Answer Filed to Werner Petition

Ernest Werner yesterday answered the petition of his coexecutor, Henry Werner, to have him removed as executor of the John Werner estate, by asserting that the estate had been handled since 1924 entirely by Henry Werner, who allegedly had refused to make any accounting to him. Ernest Werner offered to pay loans of \$500 and \$2500 made to him by the estate when and as directed by the court, according to the answer, and asks that Henry Werner be required to give an accounting and close the estate.

The estate was appraised at \$17,754.62 with a \$700 certificate of deposit added later, the answer says, and the income is required under the will to be paid to the widow.

The answering executor says his knowledge of the estate's affairs is confined to the period before April 30, 1934, during which time \$2938.48 was received and \$754.64 disbursed.
