

### New Teachers' Standards Set

#### Certification Requirements for High Schools of State Adopted

New requirements for certification of high school teachers were adopted at a meeting of the state board of education Tuesday.

The general requirements are: Graduation from a standard college or university and completion of 45 term hours of work subsequent to such graduation.

Minimum of 45 hours of professional work, which shall include all certification requirements as determined by the laws, rules and regulations of the state board of education.

Well-rounded program of teacher education in preparation of each secondary school teacher.

All secondary teachers of whatever subjects shall have background courses in the major fields such as social science, science and language.

All secondary teachers of whatever subjects shall have background courses in the professional field such as child growth and development, adolescent psychology, mental hygiene, curriculum, educational measurements, guidance, etc., which may be counted in the required 45 term hours of professional study.

**Specific Needs Listed**

Specific requirements:

Maximum of six term hours of general psychology as a pre-requisite to educational psychology.

A basic nine term-hour sequence: Three term hours each in educational psychology, secondary education and principles (general techniques) of teaching in secondary schools subsequent to the sophomore year.

A nine ten-hour minimum of supervised teaching required of all students in the senior or graduate year.

Three term hours, or the equivalent, of special methods to be so arranged as to be integrated with the nine term hours of supervised teaching.

**Study State School Law**

Three term hours, or the equivalent, of advanced overview of education required of all prospective teachers in the fifth year subsequent to supervised teaching, provided that if supervised teaching is offered in the last semester or quarter of the fifth year the advanced overview of education course may be given coincident thereto.

Oregon school law and the Oregon system of education shall be taken in the fifth year if possible.

During the fifth year the remaining portion of the 45 term hours of professional work, normally 11 hours, shall be devoted by the student under the direction of the schools or departments of education of the teacher training institutions to one or more fields such as the following:

Clinical, guidance, junior high school, school administration and supervision, vocational education, curriculum, measurements, secondary teaching and history and philosophy of education.

### Virgin Islands Enjoy Economic Recovery

Beautiful St. Thomas harbor

Bell in St. Croix sugar fields

Hauling sugar cane by oxcart, St. Croix

Mild prosperity has returned to the Virgin Islands, United States possession in the Caribbean sea about 60 miles east of Puerto Rico. Long ridden by agricultural depression, the islanders are seeing more money as federal roadbuilding funds pour in and improved shipping facilities increase the tour-

ist trade. Winter visitors to St. Thomas, St. Croix and St. John, chief among the group, enjoy an extremely mild climate. They are also able to study ancient Spanish landmarks and to see the sugar plantations of St. Croix, where oxcarts are used to haul the cane to the wharves.

### Davidson Urges Walton Leaguers Assembled at Silverton's Feed To Support Anti-Pollution Bill

SILVERTON—Opposition to factories along the Columbia river gorge, making the Cascade range into a national forest, examining of applicants for hunting licenses, licensing house cats, and supporting a new bill on anti-stream pollution were among the factors brought out at the Monday night meeting of the Izaak Walton league when members of the league entertained at an oyster supper for Silverton business men and out of town guests.

The affair was given in appreciation of assistance Silverton business men and local organizations gave in the building of the retention pond in the Izaak Walton park above Silverton.

Principal speaker was William Davidson, state president, of Portland. Davidson urged a larger support of the league so that the league would have more influence as such.

"It won't," he said, "cost the manufacturing companies a great deal more to bring the power a few miles from Bonneville and thus save the beauty of the Columbia river gorge. A small body of men cannot have much influence along this line, but a large one can do a great deal."

Urges Support of League

Davidson asked for a strong support of the anti-pollution bill soon to come up. True sportsmanship, he explained, is more than hunting and fishing. It is restoration and preservation of wild life as well. Oregon people, he said, will spend small fortunes on hunting and fishing equipment, but will balk when they are asked to contribute \$3 toward an organization which has largely been responsible for the continued possibility of fishing and hunting in Oregon. He commented favorably upon Governor Martin's renewed membership in the league.

Charles Walker of the state police brought up three points, which he said, looked important from the game officer's viewpoint. First of these was the education of the youth, in which Izaak Walton members can play a big part.

Second point of Walker's program was to urge an examination of all who applied for a hunting license just as an examination was required for a driver's license.

His third point was assistance in destruction of predatory animals, including cougars, bobcats, timber wolves and house cats. The former three, he said, will kill from two to three deer each week. The house cats, particularly strays, and those in many of the rural districts, feed upon coveys of quail and young pheasants.

Jack Gyllenburgh of Silverton, the only boy in Marion county to raise pheasants last year, told of his project in which he raised 18 pheasants.

Tra Carl of Portland, G. L. Gyllenburgh, L. M. Larson and Dr. P. A. Lear spoke briefly and E. C. Mott gave two readings.

Silverton's Izaak Walton pond was favorably commented upon. Ed Overlund is local league president.

**Countywide Seal Sale Returns Reveal Gains**

Returns on the 1937 Christmas seal sales conducted in several county towns were received by the Marion county public health association, sponsoring body, yesterday and in each instance show a substantial increase over last year. These reports included: Aurora \$84.49; Stayton, \$127.08; St. Paul, \$30.15; and Jefferson, \$63.45.

