

FFA Members Tell of Work

Cray Tells of \$146 Profit From Half Acre Lettuce and Carrots

LEBANON—Following a banquet at the Methodist church social rooms Wednesday night the FFA group under the direction of Ira H. Forrey, Smith Hughes instructor in Lebanon high school, presented a program before an audience of parents, high school instructors, members of the school board and other friends were included. Ray Nichols, vice president, presided and introduced the speakers. Supt. Milton Coe; Ira H. Forrey and Albany visitors responded.

Among the outstanding speakers on projects were Franklin Cray who told of the study of the soil of which there are

three classes around Lebanon each with peculiar adaptability to certain standard products. He told of a profit of \$36 on a half acre of lettuce and of \$110 on the same space in carrots and that because of his knowledge from class study he was able to rent 50 acres for projects.

Burl Oakley who carries a dairy and seed corn project states that he makes \$500 a year more than before he applied scientific knowledge to it and that he has a call for seed corn all over the Willamette valley. Robert Stuts, who has received one of the two national farmers' degree conferred in Oregon and one of 75 in the entire U.S. told of the organization of FFA.

Ray Nichols stressed a potato project. G. P. Blinckorn, former Smith Hughes teacher here from Eugene attended the banquet and to join a reunion with the boys.

Officers of the Lebanon group are president, Ernest Tuma; vice president, Ray Nichols; treasurer, Franklin Cray; secretary, Clara McClain; reporter, Clifford

Ray; advisor, I. H. Forrey. Lebanon general hospital reports the birth of a 3 1/2 pound Butters; February 22, a son to daughter to Mr. and Mrs. Lacey February 23, major operation, Mr. and Mrs. Grant Thurtell, Mrs. Mary Toedelmeier of Brownsville.

The Lebanon high school girls' league honored the past president Betty Keebler with a formal dinner Tuesday night. Betty has taken a position in Albany.

Lincoln Group Sates Benefit Card Affair

LINCOLN—An interesting affair for Saturday night arranged by Mrs. Kasper Neiger of Lincoln, president of the West Salem American Legion auxiliary, and Mrs. Jack Jensen, chairman, will be the benefit card party to be given in the recreation hall of Cherry City bakery. Bridge, pinocle and "500" will be played and refreshments served.

Stayton Happy at Arrival of new 500-Gallon-Minute Pumper Added To Equipment Volunteer Firemen

STAYTON—Stayton was all astir with excitement and pride Wednesday over the arrival of the new 500-gallon-a-minute pumper, which was given a 6-hour test Wednesday by representatives from the underwriters laboratories corporation.

Mr. White, engineer for the rating bureau of the national board of Fire Underwriters, Mr. Lawton, manager of the Howland-Cooper Corporation from which the engine was purchased, and H. White, salesman for the corporation, were present at the examination and found the pumper completely satisfactory.

The Stayton Volunteer fire department was organized in 1887 and is the oldest active service organization here.

The bucket brigade was the method of fire fighting in the old days. The volunteer firemen carried the water in buckets and poured it onto the fire to extinguish the flames.

In 1890 the first piece of fire fighting equipment was purchased from Albany. It was a hand pumper, which required 20 men to operate it. San Francisco had purchased it in 1852 at a cost of over \$1500. It is now one of the oldest pieces of fire apparatus on the Pacific coast, and is exhibited each year in the parade of the annual Satiar Spree, a celebration, which the fire department sponsors here, and which has greatly helped make it possible to purchase the new equipment.

Chemical Tank Next
In 1920 the city purchased a chemical tank. A while later the city put in a municipal water system and hydrants and purchased 1900 feet of two and one-half inch hose and several wheel hose carts to carry the hose. This outfit was pulled by the fireman. This was a much more efficient method of fire fighting. In 1924 the Fire Department purchased the present hose, an improvement over the old bell alarm.

In 1932 the city purchased a four-wheel trailer hose wagon, which was pulled behind a car. This was found to save a lot of time and energy in going to fires.

