By ANNE ADAMS You'll be the envy of all your friends when you appear in this most flattering of frocks, Pattern 4677! In newest fashion, and oh so becoming are the soft gathers and delicate shirring of the bodice. Your youthful collar may be worn high about the throat and accented by a dainty, contrasting bow-or turned down to a deep "V" with a bright row of buttons for accent. And do glance at the flared skirt that makes your hips appear so much slimmer! This frock is as much fun to make as it is to wear-so simple to follow is the pattern! Ideal in a monotone
