# Party Affiliation Change Two-Edged

## Republicans May Vote for Martin but Demo can Vote Other Way

Certain republicans' proposals to change their registration for the primary election so that they may vote for Governor Charles H. Martin if he seeks another term, could also work the other way, in the light of letters received here recently.

For example, a letter-writer told a state official that he might also change registration from republican to democrat but if he should it would be for the purpose of voting for the governor's democratic opponent in the primary.

**Labor Leader Writes**  
Another letter, from a prominent labor leader, declared that he also would change his registration but not for the purpose of assisting Governor Martin.

Reports here today indicated that a number of democratic leaders were urging their republican friends to change their registration at the primary election so that they may vote for Governor Martin and place him in the running at the general election next November.

Governor Martin denied emphatically that he had at any time asked or suggested that his republican friends change their registration.

# TELLS OF QUICK RELIEF WHEN HE TOOK VAN-TAGE

"I Had Rheumatic Pains So Bad It Was 'Agony to Walk!'" Says Well-Known Oregon Man. Now He Has Found Relief With Van-Tage!

All over Salem and throughout this vicinity, people are praising and endorsing VAN-TAGE, the Remarkable New Compound which has recently created such a sensation in this city and which

# Rheumatic Pain Due to Poisons in System

"I had been suffering with a gaseous stomach, sluggish kidneys and rheumatic pains for 10 long years," said Hawes. "These awful rheumatic pains seemed to strike me first in one arm and then in the other, and then it would go down into my hips and legs, particularly in my left side, and my left knee and ankle would get so full of pain and soreness that it was agony to try to walk or use that leg in any way. This rheumatic affliction must have been the result of poisons accumulated in my system because my kidneys were sluggish and I had to get up often at night to relieve them, and my back was so stiff and painful that I could hardly bend over at times. My stomach was gassy and upset and my food would lay in my stomach after meals and cause me to bloot up with gas and my waistline felt heavy and depressed.

"A few weeks ago I got some Van-Tage and it has given me the first REAL RELIEF I ever found! My food is digesting much better since this medicine helped to clear out the awful gas bloating and relieve the heavy feeling around my waist, and it also helped to flush my sluggish kidneys so that I can sleep more soundly at night. The awful soreness and aching that I had in my back and across my kidneys has been wonderfully relieved. Best of all, the cleansing action of Van-Tage helped my sluggish organs to dispose of so much poisonous waste that the rheumatic pains and stiffness in my limbs and joints have been greatly relieved and now I can get around much better. I think Van-Tage is a fine medicine to help a person like it helped me, and I'm glad to give it my hearty recommendation."

A Special Van-Tage Representative, direct from The Van-Tage Laboratories, is now at the Fred Meyer Trolley & Remedy Shop, 170 N. Liberty St., Salem, daily meeting crowds of people and introducing and explaining this remarkable Compound.
