

Wheat Drops Full 3 Cents

Export Purchases Are Low at Less Than Third Million Bushels

CHICAGO, Nov. 3.—(AP)—Collapsing low-price records un-reached before in some cases since 1935, wheat today fell 3 cents a bushel here in general stop loss selling.

Sharp downturns of securities, together with scantiness of export demand from North America, and estimates of domestic winter wheat plantings about equalling last year's big aggregate, all combined to intensify bearish sentiment. New export purchases of North America wheat totaled barely 300,000 bushels, including a little domestic soft wheat from the Pacific coast, but no hard winter grades.

Futures Close Under

At the close, Chicago wheat futures were 1 3/4 cents under yesterday's finish. Dec. 9 1/2-32, Jan. 9 1/4-31, July 8 5/8-28, corn 5/8 off to 1/4 up, Dec. 58 1/2-1/2, May 59 1/2-1/2, July 60-50 1/2; oats at 1/4 1/2 decline, Dec. 30 1/2, and 1/4 showing 1/4-1/2 drop, Dec. 7 1/2.

Provisions results were 5 to 25 cents advance.

Glad Business Is Jeopardized, Is Society's Claim

GRANTS PASS, Nov. 3.—(AP)—Officers of the Grants Pass Glad business society charged today a proposed revision of plant quarantine provisions would wipe out the industry in Oregon.

Josephine and Jackson county bulb sales brought \$250,000 last year.

Growers said a change proposed by Dr. Lee A. Strong, chief of the bureau of entomology and plant quarantine, would permit imported bulbs to be placed on the market immediately after inspection.

They now must first be raised two years as domestic crops.

Stocks Lose Much Ground

NEW YORK, Nov. 3.—(AP)—Under the leadership of steels and motors the stock market beat a broad retreat today, losing 1 to around 6 points.

The rout represented lack of support rather than a concentration bear attack and at times, particularly in late dealings, trading was extremely slow.

Selling in steels, brokers said, was brought on by the gloom in Wall street over the slow pace of steel consumption by other industries. "Iron Age" noted motor makers which had been counted on for new business were still buying on a hand-to-mouth basis.

Gold Stocks Up

Contrasting with the downward drift of the general market was an upswing in gold stocks. It came, analysts said, as the result of recent rumors of an increase in the United States gold price.

The Associated Press average of 60 shares was down 2.3 at 48.9. Transactions totaled 1,028 (210 Monday). Declines numbered 757, compared with 78 advances.
