Interesting Facts

Manila is the one city in the world where perishable foods are sold only in central public markets. This custom was started by the public health department to encourage sanitation and to combat epidemics.

According to old records, painted houses created curiosity and comment in the early 1800s, and the practice of painting the so-called "colonial houses" white did not come until the revolutionary period.

The highest temperature ever recorded in the United States was 134 degrees—in Death Valley, California.

Webfoots Return To Their Studies

EUGENE, Ore., Dec. 9.—(AP)—The University of Oregon football team, with a season record of four wins, two in conference games, and six defeats, returned to classwork today after a 12-day post-conference trip.

It won from the San Diego Marines 24 to 7 and lost to Arizona 26 to 6. The squad scored 119 points during the season against 159 for its opponents.

Statements of support for Coach Prince G. Callison were issued by players before the Arizona game Saturday. His contract will be up for consideration on December 17. Students recently organized a "Stan Coach Callison club" to seek his removal.

Grazing Directors Conference Urged

Governor Charles H. Martin yesterday sent a telegram to Secretary Harold Ickes, Washington, D. C., urging a conference between F. R. Carpenter, federal director of grazing, and the state land board and other groups here January 8.

The purpose of the conference will be to discuss the blocking of state grazing lands in eastern and central Oregon.

Thousands Praise Plan of Governor

More than 1000 letters, telegrams and telephone calls had been received at the executive department up to noon Thursday commending Governor Charles H. Martin on his plan for ending the jurisdictional land dispute in Portland.

Only one letter disagreed with the governor's proposal.

Many of the letters were signed by workers who are out of employment because of labor controversies in different sections of the state.