Two years ago members of the fire department decided that an even better fire fighting apparatus was needed, so they started making plans for a means of raising funds for this equipment and evolved the Santiam Spree, which raised \$2000 for equipment. The city council voted to allow \$1500 toward this cause, and the Howard Cooper Corporation were ordered to build the 500-gallon-a-minute pumper, which is mounted on an 8-horsepower motor. More hose will be purchased soon.

A. D. Gardner, senior, past 80, is the only charter member of the original volunteers still doing active service in the department. A. D. Gardner, Jacob Spriet, Henry Smith and Joseph Fisher have been among the outstanding fire chiefs in the last 50 years.

Chris Neitling is the present efficient chief of the department. Other officers are: Frank Stup-

Aurora Women's Club Gives Tea

AURORA—The Washington silver tea given by the Aurora Woman's club at the Presbyterian church Tuesday afternoon, was well attended.

Committees in charge included: Mrs. J. W. Sadler, Mrs. B.

W. Stoner, Mrs. John Kraus, Mrs. E. E. Bradt, Mrs. A. W. Kraus, Mrs. F. A. Renfrew, Mrs. U. Eilers, Mrs. W. C. Grim, Mrs. A. W. Warster, Mrs. H. D. Evans, Mrs. B. F. Giesy, Mrs. W. H. Ehlen, Mrs. W. H. Fearnley and Mrs. James Ogle, assisted by Miss Frances Fearnley.

Mrs. B. W. Stoner, president, introduced the guest speaker, Mrs. Sadie Orr Dunbar, first vice-president of the National

Federation of Women's clubs. Others on the program were Miss Wilson, violinist, accompanied by Miss Dresser, both of Oregon City; violin selections by Miss Lenore Meyers and Miss Elsie South, accompanied by their teacher, Miss Sparks; and vocal solos by Richard Mehlum, also accompanied by Miss Sparks, all of Canby.

The next meeting of the club will be at the home of Mrs. W. H. Fearnley, March 2.

Spring Dance on Club's Calendar

SILVERTON—The Junior Woman's club at Silverton is making plans for a number of social events to be held in the future with the spring dance in April to be the biggest social affair of the season to be undertaken by the Junior Woman's club. Mrs. Ralph Larson is chairman and Miss Lolita Skipper is co-chairman.

Monday night the club will hold a "dress-up" party for members with the committee being Lolita Skipper, Mrs. Joe Hopfinger, Marjorie Smith and Helen Wolback. The club voted \$5 to the library fund for the encyclopedia.

Revival Campaign in Progress at Hopewell; School Event Tonight

HUBBARD—An interesting revival meeting is in progress at the Hopewell Mennonite church, two miles east of Hubbard on the N. E. road. Evangelist George Miller, of Milford, Nebraska is in charge.

The pupils of the White school will put on a free entertainment on Friday night. A picnic will be held after the entertainment.

Community Clubs

HAZEL GREEN—The program for the Community Club Friday night will be furnished by the Melting School of Music. Mrs. Ralph Worden, president of the Community Club, will present to the School Board the stencilizer recently won. Mrs. Alvine Van Cleave is refreshment chairman.

LINCOLN—Lincoln community club will hold the regular meeting Friday night. Free moving pictures are to be presented by Loder brothers.

WALDO HILLS—The Waldo Hills community club will give one of its popular dances Saturday night at the club house with the Mavericks orchestra of Salem furnishing the music. Arranging for the dance are Frank Egan, Dudley Morton and Max Scriber. The public is invited to attend this dance.

A COMPLAINT—

Since we have introduced RED WHITE and BLUE flour every customer who has tried it reports—satisfied and wants another sack of Red White and Blue. But we did get one complaint. Yes, it was from a competitive mill representative who said he didn't like his brand name used in a comparison test and we agree with the gentleman 100 per cent, because we do not want to infer here by any manner of comparison that RED WHITE and BLUE is like any other flour because it's so distinctly in a class by itself. Why? Because it is: First, highest patent flour. Second, milled by the Perfect Plansifter system. Third, it's designed to give you a loaf of bread that is light in texture. Bakes with a golden brown crust and has a nut-like flavor you don't ever want to miss again. Fourth, it's designed to use for cakes, pies, biscuits or pastry. The flour that is in a class by itself.
