petitions declare "this improvement is necessary in order to serve the districts in its immediate locality and to give easy access from Portland to the health resorts, the minerals and timber in the North Santiam district, its recreational attractions, the vacational land of the Cascades and the beauties of Mt. Jefferson and permit our citizens to have use of the North Santiam highway to

eastern Oregon." Signed by Eugene Chick of Scotts Mills and 149 others, the largest of the petitions bears names of Scotts Mills, Salem, Silverton, Molalla and Barlow signers. The other two petitions are signed entirely by Portland resi-
