**'WHEN THE FOX PREACHES, BEWARE OF YOUR GEESE'**

—AN OLD PROVERB

In other words, when "bargain" brands beckon, it is well to recall that penny wise is often pound-of-coffee foolish. True economy lies in finding the coffee that is unvarying in the cup... fresh and fragrant and friendly, with unforgettable taste. For sixty years, it has been the aim of Hills Bros. to provide coffee like that. A growing host of users have proved for themselves that Hills Bros. Coffee—The Correct Grind—gives the utmost in flavor in every cup... again and again.
