CHICAGO, Nov. 24-(P)-Faced by intermittent downturns of se- May curities and by unabated dearth Dec. of North American wheat export trade, Chicago wheat values averaged lower today despite spasmodic rallies. modic rallies.

Leading specialists said maintenance of wheat price gains was not to be expected until European buying of United States and Canadian wheat broadened importantly.

World Supplies Grow

Meanwhile, world wheat supplies for the present season were authoritatively estimated as showing 55,000,000 bushels increase over the 1936-37 total. It was explained that a reduction of 210, 000,000 bushels in carryover stocks had been more than offset by 265,000,000 bushels enlargement in the estimated world crop.
