

### Electrification of Rural Areas High

Oregon Above US Average, Over 45 Per Cent of Farms Served

Oregon and the Pacific coast continue in the forefront of rural

electrification, it is revealed by the preliminary statistical report on the U. S. power industry for 1937, issued by the Edison Electrical Institute and released locally by W. M. Hamilton, Williams division manager of the Portland General Electric company. More than 45 per cent of all Oregon farms now have electric service. Among farms with dwellings valued over \$500, the proportion electrified is 57 per cent. Over National Average In the 2600-square-mile area in

the lower Willamette valley served by the Portland General Electric company, 85 per cent of all farms and rural dwellings have electric service available. This high electrification compares with a national average of 18.7 per cent. Oregon's growth in population, as well as the extension of electric service to new areas, is reflected in the figures on total residential customers. The number of domestic customers receiving electric service in Oregon increased 6,000 during the year, reaching a new high of 199,800.

### IMMENSE SALES!

Leading Druggists stand amazed and say that seldom in the past have they ever had such a great demand for a similar medicine in their stores.

### 30 INGREDIENTS!

However, after all, this Immense Sale is not unusual. For instance, in the East, where this formula has been known for years, over 20,000,000 bottles have been sold. Third, it was first formulated over 20 years ago by Gilbert H. Mosby and has been CONSTANTLY IMPROVED, ever since that time, by this Famous Creator of Medical Preparations.

### ITS REAL MERIT!

So, in Van-Tage, you have a medicine of Real Merit and that is why this Great Compound is being sold throughout the West. That is why Druggists stand amazed at the Immense Sale of this New Medicine. And still another great point to bear in mind is this, that is, Van-Tage contains no alcohol, no harsh stimulants, no habit-forming drugs—whatever!

### Food Felt Like Big Lump of Gas in Stomach!

MRS. FRED V. WATTS, of 180 E. Miller St., Salem, Oregon, said: "For 30 years I suffered with gassy stomach and sluggish bowels. Food laid in my stomach in a big sour lump and caused gas which bloated me up until I could hardly breathe. I couldn't eat a hearty meal and my food didn't nourish me and I felt weak and worn out. My bowels were constipated and I had to take strong physics. Then I started taking Van-Tage and I never knew any medicine could help a person so quickly! It cleared away that gassy, lumpy feeling from my stomach and the bloating around my waistline. I was having a fine appetite and enjoy my meals and my food nourishes me and I have more energy. Van-Tage had a fine laxative action on my sluggish bowels and now they act more normally. I feel like a different person since Van-Tage did all this for me and I can't begin to praise it enough."

### Sick Headaches Lasted 4 or 5 Days at a Time!

MRS. H. W. KUNKLE, of Box 101, Mill City, Oregon (near Salem), said: "For 15 years I suffered with gassy, upset stomach and sick headaches. My food turned sour and caused awful gas which bloated me up so tight I thought I would burst! The gas around my heart made me feel dizzy and short of breath, and I had the worst sick headaches you could imagine which lasted for 4 or 5 days at a time. At night I was so severe that I had to get up and walk the floor for hours. I thought they would drive me crazy! Then I found Van-Tage and it gave me real relief. My food agrees with me and I don't have gas pains or shortness of breath. That sick, nauseated feeling has been relieved and I don't have sick headaches. No more walking the floor in agony—it's a grand feeling to get a good night's sleep and feel rested in the morning. I think Van-Tage deserves anybody's praise!"

### Couldn't Raise Her Arm Above Her Shoulders

MRS. A. COENENBERG, of 541 Mill St., Salem, said: "For 7 years I suffered with sour, gassy stomach and rheumatic pains. My food soured and fermented in my stomach and I was in misery with gas pressure in my stomach. My bowels were constipated and I had to take strong physics. Besides this I suffered with awful rheumatic pains. They were most severe in my arms, shoulders and neck, and my muscles got so stiff and sore that I couldn't raise my arms without having the muscles feel like they were being torn away. My hands swelled up and got numb and the pain was intense. Then I started taking Van-Tage and I believe I am the happiest person in Salem today. It helped clear away so much gas and sourness that the gas pains and bloating have been relieved and my food digests better. It helped cleanse my sluggish bowels and they act more normally. Even the rheumatic pains and the stiffness and soreness in my neck and shoulders have been relieved and the muscles in my hands and arms have limbered up so that I can use them freely. Van-Tage was really a God-Send to Me!"

### Van-Tage Helps Clear Out Gassy Bloat!

MRS. EDITH WOLFE, of 417 Broadway, Seattle, Wash., said: (Photo of This Widely-Known Lady Appears Above.) "My stomach was in a gassy, acid condition. Food seemed to lay there and sour and ferment and cause so much acid that I could feel it burning in my stomach and throat. Awful gas would form and blast me up until I could feel it pressing against my heart and causing it to palpitate. Sometimes I could even feel those terrible gas pains up under my shoulder blades. I started taking Van-Tage, and oh, how it helped to soothe my upset stomach and relieve the sourness and acid! It helped clear out so much gassy bloating that the pressure around my heart is relieved, making my meals a real pleasure. Van-Tage is a real honest medicine and I am happy to endorse it."