**Guild Gives Program**

DAYTON—The Guild girls of the Baptist church under the direction of Mrs. Maurice Pettit had charge of the Sunday morning services of that church.

**Too Late to Classify**

HOOR OR day work. Ph. 5325.

### Meetings to Deal With Textile Use

#### OSC Specialist to Conduct Series; Will Be Held in County Towns

A series of meetings of interest to Marion county women and dealing with color and line in dress and household textiles were arranged for February and March by the Marion county home interests committee at its meeting held here yesterday with Mrs. Ellen Perdue Buxton, acting specialist in clothing and textiles with the state college extension service.

The meetings and demonstrations in color and line in dress will be held for four days, starting February 22, and the series on household textiles will be for four days also, starting March 8. Tentative meeting places planned are Woodburn, Silverton, Turner and Red Hills.

Members of the home interests committee meeting here yesterday were Mrs. Coble deLepanisse, Mrs. M. M. Magee, Mrs. C. E. Allenback and Mrs. Thomas Bump. Committee members unable to attend were Mrs. Floyd Fox, Mrs. Oscar Lee, Mrs. W. D. Dallas and Mrs. Robert McCall.

### Most of Damaged Roads Are Opened

All but two of the many county and market roads blocked by storm damages recently have been reopened but the task of repairing them will be a long one, county officials reported yesterday. County road No. 443 at a point a mile west of McKee is the scene of heavy retilling operations. It is estimated 2000 yards of material will have to be replaced.

As soon as the McKee road repairs are finished, workmen will move the county's power shovel to Hiller hill on the river road northwest of St. Paul to replace a 40-foot length of washed out fill. The road is not open at present.

Market road No. 73, along Pudding river in the McKee district, is now passable but in bad condition because high water has made it inadvisable to repair a washout.

### Officers Relected by Stayton Mutual 'Phone; Financial Report Good

STAYTON—Officers were re-elected at the annual meeting of the Stayton Mutual Telephone company. The treasurer, E. D. Alexander, reported the organization in good financial condition. The directors are H. J. Rowe, Grant Murphy, E. C. Downing, E. D. Alexander and C. P. Burmester, the officers are: H. J. Rowe, president, C. P. Burmester, vice-president, and E. D. Alexander, secretary-treasurer. Grant Mur-

### Mmes. Speaker of the House

Mrs. William B. Bankhead is the wife of the present speaker of the house of representatives, and the other women in the group know what the distinction means, for their husbands were speakers, too. Left to right, seated, are Mrs. John Nance Garner, wife of the vice president who was speaker of the house from 1931 to 1933, and Mrs. Bankhead; standing, left, is Mrs. Alice Roosevelt Longworth, widow of Nicholas Longworth, speaker from 1925 to 1931, and right, Mrs. Frederick H. Gillett of Massachusetts, whose husband was speaker from 1919 to 1925. All the women in the group are prominent in Washington society.

### Clem Crane Head Of Pension Club

STAYTON—Election of officers at the regular meeting of the Townsend club resulted: Clem Crane, reelected president; W. J. Wright, vice president; Mrs. Frank Lesley, secretary; Edgar Waters, assistant secretary; Mrs. W. A. Riggs, treasurer; advisory board, F. F. Foster, Albert Frank, Frank Lesley, John Steinbrener, Charles Gehlen, and John Van Handel.

Edgar Waters will make arrangements for the entertainment of the next meeting, January 18, at the city hall. The refreshment committee includes: Mrs. Mary Mueller, Mrs. Edgar Waters, and Mrs. W. A. Riggs.

### Sweet Corn Acreage Reported Signed Here For Calpac Cannery

Reports here indicate that the California Packing Corporation had leased considerable acreage of sweet corn plantings as an experiment.

The corporation a few months ago went into the field and obtained several leases covering beans in the Stayton district.

### McCornack Won't Return to Senate

Retirement of F. A. McCornack from the state senate at the end of his present term is announced by the Eugene News. McCornack represents the joint district of Lane and Linn counties, and previous to being elected senator served in the lower house from Lane county. The joint senatorship has alternated between the two counties, under a mutual understanding.

Lane's representatives are uncertain about whether to run again or not. C. F. Hyde may run for congress of the state senate. Ralph P. Laird and Dr. O. A. Waller are not ready to declare their intentions.

One reason attributed for the retirement of Sen. McCornack is his taking the position of manager of the Eugene Fruitgrowers' association.

### Chamber Leaders To Meet Tonight

The first meeting of the board of directors of the Salem chamber of commerce will be held at the club rooms tonight. At this time Pres. B. A. Newman is expected to outline his program for the year.

At the Monday luncheon Pres. Newman pointed out the need of altering and refurbishing and redecorating the chamber quarters, and is expected to present this to the board tonight.

### Grubstake Loans Aggregate \$20,000

Grubstake loans authorized by the state geology and minerals industries department during the period March 1 to December 31, 1937, aggregated approximately \$20,000, according to a report filed in the state budget division Tuesday.

