

Four Members Back Motion

Move Is "Step in Wrong Direction," Asserts Supt. S. Gaiser

(Continued from page 1)

tion was received and accepted by the board last month. For a full half hour after the motion was taken from the table on Director Cupper's motion Superintendent Gaiser put forth strongly his belief in the merits of the position as an essential part of the school system. His remarks were punctuated by sharply pointed questions from Cupper and an occasional one from Dr. Barrick. Gaiser, maintaining that the supervisor's job is a distinctive one as against Cupper's contention that it is duplicatory, summed up his stand in the matter just before the vote was taken.

"If we eliminate the position," he said, "I think we are eliminating a very valuable service and taking a step in the wrong direction."

Cupper in the soft-voiced questions he darted into the throat of Gaiser's plea indicated his belief that the supervisor post handles services that could adequately be taken care of by the principals and the superintendent.

Representatives of the Salem Grange appeared before the board with a proposition that the district take title to two acres of ground owned by the grange in order that a building on the property might be remodeled into a community hall with WPA labor. WPA grants must be applied for by political subdivisions and the school board would receive in return the use of one acre of the ground for agricultural demonstration work in connection with the Smith-Hughes program.

Board Interested in Grange Proposal

The board was favorable to the matter, which was referred to the building and grounds committee. Theo. G. Nelson headed the grange delegation. A request of the Viking safety council, a student organization at Salem high, that recommendations for one hour parking about the high school and for the painting of safety lanes at intersections be forwarded to the city council was also considered. Authorization of the construction of a concrete curb and a fence around the Olinger field running track with WPA labor was made.

Rites Today for Arch Monteith

ALBANY—Arch Monteith, 82, a descendant of the founder of Albany, died at the home of his sister, Mrs. J. V. Pipe, Monday. Burial rites will be held Wednesday from the Fortmillier Funeral home. Burial will be in Riverside cemetery. Dr. J. D. Ferguson will be in charge of the services.

Arch Monteith was born in Albany on July 18, 1855, the son of Thomas and Christine Dunbar Monteith. With the exception of seven years spent in California, he had lived his entire life in Oregon. In his early life he was associated with his father in a flouring mill in Albany. Later he went to Portland where he became associated in the furniture business with a man by the name of Wheeler. He was also book-keeper for a grain exporting firm while in Portland. In 1883 he served on the city council of Albany and was also a member of the fire department. During the past 11 years he had made his home with his sister.

In 1876 Mr. Monteith married Clara Layton. She died many years ago. Surviving is one son, Thomas L. Monteith of Portland, and two sisters, Mrs. Pipe, and Mrs. W. H. Keating of Opaokoa, Iowa.

AFL Pickets for Peace in Crockett Dispute

Precipitating what appeared to be the gravest crisis in the month-old Crockett, Cal., sugar strike, CIO unionists recently reinforced their picket lines, bluntly defying an AFL ultimatum to "clear the streets." Later CIO leaders reiterated their "determination to avoid violence" and indicated they would retire from the field if pressed by AFL forces. Previously, an army of 10,000 building trades workers in the San Francisco bay area, expected to clash with strikers, averted the break when both sides accepted a "holiday." Pictured here is a horde of AFL workers presenting a plea to residents to join in the move for "return to work."—JIN photo.

Stevens Throws Charges at Gill

the Peoples' Power league and for a time a candidate for the democratic nomination for governor, while Gov. Charles Martin had to pay \$125 for a page advertisement.

Perry repeated his charges that Gill had blocked an attempt to publish the Perry platform as a paid advertisement in the magazine and Gill reassured his explanation that grange law prohibited any nominee for the state master's office from using more than a third of a column in the March issue.

A new development was a charge by Perry and a denial by Gill that the grange mailing list had been given to Ben Osborne, secretary of the State Federation of Labor, to obtain support for the AFL in its fight with the CIO.

Perry Reported Slightly in Lead

Unofficial reports said that 29 granges in 10 counties thus far reported gave Perry a slight edge over Gill in their voting. Perry claimed Gill had refused him use of a mailing list to send his platform to grange members.

The Red Hills grange last night cast a 24 to 19 vote in favor of Grangemaster Gill over Perry. At the same time it gave the same vote to G. W. Thiessen over Morton Tompkins, incumbent, for the position of overseer.

