American Girl Slapped, Claimed: Protest Is Sent to Official

SHANGHAI, March 6-(Sunday)-(P)-Japanese asserted today 200,000 Chinese defenders of Shansi province were in complete rout, while Chinese reported new successes in north Honan province to the east.

The Japanese claims were on op of earlier reports that 20,000 of Generalissimo Chiang Kai-Shek's soldiers were captured in northwest Honan and another 1800 wiped out in Shansi.

While the central armies fought to keep the Japanese above the Yellow river, Japan's forces along the Yangtze were reinforced apparently for a long-range drive against Hankow, temporary seat of the Chinese government.

While bitter fighting continued for domination of the important Central China railway lines, US Consul Gen. Clarence E. Gauss protested to Japanese military authorities against the slapping of an American, Miss Grace Brady, by a Japanese sentry.
