NATIONAL USED CAR EXCHANGE WEEK IS UNDER WAY

The Automobile Industry Marches On
YOUR GREAT CHANCE TO OWN A BETTER CAR

NATIONAL USED CAR EXCHANGE WEEK
MARCH 5 TO MARCH 12

When you turn to the classified pages of this paper today, you will see that a remarkable thing has happened.

Suddenly you find yourself faced with one of the greatest opportunities you've ever had to drive a better automobile.

Automobile dealers here and in every section of the country are co-operating in one big National Used Car Exchange Week. Never in the entire history of the automobile industry has there been an event like this.

From every angle, this week spells opportunity in capital letters for used car buyers. Automobile dealers have an unusually wide selection and there are many exceptional values. Prices are way below those of a few months ago. This is the right season to buy because the good driving days of spring are just around the corner.

SEE ANY CAR DEALER DISPLAYING THIS SIGN

Many of the cars offered in this one-week bargain sale are 1937, 1936 and 1935 models. For very little money you can have a better used car with important new features introduced in the last few years.

Eleven million cars in this country, built before 1931, are still registered for service. Many lack steel bodies, safe brakes, large tires, many other modern safeguards. If you are driving one, this is your chance to switch to a safer, better car. And think what these fine modern cars offer in pride of ownership and all-around satisfaction. Beautiful modern styling; more room; more comfort; more luggage space; quieter, more powerful engines; better operating economy; quiet gears; ventilation; dozens of conveniences. You may not even need cash to make the switch to a better car. Your present car may cover the down-payment. National Used Car Exchange Week ends Saturday night, March 12. Study the classified pages of this newspaper for the choicest bargains.