Three Held in SE Narcotics Drive

SAN FRANCISCO, April 12—(AP)—Treasury operatives held two men and a woman here today as federal and state officials joined in what they said was a drive to break a big illicit drug ring in San Francisco. This containing \$40,000 worth of smoking opium were seized here yesterday.

The woman, Rose Ogilvie, 28, was ordered held under \$25,000 bond after appearance before the United States commissioner on a charge of violating the Jones-Hillier act dealing with receiving and selling narcotics.

The men, under arrest were named by William G. Walker, chief enforcement officer of the state division of narcotics, as Robert Pinson, 39, and Andrew Horvath.

The opium was seized shortly after the barge transport Chaumont docked here after a trip from China, Hawaii and Honolulu. Pinson was a baker aboard the Chaumont, and Horvath was the ship's mail orderly.

Ford stood beside Mrs. Clara Bryant Ford as 700 invited guests assembled to celebrate their golden wedding anniversary. A hundred of the guests were early friends and schoolmates of Mr. and Mrs. Ford in the days when the \$35-a-month mechanic was courting Clara Bryant, to whom he was married 50 years ago yesterday.

Tonight's reception was the publicly-organized part of the anniversary celebration. Last night 500 guests greeted the Fords at the home of their son, Edsel Ford, and his wife.

Rep. Lyons Is Nominated on GOP Party Slate for Senatorship

the race for the county judgeship—and, officer of paramount importance since the election machinery is under its jurisdiction. Republican Contest Easily Won

State Representative Richard J. Lyons of Libertyville, republican candidate for the US senatorial nomination and top man on a regular ticket which gained the support of harmonious party organizations, won the nomination easily on the basis of incomplete returns.

Lack of contests on the republican side was regarded as responsible to a large degree for the comparatively small vote in that party's primary, although the GOP chieftains had urged an impressive turnout to betoken opposition to the Roosevelt administration.

It was indicated the big majority of the votes in Chicago were cast in the democratic contests with the electorate attracted by a forthright fight based on mutual charges of "bossism."

Negro Killed in Political Argument

Babe Perry, negro, was slain in a political argument with another negro in Chicago. A free-for-all fight in which several women participated developed in a south side polling place over a vote challenge. Several precinct workers were assaulted.

Minor disturbances over registrations and the right of voters to switch party allegiance were frequent as watchers of the rival democratic factions and special police scrutinized the balloting.

Dubinsky, Lewis Peace Intimated

WASHINGTON, April 12—(AP)—The CIO set up its first permanent committees today and handed the chairmanship of the housing group to David Dubinsky, president of the International Ladies Garment Workers.

The appointment attracted unusual attention in labor circles because it followed reports that Dubinsky's union would secede from John L. Lewis' organization if the CIO were established on a permanent basis as a rival to the American Federation of Labor.

Dubinsky denied his union had any intention of withdrawing at present, but said he would call a special meeting of his executive board to decide on the union's policy in event the CIO conference voted to form a rival federation.

Capital Tax Foes See Victory Near

WASHINGTON, April 12—(AP)—Senate foes of the undistributed profits tax and other administration-approved business levies claimed the upper hand today when the "third house" of congress took over the \$5,340,000,000 tax bill.

A conference committee was appointed to adjust differences between the house and senate over the legislation.

Senate conferees—unanimously against the undistributed profits tax—said they would not agree to any compromise which would restore even its framework to the bill.

Davey to Run Again in Ohio

Following an hour's speech at Youngstown, O., in which he announced his candidacy for re-election, Gov. Martin L. Davey of Ohio is surrounded by admirers. Davey, an anti-New Deal Democrat now serving his second term, probably will have the opposition of two other candidates in the democratic primary. Only one other man has served three successive terms as Ohio governor. He is Vic Donahay, now U. S. senator from Ohio.

tration should let business alone. Garner denied having given such an interview, the president added, and that was all there was to it. Meantime, on Capitol Hill, some usually well informed legislators were inclined to doubt that Mr. Roosevelt would recommend "pump-priming"—that is, pull-ays for heavy public works, slum clearance and the like—in his coming message to congress on relief spending and the general economic situation.

The message, Mr. Roosevelt said at his press conference would go to congress Thursday. Close friends of the vice president have repeatedly described him as opposed to "pump-priming." Some were disposed to interpret Mr. Roosevelt's statement, that he and Garner had not disagreed on that subject, as meaning that no "pump-priming" recommendation would be made. A new public works program has been under consideration by the president, however, and its advocates continued to hope for his approval.