These grubstake loans under the law are restricted to \$50, and shall be repaid with interest in case the borrower makes a strike. Appropriations and receipts of the department aggregated \$100,338. There is a balance of \$57,436.54.

The grubstake loans for the period covered in the report included expenses.

### Ex-Woodburnites Picture Received

In a recent issue of the Nebraska City Press there appeared a picture of Mr. and Mrs. Raymond Gress, formerly of Woodburn, who are now residing in Nebraska City, Neb. The picture showed them standing behind a table full of holly and fruit which had been sent them by their daughter, Mrs. Hattie Trafer of Salem and their son, Joe Paxina of Portland, for Christmas. Mr. and Mrs. Gress lived in the valley for a number of years and have been in Nebraska seven years.

### A SALEM LADY'S CONSTIPATION IS RELIEVED QUICK!

Mrs. Watts, of E. Miller St. Says, "I Feel Like a Different Person Since Van-Tage Relieved My Gassy Stomach and Sluggish Bowels!"

Mrs. Fred V. Watts, of 180 E. Miller St., Salem, is still another widely-known local resident who is publicly praising and endorsing VAN-TAGE, the Remarkable New Compound which is being introduced to crowds daily in this city

MRS. FRED V. WATTS

at the Fred Meyer Trolley & Remedy Shop, 170 N. Liberty Street, by a Special Van-Tage Representative, direct from The Van-Tage Laboratories. Mrs. Watts is a Well-Known Housewife, having lived in this city for the last 26 years, and has a host of friends throughout this vicinity. Read her statement!

### Van-Tage Helped Me From The Very First!

"For 30 years I suffered with my gassy stomach and sluggish bowels," said Mrs. Watts. "My food just laid in my stomach in a big, sour lump and terrible gas attacks would come on me and I'd bloat up around my waist line until I felt like I would burst! I could HARDLY BREATHE! I didn't know what it was to get down and eat a hearty meal like a normal person and what little I ate didn't nourish my system and I lost my pep and energy and felt weak and worn out. My bowels were horribly constipated and refused to move unless I took a strong physic almost every day. I was in constant pain and misery and although I tried in many ways to find relief from my suffering, nothing seemed to help me a bit.

"Then some friends urged me to take Van-Tage, and the way it relieved me is nothing short of wonderful! I never knew any medicine could help a person so quickly. Right from the first it started acting on my upset stomach and clearing away that gassy, lumpy feeling and the awful bloating around my waistline. I have now taken 2 bottles of this Great Medicine and have such a fine appetite that I can sit down and eat a hearty meal and enjoy it. My food nourishes me, too, since so much gas and bloating have been cleared away, and I have much more pep and energy than I had before. Van-Tage also had a fine laxative action on my sluggish bowels and now they act normally. I just feel like a different person, since Van-Tage did all this for me, and I don't feel like I can begin to praise it highly enough."

VAN-TAGE helps clear poisonous wastes from the system in several ways at once, that is, it acts as a carminative, laxative, cholagogue and diuretic, and thus helps cleanse bowels, brings forth gas and bloating from stomach, assists Nature to flush sluggish kidneys and stimulates the flow of liver bile. People write us daily they soon feel like different men and women as a result of the cleansing and invigorating action of Van-Tage. Get this medicine—TODAY!

A Special Van-Tage Representative, direct from The Van-Tage Laboratories, is now at the Fred Meyer Trolley & Remedy Shop, 170 N. Liberty Street, Salem, daily meeting crowds of people and introducing and explaining this Remarkable Compound.

### 'Rosalie' Is Held Over at Elsinore

"Rosalie," which co-stars Nelson Eddy and Eleanor Powell, is being held over through Thursday at the Elsinore.

Twenty-five hundred persons appear in the Romanza number, alone, which was so large that it took 10,000 amperes of electricity nightly to light the 60-acre set where the spectacle was filmed.

Madame Albertina Rasch, after searching the entire country, gathered together 500 of the best ballerines for the number, not to count another 250 tap dancers and 125 acrobatic teams, which the dance director included.

With Miss Powell and Eddy are seen such favorites as Frank Morgan, Edna May Oliver, Ray Bolger, the new European singing sensation Ilona Massey, Billy Gilbert, Reginald Owen and dozens of others.

The story concerns the love and adventures of a West Pointer who follows his girl to Europe only to discover she's a princess. A thrilling series of events brings them together again.

### Tiniest Citizen

Weighing only 34 ounces at her premature birth, Mary Ellen Spital is pictured in the iron lung which has helped her to keep alive since Dec. 12 in a Baltimore hospital. Mary Ellen enjoys the distinction of being the smallest healthy baby to be born in Baltimore. Nurse Crowe looks on.

# Cut Prices on RIVERSIDES!

Wards Famous "Standards"

## For a Few Days Only!

Are you looking for a low-priced tire? Or do you want a quality tire at a low-price? Don't be fooled by price until you know what's behind it! Come in and examine Wards "Standard" Riversides. Husky, deep-cut tread, of long-life vitelized rubber. Cord fabric liquid-rubber dipped for extra safety. Famous non-skid tread design. Not a "price" tire but a quality "long-mileage" leader. These prices for a few days only. Don't delay!
